

Public Notice Submission

Provider Name: Easton Telephone Company

Summary: Easton Telephone Company demonstrates that it provides broadband service within the census tracts listed herein. All communities and subscribers within Easton's service area within the listed census tracts have access to adequate and affordable middle mile transport facilities as well as last mile broadband service. 100% of the households in Easton's service territory are able to readily subscribe, upon request, to facilities-based, terrestrial broadband services with an advertised speed of greater than the minimum broadband transmission speed as set forth in the definition of broadband. As such, the proposed service areas contained in the applications that are currently served by Easton should not be eligible for funding.
