### **2011 AUSA Annual Meeting and Exhibition U.S. Army's Network Integration Evaluation Media Activities**

**10 OCT 2011**

**1:00pm-1:45pm**

**Network Integration Evaluation Media Roundtable  
Media Room 140A Suite C [in the back of the room]**

This media roundtable will provide updates on lessons learned from the recently completed NIE 11.2 and outline the Army's path ahead as it embarks on the next NIE 12.1 and how the NIE supports the Agile acquisition Process that seeks efficient ways to field network capabilities. Senior leaders will provide an overview of activities and take questions concerning the NIE process.

Media Roundtable Members:

MG Genaro Dellarocco, Commander ATEC

BG Randal Dragon, Commander BMC

COL (P) John Morrison, Director G3/5/7 LandWarNet

COL (P) Dan Hughes, Director System of Systems Integration ASA(ALT)

**11 OCT 2011**

**2:30pm-4:30pm**

**"LandWarNet: Powering America's Army" Panel Session  
Room 152 A & B**

Moderator:

LTG Susan S. Lawrence, Chief Information Officer/G-6, U.S. Army

Panelists:

LTG Rhett A. Hernandez, Commanding General, U.S. Army Cyber Command/2nd Army

LTG Phillips, Assistant Secretary of the Army (Acquisition, Logistics and Technology)

LTG Formica, SMDC/ARSTAT

MG Lynn, Training and Doctrine Command

COL(P) John Morrison, Director, Headquarters, Department of the Army G-3/5/7 LandWarNet-Battle Command Directorate

Panel members will discuss inter-related roles of the network, cyber & space in support of Soldiers; changes in network delivery & IT resourcing; and the Army's move to a single, secure, standards-based environment.

**11 OCT 2011**

**4:45pm-5:30pm**

**"LandWarNet: Powering America's Army" Media Roundtable  
Room 140**

LTG Susan S. Lawrence, Chief Information Officer/G-6, U.S. Army, will host a media roundtable after the Network panel to synopsise inter-related roles of the network, cyber & space in support of Soldiers; changes in network delivery & IT resourcing; and the Army's move to a single, secure, standards-based environment and take reporters' questions.

**10-12 OCT 2011**

**The Army's Network Modernization Demonstration Booth  
Booth #7028 in Halls D & E on the 2<sup>nd</sup> Floor**

Media are welcome to stop by the Army's Network Modernization Display – located in booth #7028 on the second floor of the Convention Center. You will have an opportunity to view some of the systems and technologies utilized at the Company level and below during the first NIE—including handheld devices, advanced radios, vehicle mounted computing devices and sensors; and to talk to Soldiers who manage and/or evaluate these latest networked capabilities. The display will show how the Network will connect Soldier-leaders and Mission Command assets at the lowest level and through the Company Command Post with improved communications and strategic reach-back to the higher echelons.

**LOCATION: Army's Network Modernization Booth #7028 Show Floor**
