

Pharmacy Practice Residency

OVERALL PROGRAM PURPOSE

The mission of the VAMC Martinsburg Pharmacy Residency Program is to develop competent pharmacists professionally equipped to serve as clinical pharmacy specialists in a variety of practice settings. A graduate of this residency program will be an experienced practitioner in ambulatory care and internal medicine. Graduates of this program will also have a firm grasp of management and the pharmacist's role and function in a medical center and the community. This residency will instill graduates with enthusiasm for the profession, problem solving, and personal growth, while holding them to the highest ethical standards. This residency graduates pharmacy leaders who are dedicated to a career of pharmacy service and have potential for future development to assume the uppermost responsibilities of leadership and citizenship in the medical community.
