## Section 2 - INTRODUCTION RESERVE PERSONNEL, MARINE CORPS

Sharing fully in the Total Force concept, the Marine Corps Reserve provides one third of the manpower and one fourth of the structure available for mobilization. Our Ready Reserve, consisting of the Selected Marine Corps Reserve (SMCR), and Individual Ready Reserve (IRR), is the primary source of this manpower. The preponderance of SMCR personnel are from the Marine Forces Reserves (MARFORRES), which includes the Fourth Marine Division (MarDiv), Fourth Marine Aircraft Wing (MAW), and Fourth Force Service Support Group (FSSG). MARFORRES utilizes combat, combat support, and combat service support forces which are ready to provide trained units and individuals needed to bring the active Fleet Marine Force to full wartime capability. The remainder of the SMCR consists of Individual Mobilization Augmentees (IMAs) who will fill mobilization billets within the active force which are considered critical requirements within the first ten days of mobilization. The IRR consists of members of the Ready Reserve who are not required to attend mandatory drill or training but may attend on a voluntary basis. IRR is subject to mobilization.

The Reserve Personnel, Marine Corps (RPMC) appropriation provides the required funding to assure accomplishment of the Marine Corps Reserve mission to provide trained and qualified units and individuals to be available for active duty in time of war, national emergency, and at such times as national security may require.

Effective 1 January 1998 Basic Allowance for Housing (BAH) will replace both Basic Allowance for Quarters (BAQ) and Variable Housing Allowance (VHA) and will be fully implemented for Fiscal Year 1999 on 1 October 1998.

In addition to employment of SMCR units, Individual Mobilization Augmentees (IMA) will support key mobilization billets within the active force on, or shortly after, Mobilization Day (M-day). Members of the IRR serve as the prime source of qualified individuals to fill shortfalls in Active Reserve units.

Total force manpower requirements are continually being reviewed so that the force structure is consistent with the threat while supporting the national military strategy. The Marine Corps Reserve end strength requirement for FY 1998 and FY 1999 is 40,855 and 40,018 respectively.

The RPMC appropriation specifically provides for pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Marine Corps Reserve on active duty under Section 265 of Title 10, United States Code, or serving on active duty under Section 672(d) of Title 10, United States Code, or undergoing reserve Training, or performing duty specified in Section 12310 of Title 10, United States Code, or undergoing Reserve training, or performing drills or equivalent duty as authorized by law under the United States Code (USC). Purpose and Scope

Pay Group A identifies Selected Marine Corps Reserve personnel authorized to attend 48 Inactive Duty Training (IDT) periods and 15 days Annual Training. Additional IDT periods are authorized for selected personnel for improvement of individual and unit mobilization readiness, unit administration and maintenance, and aircrew training and qualification.

IDT periods are conducted as multiple drills of a minimum of eight hours duration (counting as two drills) or a maximum of sixteen hours in one weekend (counting as four drills). Scheduling of multiple drills provides a greater opportunity for field training. Funds requested are based on 90% attendance at training assemblies for officers and enlisted personnel respectively. Personnel in the Selected Marine Corps Reserve are authorized 14 days annual training, exclusive of travel time. Reservists normally accomplish this training with the units to which they are assigned for mobilization. Funds requested are based on an average tour length of 15 days for 91% of the average officer strength and 77% of the average enlisted strength.

Additional IDT periods are used for the following purposes;

- (1) Additional Training Periods (ATPs): For units and individuals to accomplish additional required training as defined by a unit's wartime mission.
- (2) Readiness Management Periods (RMPs): For the support of the operation of the unit, unit administration, training preparation and maintenance.
- (3) Additional Flight Training Periods (AFTPs): For aircrew members to conduct aircrew training and qualification training to maintain proficiency and sustain mobilization readiness.

Funds requested include 28,956 ATPs and RMPs for Fiscal Year 1999 for the above listed purposes. A total of 16,147 drills in FY 1999 are programmed for use by officer and enlisted aircrew members.

Pay Group B identifies Selected Marine Corps Reserve personnel authorized to attend up to 48 Inactive Duty Training Periods (drills) and 13 days Annual Training as Individual Mobilization Augmentees (IMA's). These personnel are preassigned to fill mobilization billets on or shortly after M-day. Billets to be filled are broadly categorized to include Fleet Marine Force augmentation, non-Fleet Marine Force augmentation, SMCR unit augmentation, mobilization station personnel, and mobilization support.

In FY 1997, Mobilization Training Units (MTUs) were included in the workyear data. These individuals do not perform drills but do perform annual training.

Part I - Purpose and Scope

Title 10, United States Code, Section 511, authorizes a program whereby non-prior service personnel may enlist in the Marine Corps Reserve for a period of eight years, of which not less than twelve weeks must be spent on initial active duty for training. Funds requested in Pay Group "F" are used for pay and allowances and other personnel costs incurred during this period of initial active duty training. All trainees are enlisted for a pre-identified Military Occupational Speciality (MOS) and receive recruit training at Marine Corps Recruit Depots, during which time they are integrated with Regular Marine Corps Recruits. Aviation trainees proceed to formal schools conducted by the Marine Corps and other services. Ground trainees proceed to either technical, specialist, or Military Occupational Speciality Training.

Purpose and Scope

This program augments initial active duty training and other previously attained skills by providing additional instruction in a broad range of subjects to Ready Reserve personnel. Career development courses such as Command and Staff, Amphibious Warfare, Staff NCO Academy, and Amphibious Planning keep the reservists proficient in new weapons, doctrine and techniques. Refresher programs bring a reservist up-to-date in his particular Military Occupational Speciality (MOS). This program also provides necessary formal training for individuals assigned a different MOS or for units assigned a new mission. Aviators in tactical flying units receive biennial refresher training and training for transition to new aircraft through this program. Individual Ready Reservists receive professional and occupational field training through this program as well.

DETAIL OF REQUIREMENTS -- SCHOOL TRAINING

(Amounts in Thousands)

REFRESHER AND PROFICIENCY TRAINING: Provides formal school training necessary to attain and maintain the required level of proficiency in a specific Military Occupational Speciality (MOS) for which a member has been initially qualified. Examples include courses such as artillery refresher, tank refresher, jungle operations, embarkation, and administration. These workdays are also utilized for qualification training for aircrew members in specific aircraft; to satisfy ground requirements necessary to maintain flight proficiency and maintenance requirements; and for "hands on" training in the actual performance of those skills peculiar to an individual MOS.

RESERVE COMPONENT PERSONNEL ON EXTENDED TOURS OF ACTIVE DUTY

Section 265. Policies and Regulations: Participation of Reserve Officers in Preparation and Administration

"Within such number and in such grades and assignments as the Secretary concerned may prescribe, each armed force shall have officers of its reserve components on active duty (other than for training) at the seat of government, and at headquarters responsible for reserve affairs, to participate in preparing and administering the policies and regulations affecting those reserve components. While so serving, such an officer is an additional member of any staff with which he is serving."

Section 678 Reserves: for organizing, administering, etc., reserve components

(a) "A Reserve ordered to active duty under section 672(d) of this title in connection with organizing, administering, recruiting, instructing, or training the reserve components shall be ordered in his reserve grade. While so serving, he continues to be eligible for promotion as a Reserve, if he is otherwise qualified."

(b) "To assure that a Reserve on duty under subsection (a) receives periodic refresher training in the categories for which he is qualified, the Secretary concerned may detail him to duty with any armed force or otherwise as the Secretary sees fit."

Part I - Purpose and Scope

Funds are for the payment to the Department of Defense Education Benefits Fund, a trust fund. The program is governed by Title 10 U.S.C., Chapter 106. This program will fund educational benefit payments in their entirety for eligible individuals from the Selected Reserve. The program is budgeted on an accrual basis. The Veterans Administration pays individuals from funds transferred from the Trust account.

All individuals enlisting, reenlisting, or extending for not less than six years in the Selected Reserve after July 1, 1985, are eligible to receive educational assistance. The individuals must also meet initial training and high school diploma or equivalency requirements. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization and partially offset by an estimate of interest earned on investments of the Education Benefits Fund. The program will provide for funds adequate to allow for one of three levels of assistance. These levels are \$197.90 per month for full-time educational pursuit, \$148.42 for three quarter time pursuit and \$98.95 for half time pursuit. The maximum total benefit that can be paid is \$7,124.40.

The following table displays the actuarially based estimates:

Part I - Purpose and Scope

Provides for pay, subsistence, travel, and clothing for the Platoon Leaders Class (PLC) and the Woman Officers Candidate Class. These personnel attend two periods of summer training and upon completion of training and graduation from college are commissioned in the Marine Corps Reserve and assigned to active duty for three years. Pay and subsistence rates are based on the actual number of days trainees are on board during the applicable fiscal year. Travel and clothing costs are based on the number of students entering training during the applicable fiscal year. Funds to cover PLC subsidy authorized by Public Law 92-172 are also included. This category also provides for clothing for Naval ROTC students and Naval Academy Midshipmen, under the Marine option program, who receive a clothing issue while attending their single period of Marine Corps summer training - Officer Candidates' School (OCS). Pay and subsistence for these personnel is not included in this category because as Naval ROTC students and Naval Academy Midshipmen, they are paid with Navy funds.

In FY 1999 initial start up for the Tuition Assistance Program is provided.
