

Dear RBEMS Parents, Teachers, and Students,

Welcome back to another great year at Robinson Barracks Elementary and Middle School! The Parent Teacher Student Association has an exciting schedule planned for this school year with many programs designed to invest in our children's future.

Participation by our **Parents, Teachers, and Students** is the most important factor in a successful school year for our future generations! We need both participants and supporting volunteers to create a school environment that encourages learning and growth. When we work together and are involved in school activities, we are setting good examples for our children, and we are sharing our unique gifts and talents with others. As an active association of many talents, we will contribute and invest into a stronger community. This leads to excited teachers and administrators, which leads to motivated students, which leads to an awesome school. Wow, all of this just by participating.

Throughout the year our programs are designed to encourage our students to take *PRIDE* in their work, encourage our students to be *RESPECTFUL* of others, instill *HONOR*, encourage our students to be *RESPONSIBLE* for their actions, and encourage positive *LEADERSHIP*.

For a couple of ideas on how you can contribute to RBEMS's future look to the PTSA monthly newsletter, the school's webpage, the "Daily Bulletin", and attend the PTSA meetings.

Welcome back to school and thank you for your time.

Sincerely,
Your PTSA Board
