

Public Notice Submission

Provider Name: South Central Wireless, Inc.

Summary: South Central Wireless (SCW) is a locally owned business that has been offering broadband services in the south central region of Kansas since 2001. In addition to Internet access SCW provides local and long distance voice services, computer sales and repair, managed information technology services (MITS), and various services for business. SCW offers 1.5, 3.0, 6.0, 10.0 and 20.0 Mbps broadband Internet, which is advertised using radio, newspaper, Internet, and direct mail. SCW uses fiber-to-the-premise and ADSL 2+ technologies and eleven central offices to serve the listed census blocks. South Central Wireless also has a local retail presence in Pratt, Medicine Lodge, and Kiowa, Kansas.
