Guidance to Dhows

PREVENT PIRATE ATTACKS

- Keep sharp lookout 24/7 – see and alert
- Attack-skiffs sighted:
 - ✓ move away at full speed.
 - ✓ Sail into the wind and sea to make their navigation more difficult.
- Keep away from unidentified ships
- Avoid stopping at night, be alert and maintain bridge, deck and engine-room watch
- Keep engine ready for start-up
- While navigating or drifting at night, use only the mandatory navigation- and safety lights
- Reduce the use of VHF to a minimum
