CONTINUOUS SCHOOL IMPROVEMENT TIP OF THE WEEK

To assist you in helping your child with the Lajes E/HS goals, we will be sending out a weekly CSI (Continuous School Improvement) Tidbit. Please see below authentic strategies that you can work on with your child.

Goal 1: All students, by 2014, will increase their proficiency in critical reading through improvement in analyzing text in all content areas as measured by system-wide and school based assessments.

- Have members of the family write one noun on 2 index cards. Put the cards in a pile and create a story using those words.

Goal 2: All students, by 2014, will increase their proficiency in math through improvement in number relationships and application across the curriculum as measured by system-wide and school based assessments.

- Drop a pile of toothpicks close together on the table or floor. Have your child find all the geometric shapes. Instead of toothpicks you can use pickup sticks or straws.

In addition, you can help the school by sending a response email, telling us how you are working on the above strategies at home or photos to help us document evidence of your child working on the goals at home!
