

## Working Together for an AIDS-free Generation: Latest PEPFAR Results

“The goal of an AIDS-free generation may be ambitious, but it is possible with the knowledge and interventions we have right now. And that is something we’ve never been able to say without qualification before. Imagine what the world will look like when we succeed.”

- U.S. Secretary of State Hillary Rodham Clinton, November 8, 2011

The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) represents U.S. leadership in meeting the shared responsibility of all global partners to make smart investments to save lives.

### Latest PEPFAR Program Results

Reflecting America's commitment to saving lives affected by HIV/AIDS, PEPFAR is supporting countries in providing HIV prevention, treatment and care to their people.

- The U.S. directly supported life-saving antiretroviral treatment for nearly **5.1 million men, women and children** worldwide as of September 30, 2012.
- PEPFAR directly supported HIV testing and counseling for more than **11 million pregnant women** in fiscal year 2012. PEPFAR supported **antiretroviral drug prophylaxis to prevent mother-to-child transmission** nearly **750,000** of these women who tested positive for HIV, allowing approximately **230,000** infants to be born HIV-free.
- PEPFAR directly supported nearly **15 million people with care and support**, including more than **4.5 million orphans and vulnerable children**, in fiscal year 2012.
- PEPFAR directly supported approximately **2 million male circumcision** procedures worldwide cumulatively through September 30, 2012.
- PEPFAR directly supported HIV testing and counseling for **more than 49 million people** in fiscal year 2012, providing a critical entry point to prevention, treatment, and care.
- The U.S. is the first and largest donor to the **Global Fund to Fight AIDS, Tuberculosis and Malaria**. To date, the U.S. has provided more than \$7 billion to the Fund. Of the estimated 8 million individuals in low- and middle-income countries who currently receive treatment, nearly **6.8 million receive support** through PEPFAR bilateral programs, the Global Fund, or both.
