

Quality of Life

VISION

To achieve and maintain a level of quality of life for US PACOM personnel and their families which is comparable to the standard enjoyed by the society they are pledged to defend.

MISSION

To improve the Quality of Life of all service members and their families in the PACOM area of responsibility through the development of a system that enforces a strong relationship with the service components, sub-unified commands, other combatant commands, and the Department of Defense.

GOALS

- Be a strong advocate for all QoL issues within the PACOM AOR.
- Articulate QoL issues to Community Leaders, Installation Commanders, DoD Policy Makers, and Members of Congress via a unified body.
- Be a synergistic partner with OSD, other combatant commands, local industry, government and non-DOD agencies to garner support and resources.
- Develop and implement a comprehensive publicity program to communicate and increase awareness of QoL in AOR.
