“America’s merchant mariners make our Nation more secure and our economy stronger. Throughout our history, they have promoted commerce and protected our freedom . . .” “Merchant mariners have served in every conflict in our Nation’s history. The U.S. Merchant Marine helps provide our Nation’s Armed Forces with crucial supplies and equipment. These brave men and women demonstrate courage, love of country, and devotion to duty.”

~ President George W. Bush

Merchant Marine Flag

“Every man in this Allied command is quick to express his admiration for the loyalty, courage, and fortitude of the officers and men of the Merchant Marine. We count upon their efficiency and their utter devotion to duty as we do our own; they have never failed us yet and in all the struggles yet to come we know that they will never be deterred by any danger, hardship, or privation. When final victory is ours there is no organization that will share its credit more deservedly than the Merchant Marine.”

~ Dwight D. Eisenhower, General of the Army

*Reaching Out To U.S. Mariners*

Mariners board vessel during activation

The Mariner Outreach System (MOS) was developed by the Maritime Administration (MARAD) as a service to U.S. merchant mariners who through their qualifications, job skills and experiences contribute to the overall economic interests and national security of the United States.

Mariners worldwide who have agreed to participate either through the U.S. Coast Guard's Application for License/MMD or the MOS will have an opportunity to re-view their U.S. Coast Guard qualifications/ sea service and update their contact information.

The MOS is important and will help MARAD understand mariners and their willingness/availability to sail during a seafight crisis.

**Participation in MOS in NO way obligates a mariner to sail.**
