The United States of America and the Republic of Macedonia are determined to expand and deepen the close partnership between the two countries based upon common goals, interests, and values. The two countries wish to enhance their strategic relationship through intensified consultation and cooperation in the areas of security, people-to-people ties, and commerce.

The United States and Macedonia reaffirm their support for the principles of sovereignty and territorial integrity of states, the purposes and principles of the UN charter, and a unitary, multiethnic Macedonia within its existing borders.

Macedonia and the United States note that a democratic, secure and prosperous Macedonia, with friendly and constructive relations with its neighbors and as an active participant in regional and international economic, political and security fora, is vital to peace and stability in Southeast Europe.

In this regard, the United States continues to support Macedonia's security, stability and economic development.

In the interest of an intensified partnership, the United States intends to immediately provide additional assistance to Macedonia to help build prosperity, strengthen security, and foster deeper ties between our two countries.

Macedonia expresses deep appreciation to the U.S. for its assistance to date in helping the Macedonian people as they work to institutionalize and make permanent a democratic process that realizes our shared values of peace, freedom, the rule of law, and a free market economy. Macedonia also recognizes and reaffirms the support from the U.S. in reforming and strengthening its armed forces.

Building on our existing strong partnership in the fight against global terrorism and promoting international stability, demonstrated by our troops serving together in Iraq and Afghanistan, our civilian and military officials plan to intensify their bilateral high-level contacts and seek increased joint training and exercise opportunities to enhance the inter-operability of our forces, and strengthen our partnership in promoting international security and non-proliferation.

Sharing a desire to expand trade and investment, the United States and Macedonia will seek to enhance their economic ties and undertake additional measures to strengthen the competitiveness of Macedonia's economy and expand opportunities for United States and Macedonian businesses. The United States supports Macedonia's ongoing efforts to build a business-friendly environment attractive to United States and other foreign investment. Macedonia expresses its appreciation for the opportunity to utilize GSP to strengthen bilateral trade. Both countries encourage the further expansion of their trade relations.

Macedonia expresses satisfaction with the successful implementation of the USAID technical assistance programs in the areas of democracy, economic growth and education and reaffirms its desire for cooperation in these areas to continue.

The two countries also seek to build closer and more robust bonds between their citizens and will undertake practical measures to promote educational and cultural exchange.

The NATO Summit Declaration in Bucharest made clear that the Republic of Macedonia has met NATO's democratic, economic, and defense standards through its rigorous participation in the Membership Action Plan. The United States continues to work with our NATO Allies to maintain Macedonia's robust cooperation with NATO under existing mechanisms, while it awaits a membership invitation.

Both countries look forward to Macedonia joining NATO as soon as possible. Our intensified cooperation at this time will further strengthen Macedonia's readiness to take on Alliance obligations and responsibilities in the near future.

Signed at Washington May 7, 2008.
