UNITED STATES
DEPARTMENT OF VETERANS AFFAIRS

Sarasota Community Based Outpatient Clinic

Primary Care is a fast growing specialty in health care today. While at Sarasota, the primary care resident will experience a wide variety of clinic exposure including anticoagulation, diabetes, hypertension, hyperlipidemia, and more. In these clinics, the resident will obtain direct patient care experience. The resident will develop as an independent practitioner and will design, monitor, and evaluate patient specific therapeutic regimens.

The program offers a competitive stipend, vacation and sick leave. Healthcare benefits are also available.

Residency Description

The Sarasota CBOC Primary Care Residency emphasizes ambulatory care pharmacy. Throughout the PGY-1 residency program, the resident will develop as an independent practitioner. The resident will design, monitor, and evaluate patient specific therapeutic regimens. In the Pharmcare PACT clinic, the resident will train as a primary care provider managing disease states including diabetes, hypertension, congestive heart failure, and hyperlipidemia. The resident will also manage and monitor anticoagulant therapy in an clinic setting.
