Transmittal No. 12-37

Colombia-UH-60L BLACK HAWK Helicopters

WASHINGTON, July 20, 2012 – The Defense Security Cooperation Agency notified Congress today of a possible Foreign Military Sale to the Government of Colombia for five UH-60L BLACK HAWK Helicopters and associated equipment, parts, training and logistical support for an estimated cost of \$87 million.

The Government of Colombia has requested a possible sale of 5 UH-60L BLACK HAWK Helicopters, 10 T700-GE-701D General Electric Engines, warranty, internal fuel tanks, spare and repair parts, tools and support equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, logistics, and technical support services, and other related elements of logistics support. The estimated cost is \$87M.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country, which has been and continues to be an important force for political stability and economic progress in South America.

Colombia intends to use these helicopters to modernize its armed forces. The purchase of UH-60L BLACK HAWK Helicopters by the Colombian Army will contribute to Colombia's goal of updating its capabilities while enhancing interoperability between Colombia, the U.S., and other allies.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Sikorsky Aircraft Corporation in Stratford, Connecticut. There are no known offset agreements proposed in connection with this potential sale.

Implementation of the proposed sale will require U.S. Government or contractor representatives to travel to Colombia for a period of 6 weeks for equipment deprocessing/fielding, and system checkout.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
