Contract capacity not to exceed \$10 million over 5 years

Corps of Engineers awards ID/IQ contract for general engineering, design services to Cambridge company

CONCORD, Mass. – The U.S. Army Corps of Engineers, New England District recently issued an Architect-Engineer (A-E) General Engineering and Design Services Indefinite Delivery/Indefinite Quantity (ID/IQ) contract with a contract capacity not to exceed \$10 million over five years to a Cambridge, Mass., company.

The contract is to provide labor, materials and equipment to support A-E services at various locations in the Corps' North Atlantic region, with work primarily to be performed within the boundaries of the New England District mission areas.

The contract is for a base period not to exceed one year and four, one-year option periods with a total contract capacity not to exceed \$10 million over the five years.

The contract was awarded to Kleinfelder Northeast, Inc. of Cambridge, Mass., on Dec. 18, 2012.
