

PROGRAM MISSION

To provide advanced training in ambulatory care to residents with an interest in academia

PROGRAM DESCRIPTION

The PGY2 Ambulatory Care Residency is offered by the UGA College of Pharmacy and Charlie Norwood Veterans Affairs (VA) Medical Center. It is a 12 month specialized program designed to develop an expertise in ambulatory care disease state management. The resident will provide patient care primarily at the Athens VA Outpatient Clinic. Opportunities for elective rotations at other sites are available and encouraged. Rotations will be longitudinal in nature. A secondary focus of the program is in teaching and academia. Residents will be able to take advantage of the strengths of the UGA College of Pharmacy and gain experience in a variety of teaching activities.

PATIENT CARE

Primary practice site:
VA Outpatient Clinic
Athens, GA

Clinic Opportunities
