

Ask Not What Your School Can Do For You
But What You Can Do For Your School!

Dear Parent or Guardian:

Studies show that parental involvement in a child's education is one of the most important factors in raising student self-esteem and academic achievement and that parental involvement should go beyond attendance at teacher conferences and open house. We realize, however, that each of our families is unique – with its own priorities, needs, talents, and time constraints and so we try to provide as many different kinds of opportunities for parental involvement as possible. Please review the volunteer opportunities below and check any you are interested in helping out with. The RBEMS PTSA thanks you for donating your valuable time!!!
