110432	<p><b>Postal Wizard Standard Mail Non-Profit Pending Authorization Permit Mailing</b>                      Postal Wizard - Postal Wizard cannot be used for Standard Mail Permit Nonprofit Pending authorization mailings.</p>	No	Both	1/27/2013	<p>Full-Service Standard Mailings prepared using the Postal Wizard will impact SASP. There is not a Full-Service discount impact. Mailers must complete a hardcopy postage statement for Standard Mail Permit Imprint Nonprofit Pending Authorization mailings with a mailing date 1/27/13 or later.</p> <p>Acceptance employees will process the mailing as an exception - enter the postage statement in the <i>PostalOne!</i> system with the Full-Service discount and enter ETR # 110432 in the comments section.</p>
110427	<p><b>Postal Wizard Package Services PS 3605 Parcel Select Extra Services</b>                      New January 2013 Postage Statement should not include Parcel Select Extra Services P22 and P23 (Parcel Return Service Insurance) for BMEU entered hardcopy postage statements (PS Form 3605) or Postal Wizard statements.                      These two extra services are specific to Scan Based Payment PRS Full Network (added for SRS 846) and should not display on the Parcel Select PS 3605 postage statement for BMEU entered statements (hard copy) or Postal Wizard statements.                      When Postal Wizard and BMEU hardcopy (PS 3605) Parcel Select users select the "Extra Service" checkbox from the New Price Statement then the PostalOne! system will display the P22 for (PRS Insurance &lt;= \$200 Insurance) and P23 for (PRS Insurance &gt; \$200).</p>	No	Both	1/27/2013	<p><b>Mailers and Acceptance employees</b> can view the Parcel Select Extra Services - PRS Insurance &lt;= \$200 (Line P22) and PRS Insurance &gt; \$200 (Line P23) - for BMEU entered statements (hard copy) or Postal Wizard statements that should not normally be available. If the user attempts to enter values in those extra service fields, the postage statement does not finalize so there is no financial impact. Users should not enter values in those extra service fields.</p>
