

Seoul American Elementary School

Did you know there are services available for your child?

DoDEA provides Special Education and related services to children 3-5 years of age with developmental delays and disabilities. PSCD stands for Preschool Services for Children with Disabilities. Preschoolers with disabilities may receive individually tailored special education and related services in a variety of settings utilizing the appropriate service model for a particular child. If a child qualifies, services are determined by the Case Study Committee and specified on the Individual Education Program (IEP). PSCD is NOT a preschool program. Teachers who provide PSCD services, as well as related service providers, share joint responsibility with the parents of individual children for the child's progress.

If your child has an existing IEP, please see the contact information below. If you have a concern about your child's development in the areas of: communication, cognition, motor skills, social/emotional and/or self-help, please contact us to schedule a screening . You can reach Sharon Mellon at the following email address: sharon.mellon@pac.dodea.edu or call the SAES school office @ 736-4613 / 736-5978.
