

## **Public Notice Submission**

**Provider Name:** Fidelity Communications Co. & Subsidiaries

**Summary:** Fidelity Communications Co. has various ILEC, CLEC, Internet Service Provider and Cable TV subsidiaries, providing services in Lawton, OK and portions of Franklin, Crawford, Gasconade, Washington, Phelps, Dent and Laclede counties in Missouri. Fidelity has provided quality service in rural exchanges since the 1940's and has built a robust broadband network, providing both DSL over copper facilities and Cable Modem service over Hybrid Fiber Coaxial (HFC) facilities. Fidelity provides broadband capability to 100% of its service area, and Fidelity has the capability of providing speeds up to 15 Mbps in many areas and 10 Mbps in most other areas. Fidelity is a local company with a strong presence in the communities it serves. Because Fidelity's owners and staff live where they work, it is tightly focused on meeting the unique needs of the rural customer and continuing to provide the excellent customer service for which Fidelity is known.
