**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on December 7, 2011, based on a complaint filed by ChriMar Systems, Inc. d/b/a DMS Technologies (“ChriMar”) of Farmington Hills, Michigan, alleging a violation of section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain communication equipment, components thereof, and products containing the same, including power over ethernet telephones, switches, wireless access points, routers and other devices used in LANs, and cameras. 76 *Fed. Reg.* 76,436-37 (Dec. 7, 2011). The complaint alleges infringement of certain claims of U.S. Patent No. 7,457,250 (“the ’250 patent”). The first amended complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337. The Notice of Investigation names a plurality of respondents.

On May 14, 2012, the ALJ issued an ID granting ChriMar’s motion to amend the complaint and Notice of Investigation. Order No. 10 at 7. ChriMar sought to add additional facts to the complaint and to amend the Notice of Investigation to add the underlined portion of the following language: “whether an industry in the United States exists or is in the process of being established as required by subsection(a)(2) of section 337.” *Id.* at 1, 3, 7. The ALJ found that there is good cause to amend the complaint and Notice of Investigation. *Id.* at 7. No petitions for review were filed. The Commission has determined not to review the ID.

The authority for the Commission’s determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in section 210.42(h) of the Commission’s Rules of Practice and Procedure (19 C.F.R. § 210.42(h)).

By order of the Commission.
