

Non-Treatment Evaluations and Command-Directed Procedures

Emergency Command-Directed Behavioral Health Evaluations

(examples: suicidal/homicidal/hallucinations/bizarre behavior)

1. Take appropriate safety/risk management measures, such as calling ambulance/police or transporting to ER, if needed.
2. Call ABH to speak with Doctoral-Level Provider.
3. At earliest opportunity, given risk level, forward paperwork to ABH.
4. At earliest opportunity, given risk level, have the Soldier complete "Soldier Notification Memo."
5. Escort Soldier to ABH.

Routine Command-Directed Behavioral Health Evaluations

(examples: evaluation for fitness for duty or consideration for AR 635-200, Ch 5-17 separation)

1. Call ABH to speak with Doctoral-Level Provider.
2. Counsel Soldier and have Soldier complete "Soldier Notification Memo."
3. Schedule ABH appointment during conversation with Doctoral-level provider.
4. Escort Soldier to ABH on day of appt.

Administrative Behavioral Health Evaluations

(examples: Ch 13, 14 clearance, Drill SGT)

1. Call ABH for appt.
2. Escort Soldier to appt.
3. Soldier should be willing to sign consent of release of the evaluation information
