11 December 2009

Dear Parents and Staff,

As required by the Asbestos Hazard Emergency Response Act (AHERA) of 1986, our building has been inspected for asbestos-containing materials (ACM). The most recent inspection was conducted on 28-30 August 2009 in accordance with Environmental Protection Agency (EPA) regulations and DoDEA policy. The results of the inspection indicate that we do not have asbestos materials in our buildings.

As required by EPA, a triennial re-inspection and six month periodic surveillance program is in effect for asbestos materials that remain in place, and their condition will be closely monitored. A copy of the Asbestos Management Plan which includes the recommended management response action for ACM, is kept in our office and is available for your review. If you have any questions or concerns, please do not hesitate to contact me at 784-6272.

Dr. Jennifer Smith  
Principal  
Osan Middle School
