Army Suicide Awareness Guide for Leaders

Critical resources are included for individuals at-risk, who may be experiencing a crisis. Leadership involvement is crucial when combating the increased rate of suicides in the Army.

The Army is committed to providing leaders with a holistic approach of addressing the physical, mental, social, and spiritual aspects of taking care of Soldiers, Army Civilians, and Family members.

- **Note Taking**
- **Easy Access**
- **Bookmark**

The e-guide is in support of the suicide prevention ASK, CARE, ESCORT (ACE) module. The purpose of this e-guide is to demonstrate suicide awareness for all leaders.

This e-guide provides leaders the knowledge and skills necessary to recognize suicidal risk factors, warning signs, and how to utilize the basic intervention techniques.
