## **U.S. Embassy Moves Forward With Plans for New Building**

The U.S. Embassy to the Kingdom of the Netherlands is pleased to announce that the construction of the new Embassy campus in Wassenaar is scheduled to begin in 2012.

When Embassy staff moves out of the current building on Lange Voorhout, the building will be returned to the city of The Hague.

The agreement acquiring the property for the new Embassy was signed by Ambassador Hartog Levin, the Mayor of The Hague Jozias van Aartsen and the Mayor of Wassenaar Jan Hoekema, on June 17, 2010. The Embassy continues to work closely with the Mayors and municipal officials to ensure that this project will be positive for U.S.-Netherlands relations and for our new friends and neighbors in Wassenaar.
