## ADVISORY COMMITTEE CANDIDATE BIOGRAPHICAL INFORMATION REQUEST

### PART I

*Read the following carefully before completing Part II of this form.*

*To All Prospective Members of Advisory Committees:*

The establishment and operation of all advisory committees in the Executive Branch is governed by the Federal Advisory Committee Act, Public Law 92-463. Among its many requirements, the statute requires that the membership of an advisory committee be balanced—that is, that it fairly and equitably represent, to the extent feasible, all the various interests that may be affected by the committee's work and that undue weight not be afforded the views of any one interest.

Depending upon the specific area of a committee's concern, balance may mean adequate representation of consumers and industry, west coast and east coast shippers, labor and management, etc.

The Office of Management and Budget, which was given the responsibility for overall administration and guidance of advisory committees, in its letter of January 28, 1975 to Heads of Executive Departments and Agencies urged promotion of other aspects of balance such as sex and race.

Another consideration which persists throughout all committees is political affiliation. Advisory committees would lose their integrity and effectiveness if they were permitted to become vehicles for the propagation of partisan political views. Moreover, our integrity as an agency of the Government would be impaired if the public believed that we stock our advisory committees with members of the President's political party who simply rubber-stamp all actions.

As a consequence, one item of information which we seek on the biographical form is your political affiliation. Because of the Privacy Act of 1974, however, we need your permission to keep this item of information. The Privacy Act prohibits an agency of the Government from keeping information on how a person exercises the rights guaranteed by the First Amendment to the Constitution unless, as in this instance, that person expressly authorizes the agency to do so. It is generally considered that the right to join and support a political party derives from the First Amendment rights of Free Speech and Assembly. Hence, the biographical form also contains a statement which we ask that you sign authorizing the Department of Transportation to maintain information about your political affiliation.

We have requested your social security number, date and place of birth for identification purposes. It is not mandatory that you furnish your social security number, although we would appreciate having it. However, we do need to have your date and place of birth.

Sincerely,

Committee Management Officer
