OFFICE OF THE SECRETARY
U.S. INTL. TRADE COMMISSION

The Honorable Irving A. Williamson
Chairman
United States International Trade Commission
500 E Street, S.W.
Washington, D.C. 20436

DOCKET NUMBER 2931
Office of the Secretary Int'l Trade Commission

JAN 8 2013

Dear Chairman Williamson:

As part of the 2012 Annual Review for modification of the Generalized System of Preferences (GSP), the Trade Policy Staff Committee (TPSC) has recently decided to accept certain product petitions, including petitions for waivers of competitive need limitations (CNL).

In accordance with sections 503(a)(1)(A), 503(e), and 131(a) of the Trade Act of 1974, as amended ("the 1974 Act"), and pursuant to the authority of the President delegated to the United States Trade Representative (USTR) by sections 4(c) and 8(c) and (d) of Executive Order 11846 of March 31, 1975, as amended, and pursuant to section 332(g) of the Tariff Act of 1930, I hereby notify the Commission that the articles identified in Part A of the enclosed Annex are being considered for designation as eligible articles for purposes of the GSP program. I therefore request that the Commission provide its advice as to the probable economic effect on U.S. industries producing like or directly competitive articles, on U.S. imports, and on U.S. consumers of the elimination of U.S. import duties on these articles for all beneficiary developing countries under the GSP program.

Under authority delegated by the President, pursuant to section 332(g) of the Tariff Act of 1930, and in accordance with section 503(d)(1)(A) of the 1974 Act, I request that the Commission provide advice on whether any industry in the United States is likely to be adversely affected by a waiver of the CNLs specified in section 503(c)(2)(A) of the 1974 Act for the countries and articles specified in Part B of the enclosed Annex. Further, in accordance with section 503(c)(2)(E) of the 1974 Act, I request that the Commission provide its advice with respect to whether like or directly competitive products were being produced in the United States on January 1, 1995. I also request that the Commission provide its advice as to the probable economic effect on total U.S. imports, as well as on consumers, of the requested waivers. With respect to the competitive need limit in section 503(c)(2)(A)(i)(I) of the 1974 Act, the Commission is requested to use the dollar value limit of \$155,000,000.

To the extent possible, I would appreciate it if the probable economic effect advice and statistics (profile of the U.S. industry and market and U.S. import and export data) and any other relevant information or advice is provided separately and individually for each U.S. Harmonized Tariff Schedule subheading for all products subject to this request.

In accordance with USTR policy on implementing Executive Order 13526, as amended, I direct you to mark or identify as "Confidential," for a period of ten years, such portions of the Commission's report and its working papers that contain the Commission's advice and assessment of probable economic effects on domestic industries producing like or directly competitive articles, on U.S. imports, and on U.S. consumers. Consistent with the Executive Order, this information is being classified on the basis that it concerns economic matters relating to the national security. In addition,

USTR considers the Commission's report to be an inter-agency memorandum that will contain pre-decisional advice and be subject to the deliberative process privilege.

I request that you submit an outline of this report as soon as possible to enable USTR officials to provide you with further guidance on its classification, including the extent to which portions of the report will require classification and for how long. Based on this outline, an appropriate USTR official will provide you with written instructions. All confidential business information contained in the report should also be clearly identified.

I would greatly appreciate if the requested advice, including those portions indicated as "Confidential" be provided to my Office by no later than 90 days from receipt of this letter. Once the Commission's confidential report is provided to my Office, and we review and approve the classification marking, the Commission should issue, as soon as possible thereafter, a public version of the report containing only the unclassified information, with any confidential business information deleted.

The Commission's assistance in this matter is greatly appreciated.

Sincerely,

Ambassador Ron Kirk
