No. 16-10
October 20, 2010

Statement by

Steven E. Calvery, PFPA Director

Regarding

Shots Fired into the Pentagon

“The investigation continues into gun shots fired yesterday morning into the Pentagon. It has been determined that at least six shots were fired. As previously stated, two exterior windows were impacted by bullets. Upon investigation it has been determined that four other bullets hit the Pentagon’s façade.

All crime scene evidence obtained is being evaluated by the FBI lab. Video footage from the Pentagon, surrounding buildings and roadways are being reviewed. Ballistics review is ongoing. The Pentagon Force Protection Agency is the lead investigating agency and is working very closely and jointly with the FBI, Joint Terrorism Task Force, Virginia State Police, Arlington County and Prince William County.”
