

17th St. CANAL

Cost Estimates (0 contingencies)  
(0 E&D, S&A)  
12/6/83

S&amp;WB Original Proposal \$14,400,000

S&amp;WB Orig. Prop. to HLP standards \$25,500,000

\* Corps HLP with no Drainage Imp. \$19,400,000

\* This is not a <sup>total</sup> cost for a HLP on the 17th St. Canal.

Excluded are: (1) Upgrading of Pumping Sta. No. 6 to resist hurricane forces (2) additional F/W reach north of Hammond Hwy. bridge on West side of Canal (S&WB work stopped at this location). (3) necessary hurricane protection at roadway crossings (I-10, RR bridge, Veterans Hwy., & Hammond Hwy.)

Cost Estimates are subject to change as a result of the test section results to be performed by the S&WB.

Corps ALT HLP with no Drainage Imp

\$21,900,000
