

LACS^{Link}® Software Interface Distribution Certification Procedures

Attention Distributor Licensee Applicants: Applicant is prohibited from representing to third parties that USPS® has certified Applicant's software product until USPS issues a software certification notice and Software Interface Distribution License Agreement to Licensee as described in Step 2, below. Prior to receiving the software certification notice from USPS and executing a Software Interface Distribution License Agreement with USPS, Applicant may only represent that it has "applied" to receive software certification, and is prohibited from making any representations or warranties as to the availability of its software and/or the ability of its software to support the LACS^{Link} product.

The following material describes the process for an Applicant to qualify for a license to distribute LACS^{Link} software. Information for each step of the certification process is included.

Full requirements are set forth in the USPS LACS^{Link} License Agreements and related documents. In the event of a conflict between this document and the standard LACS^{Link} License Agreement, the terms of the LACS^{Link} Licensee Agreement prevail.

Applicant must submit all materials to USPS at the following address:

LACS^{Link} PRODUCT DEPARTMENT
NATIONAL CUSTOMER SUPPORT CENTER
UNITED STATES POSTAL SERVICE
6060 PRIMACY PKWY STE 101
MEMPHIS TN 38188-0001

Step 1. Application and Self-Certification Statement Approval

The following documentation must be completed and submitted by Applicant and approved by the USPS:

- Application
- Confidentiality Statement
- Self-Certification Statement
- Key Personnel Listing
- Security Documentation

USPS will notify Applicant if it determines that Applicant has completed Step 1 to the satisfaction of USPS.

Step 2. Execution of License

Upon successful completion of Step 1 and issuance of a certification notice under the separate Software Developer License, USPS will forward a standard LACS^{Link} Software Interface Distribution License Agreement ("License Agreement") for signature. **The LACS^{Link} License Agreement must be signed by an officer who possesses the necessary legal authority to sign on behalf of the company, firm, or organization.** Upon receipt of the original signed standard LACS^{Link} Software Interface Distribution License Agreement, the USPS Contracting Officer's Representative will execute the license agreement and a copy of the executed license agreement and the license/data

fee invoice (if applicable) will be mailed to the LACS^{Link} Software Interface Distributor via Express Mail.

Payment must be received within ten (10) calendar days from receipt of the executed license agreement. Once payment is received USPS will list the Licensee as a Licensed LACS^{Link} Distributor and/or begin LACS^{Link} Production data distribution if applicable.

NOTE: Companies writing and/or who have written (authored) their own Address Matching Software; the LACS^{Link} Interface Distribution License Fee is waived.

The Software Interface to be distributed under the standard Software Interface Distribution License Agreement must be developed, certified and maintained by Applicant under a separate Software Interface Developer Agreement.
