

Public Notice Submission

Provider Name: Delhi Telephone Company

Summary: Delhi Telephone Company ("Delhi") offers this response to the Round 2 BTOP applications that propose projects in areas that overlap Delhi's existing incumbent service territory. There are 5 census tracts that are either completely or partially within Delhi's incumbent service territory, which is located entirely within Delaware County in New York. Delhi offers residential and business broadband services in several tiers with speeds ranging from 256 Kbps downstream / 256 Kbps upstream to 10 Mbps downstream / 2 Mbps upstream through xDSL, Fiber-to-the-Premises and Wireless technology. 99% of the households and businesses in Delhi's incumbent service territory have access to broadband services. There are 17 Community Anchor Institutions in Delhi's incumbent service territory that subscribe or could subscribe to broadband services. Approximately 65% have access to Fiber-to-the-Premises facilities, which will soon increase to 76% as Delhi completes an on-going build-out. Approximately 11% of households and businesses in Delhi's incumbent service territory have access to broadband service at 20 Mbps. Delhi has one Point of Presence location where requesting carriers or third-party providers can purchase Middle Mile

transport services at speeds of up to 1 Gbps.
