**IT Fellowship with the
Chicago Federal Executive Board**

The Federal Government is the largest employer in Chicago and the Federal Executive Board is your key to unlocking networking opportunities with over 170 federal offices and agencies including FBI, EPA, VA, HUD, FAA, DHS, HHS, and others.

We seek IT fellows to work 20 hours a week and to assist with website updates, social media, and communication wikis. You will part of a team that has access to senior leadership and executive level coaching to take your career to the next level.

Fellowships are unpaid positions. Academic credit may be awarded if requested in writing after selection, and agreed upon by your academic institution and the FEB Director. Fellowship duration is six months and start date will be determined after your background check is complete.

Former FEB Fellows have gone on to become Presidential Management Fellows, and secured full time positions with FEMA, DEA, the Pentagon, as well as the private sector.
