

Walk-in Services

Did you know that Blanchfield Army Community Hospital patients can receive many health care services on a walk-in basis or by telephone consultation?

To find out if you can save time with a telephone consult or walk-in care, contact BACH's Call Center at 931-431-4677 (HOSP) or 270-798-4677. The Call Center can assist patients in deciding whether they can be served on a walk-in basis, by telephone consultation or if an appointment is necessary. Walk-in services are available Monday through Friday from 8 a.m. to 3 p.m. Medical providers are at lunch from 11:30 to 12:30, so patients are welcome to check in during this time but may have to wait longer for walk-in services.

The following services are available as a walk-in service in your assigned clinic unless noted:

Suspected:

- Strep Throat (patients 2 years old and older)
 - Diaper Rash (patients less than 2 months old)
 - Pink Eye (1 to 25 years old)
 - Ringworm (other than on the scalp)
 - Pinworm (patients 2 years old and older)
 - Thrush (patients one to 12 months old)
 - Yeast Infection (16 years old and older)
 - Painful Urination and Urinary Tract Infection (16 years old and older)
 - Prescription renewals
 - Immunizations (patients 2 years old and older)
 - Blood Pressure Checks (previously ordered by provider)
 - Contraceptive management, including Depo-Provera shots when due, with a prescription (other than initial shot)
 - Draw Blood, previously ordered by provider (patients 1 year old and older in the Lab, under 1 year old in assigned clinic)
 - Medical Port Flush
 - Pregnancy Tests
 - On-going medication injections (e.g. B-12, testosterone, etc.) when due, with a prescription
 - Wound Checks, Stitches Removal, Dressing Changes following an operation or procedure (within the specialty clinic indicated by provider)
 - Drop-off/Pick-up paperwork for:
 - Attention Deficit Hyperactivity Disorder (school/parent form)
