Transmittal No. 12-56

**Indonesia – Javelin Missiles**

WASHINGTON, November 19, 2012 – The Defense Security Cooperation Agency notified Congress November 15 of a possible Foreign Military Sale to the Government of Indonesia for 180 Block I Javelin Missiles and associated equipment, parts, training and logistical support for an estimated cost of \$60 million.

The Government of Indonesia has requested a possible purchase of 180 Block I Javelin Missiles, 25 Command Launch Units (CLU), Missile Simulation Rounds (MSR), Battery Coolant Units (BCU), Enhanced Basic Skills Trainer, Weapon Effects Simulator, batteries, battery chargers, support equipment, spare and repair parts, personnel training and training equipment, publications and technical data, U.S. Government and contractor technical assistance and other related logistics support. The estimated cost is \$60 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for the political stability and economic progress in Southeast Asia.

The proposed sale provides Indonesia with assets vital to protect its sovereign territory and deter potential threats. The acquisition of the Javelin system is part of the Indonesia Army's overall military modernization program. The proposed sale will foster continued cooperation between the U.S. and Indonesia, making Indonesia a more valuable regional partner in an important area of the world.

The proposed sale of the missiles and support will not alter the basic military balance in the region.

The principal contractors will be Raytheon/Lockheed Martin Javelin Joint Venture (JJV) in Tucson, Arizona and Orlando, Florida. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Indonesia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.
