

**Department of the Treasury
Bureau of Engraving and Printing
2012 Exhibition Program Schedule**

The Bureau of Engraving and Printing is participating at the following numismatic events:

**American Numismatic Association (ANA)
National Money Show
Denver, Colorado – May 10-12, 2012**

**American Numismatic Association (ANA)
World's Fair of Money
Philadelphia, Pennsylvania – August 7-11, 2012**

The BEP's participation at numismatic events provides a platform to educate the public about U.S. currency and its technological enhancements. This objective is accomplished through ongoing relationships with numismatic societies, educational groups, corporate enterprises, and other governmental agencies. The BEP's operation and products are showcased in a manner many people otherwise would never experience. Public sales products, exhibits such as the Billion Dollar Showcase, currency manufacturing demonstrations, open forums, public education materials and media outreach activities offer national visibility to the exclusive producer of U.S. currency.
