

When offerors are required to have special technical qualifications due to the complexity of the supplies/services being purchased, unusual expertise or specialized facilities are needed for contract performance or for some other special reason; Contracting Officers shall include special standards of responsibility in solicitations in accordance with FAR 9.104-2.

**52.209-4003**

**SPECIAL STANDARDS OF RESPONSIBILITY**

**OCT/2010**

To be determined responsible, the Offeror must meet the general standards of responsibility set forth at FAR 9.104-1, as well as the following criteria:
