General Instructions

Purpose of Form

Form 1065 is an information return used to report the income, gains, losses, deductions, credits, etc., from the operation of a partnership. A partnership does not pay tax on its income but “passes through” any profits or losses to its partners. Partners must include partnership items on their tax or information returns.

Definitions

Partnership

A partnership is the relationship between two or more persons who join to carry on a trade or business, with each person contributing money, property, labor, or skill and each expecting to share in the profits and losses of the business whether or not a formal partnership agreement is made.

The term “partnership” includes a limited partnership, syndicate, group, pool, joint venture, or other unincorporated organization, through or by which any business, financial operation, or venture is carried on, that is not, within the meaning of the regulations under section 7701, a corporation, trust, estate, or sole proprietorship.

A joint undertaking merely to share expenses is not a partnership. Mere co-ownership of property that is maintained and leased or rented is not a partnership. However, if the co-owners provide services to the tenants, a partnership exists.

Husband-wife business. Generally, if you and your spouse jointly own and operate an unincorporated business and share in the profits and losses, you are partners in a partnership and you must file Form 1065.

Exception—Qualified joint venture. If you and your spouse materially participate as the only members of a jointly owned and operated business, and you file a joint return for the tax year, you can make an election to be treated as a qualified joint venture instead of a partnership. By making the election, you will not be required to file Form 1065 for any year the election is in effect and will instead report the income and deductions directly on your joint return.

A qualified joint venture conducts a trade or business where: the only members of the joint venture are a husband and wife who file a joint return; both spouses materially participate in the trade or business, as mere joint ownership of property is not enough; both spouses elect not to be treated as a partnership; and the business is co-owned by both spouses and is not held in the name of a state law entity such as a partnership or limited liability company.

To make this election, you must divide all items of income, gain, loss, deduction, and credit between you and your spouse in accordance with your respective interests in

the venture. Each of you must file a separate Schedule C, C-EZ, or F. On each line of your separate Schedule C, C-EZ, or F, you must enter your share of the applicable income, deduction, or loss. Each of you also must file a separate Schedule SE to pay self-employment tax, as applicable.

If you and your spouse make the election for your rental real estate business, you each must report your share of income and deductions on Schedule E. Rental real estate income generally is not included in net earnings from self-employment subject to self-employment tax and generally is subject to the passive loss limitation rules. Electing qualified joint venture status does not alter the application of the self-employment tax or the passive loss limitation rules.

To make the qualified joint venture election for 2012, jointly file the 2012 Form 1040, with the required schedules. This generally does not increase the total tax on the return, but it does give each spouse credit for social security earnings on which retirement benefits are based, provided neither spouse exceeds the social security tax limitation.

Once made, the election cannot be revoked without IRS consent. If you and your spouse filed a Form 1065 for the year prior to the election, you do not need to amend that return or file a final Form 1065 for the year the election takes effect.

For more information on qualified joint ventures, go to IRS.gov, enter “Election for Husband and Wife Unincorporated Businesses” in the search box, and select the link reading “Election for Husband and Wife Unincorporated Businesses”.

Foreign Partnership

A foreign partnership is a partnership that is not created or organized in the United States or under the law of the United States or of any state. See Notice 2010-41 for information on when a domestic partnership will be classified as foreign.

General Partner

A general partner is a partner who is personally liable for partnership debts.

General Partnership

A general partnership is composed only of general partners.

Limited Partner

A limited partner is a partner in a partnership formed under a state limited partnership law, whose personal liability for partnership debts is limited to the amount of money or other property that the partner contributed or is required to contribute to the partnership. Some members of other entities, such as domestic or foreign business trusts or limited liability companies that are classified as partnerships, may be treated as limited partners for certain purposes.

Limited Partnership

A limited partnership is formed under a state limited partnership law and composed of at

least one general partner and one or more limited partners.

Limited Liability Partnership

A limited liability partnership (LLP) is formed under a state limited liability partnership law. Generally, a partner in an LLP is not personally liable for the debts of the LLP or any other partner, nor is a partner liable for the acts or omissions of any other partner, solely by reason of being a partner.

Limited Liability Company

A limited liability company (LLC) is an entity formed under state law by filing articles of organization as an LLC. Unlike a partnership, none of the members of an LLC are personally liable for its debts. An LLC may be classified for federal income tax purposes as a partnership, a corporation, or an entity disregarded as an entity separate from its owner by applying the rules in Regulations section 301.7701-3. See Form 8832, Entity Classification Election, for more details.

Note. A domestic LLC with at least two members that does not file Form 8832 is classified as a partnership for federal income tax purposes.

Nonrecourse Loans

Nonrecourse loans are those liabilities of the partnership for which no partner or related person bears the economic risk of loss.

Who Must File

Domestic Partnerships

Except as provided below, every domestic partnership must file Form 1065, unless it neither receives income nor incurs any expenditures treated as deductions or credits for federal income tax purposes.

Entities formed as LLCs that are classified as partnerships for federal income tax purposes have the same filing requirements as domestic partnerships.

A religious or apostolic organization exempt from income tax under section 501(d) must file Form 1065 to report its taxable income, which must be allocated to its members as a dividend, whether distributed or not. Such an organization must figure its taxable income on an attached statement to Form 1065 in the same manner as a corporation. The organization may use Form 1120, U.S. Corporation Income Tax Return, for this purpose. Enter the organization's taxable income, if any, on line 6a of Schedule K and each member's pro rata share in box 6a of Schedule K-1. Net operating losses are not deductible by the members but may be carried back or forward by the organization under the rules of section 172. The religious or apostolic organization also must make its annual information return available for public inspection. For this purpose, "annual information return" includes an exact copy of Form 1065 and all accompanying schedules and attached statements, except Schedules K-1. For more

details, see Regulations section 301.6104(d)-1.

A qualifying syndicate, pool, joint venture, or similar organization may elect under section 761(a) not to be treated as a partnership for federal income tax purposes and will not be required to file Form 1065 except for the year of election. For details, see section 761(a) and Regulations section 1.761-2.

An electing large partnership (as defined in section 775) must file Form 1065-B, U.S. Return of Income for Electing Large Partnerships.

Real estate mortgage investment conduits (REMICs) must file Form 1066, U.S. Real Estate Mortgage Investment Conduit (REMIC) Income Tax Return.

Certain publicly traded partnerships treated as corporations under section 7704 must file Form 1120.

Foreign Partnerships

Generally, a foreign partnership that has gross income effectively connected with the conduct of a trade or business within the United States or has gross income derived from sources in the United States must file Form 1065, even if its principal place of business is outside the United States or all its members are foreign persons. A foreign partnership required to file a return generally must report all of its foreign and U.S. source income.

A foreign partnership with U.S. source income is not required to file Form 1065 if it qualifies for either of the following two exceptions.

Exception for foreign partnerships with U.S. partners.

A return is not required if:

- The partnership had no effectively connected income (ECI) during its tax year,
- The partnership had U.S. source income of \$20,000 or less during its tax year,
- Less than 1% of any partnership item of income, gain, loss, deduction, or credit was allocable in the aggregate to direct U.S. partners at any time during its tax year, and
- The partnership is not a withholding foreign partnership as defined in Regulations section 1.1441-5(c)(2)(i).

Exception for foreign partnerships with no U.S. partners.

A return is not required if:

- The partnership had no ECI during its tax year,
- The partnership had no U.S. partners at any time during its tax year,
- All required Forms 1042 and 1042-S were filed by the partnership or another withholding agent as required by Regulations section 1.1461-1(b) and (c),
- The tax liability of each partner for amounts reportable under Regulations sections 1.1461-1(b) and (c) has been fully satisfied by the withholding of tax at the source, and
- The partnership is not a withholding foreign partnership as defined in Regulations section 1.1441-5(c)(2)(i).

A foreign partnership filing Form 1065 solely to make an election (such as an election to amortize organization expenses) need only provide its name, address, and employer identification number (EIN) on page one of the form and attach a statement citing "Regulations section 1.6031(a)-1(b)(5)" and identifying the election being made. A foreign partnership filing Form 1065 solely to make an election must obtain an EIN if it does not already have one.

Termination of the Partnership

A partnership terminates when:

1. All its operations are discontinued and no part of any business, financial operation, or venture is continued by any of its partners in a partnership, or
2. At least 50% of the total interest in partnership capital and profits is sold or exchanged within a 12-month period, including a sale or exchange to another partner. See Regulations section 1.708-1(b)(1) and (2) for more details.

The partnership's tax year ends on the date of termination. For purposes of 1, above, the date of termination is the date the partnership winds up its affairs. For purposes of 2, above, the date of termination is the date the partnership interest is sold or exchanged that, of itself or together with other sales or exchanges in the preceding 12 months, transfers an interest of 50% or more in both partnership capital and profits.

Special rules apply in the case of a merger, consolidation, or division of a partnership. See Regulations sections 1.708-1(c) and (d) for details.

Electronic Filing

Certain partnerships with more than 100 partners are required to file Form 1065, Schedules K-1, and related forms and schedules electronically. Other partnerships generally have the option to file electronically.

See Rev. Proc. 2012-17, at www.irs.gov/pub/irs-irbs/irb12-10.pdf, for the requirements for furnishing substitute Schedule K-1 in electronic format.

The option to file electronically does not apply to certain returns, including:

- Bankruptcy returns, and
- Returns with pre-computed penalty and interest.

For more details on electronic filing using the Modernized e-file system, see:

- Pub. 3112, IRS *e-file* Application and Participation;

For More Information on Filing Electronically

- Call the Electronic Filing Section at the Ogden Service Center at 1-866-255-0654 or
- Visit www.irs.gov/efile.

Electronic Filing Waiver

The IRS may waive the electronic filing rules if the partnership demonstrates that a hardship would result if it were required to file its return electronically. A partnership interested in requesting a waiver of the mandatory electronic filing requirement must file a written request, and request one in the manner prescribed by the Ogden Submission Processing Center (OSPC).

All written requests for waivers should be mailed to: Internal Revenue Service, Ogden Submission Processing Center, Mail Stop 1057, Ogden, UT 84201, Attn: Form 1065 e-file Waiver Request.

Waiver requests can also be faxed to 1-877-477-0575.

Contact OSPC at 1-866-255-0654 for questions regarding the waiver procedures or process.

When To File

Generally, a domestic partnership must file Form 1065 by the 15th day of the 4th month following the date its tax year ended as shown at the top of Form 1065.

For partnerships that keep their records and books of account outside the United States and Puerto Rico, an extension of time to file and pay is granted to the 15th day of the 6th month following the close of the tax year. Do not file Form 7004, Application for Automatic Extension of Time To File Certain Business Income Tax, Information, and Other Returns, if the partnership is taking this 2-month extension of time to file and pay. Attach a statement to the partnership's tax return stating that the partnership qualifies for the extension of time to file and pay. If the partnership is unable to file its return within the 2-month period, use Form 7004 to request an additional 3-month extension.

If the due date falls on a Saturday, Sunday, or legal holiday, file by the next day that is not a Saturday, Sunday, or legal holiday.

Private Delivery Services

Partnerships can use certain private delivery services designated by the IRS to meet the "timely mailing as timely filing/paying" rule for Form 1065. These private delivery services include only the following.

- DHL Express (DHL): DHL Same Day Service.

- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx International Priority, and FedEx International First.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

For the IRS mailing address to use if you are using a private delivery service, go to IRS.gov and enter "private delivery service" in the search box.

The private delivery service can tell you how to get written proof of the mailing date.

Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

Extension of Time To File

File Form 7004 to request a 5-month extension of time to file. File Form 7004 by the regular due date of the partnership return. Form 7004 can be electronically filed. This extension runs concurrently with the 2-month extension granted to partnerships that keep their record and books of account outside the United States and Puerto Rico.

Period Covered

The 2012 Form 1065 is an information return for calendar year 2012 and fiscal years that begin in 2012 and end in 2013. For a fiscal year or a short tax year, fill in the tax year space at the top of Form 1065 and each Schedule K-1.

The 2012 Form 1065 may also be used if:

1. The partnership has a tax year of less than 12 months that begins and ends in 2013 and
2. The 2013 Form 1065 is not available by the time the partnership is required to file its return.

However, the partnership must show its 2013 tax year on the 2012 Form 1065 and incorporate any tax law changes that are effective for tax years beginning after 2012.

Who Must Sign

General Partner or LLC Member Manager

Form 1065 is not considered to be a return unless it is signed by a general partner or LLC member manager. When a return is made for a partnership by a receiver, trustee or assignee, the fiduciary must sign the return, instead of the general partner or LLC member manager. Returns and forms signed by a receiver or trustee in bankruptcy on behalf of a partnership must be accompanied by a copy of the order or instructions of the court authorizing signing of the return or form.

Paid Preparer's Information

If a partner, member, or employee of the partnership completes Form 1065, the paid

Generally, anyone who is paid to prepare the partnership return must do the following.

- Sign the return in the space provided for the preparer's signature.
- Fill in the other blanks in the "Paid Preparer Use Only" area of the return. A paid preparer cannot use a social security number in the "Paid Preparer Use Only" box. The paid preparer must use a preparer tax identification number (PTIN).
- Give the partnership a copy of the return in addition to the copy to be filed with the IRS.

Note. A paid preparer may sign original or amended returns by rubber stamp, mechanical device, or computer software program.

Paid Preparer Authorization

If the partnership wants to allow the paid preparer to discuss its 2012 Form 1065 with the IRS, check the "Yes" box in the signature area of the return. The authorization applies only to the individual whose signature appears in the "Paid Preparer Use Only" section of its return. It does not apply to the firm, if any, shown in the section.

If the "Yes" box is checked, the partnership is authorizing the IRS to call the paid preparer to answer any questions that may arise during the processing of its return. The partnership is also authorizing the paid preparer to:

- Give the IRS any information that is missing from its return,
- Call the IRS for information about the processing of its return, and
- Respond to certain IRS notices about math errors and return preparation.

The partnership is not authorizing the paid preparer to bind the partnership to anything or otherwise represent the partnership before the IRS. If the partnership wants to expand the paid preparer's authorization, see Pub. 947, Practice Before the IRS and Power of Attorney.

The authorization cannot be revoked. However, the authorization will automatically end no later than the due date (excluding extensions) for filing the 2013 return.

Penalties

Late Filing of Return

A penalty is assessed against the partnership if it is required to file a partnership return and it (a) fails to file the return by the due date, including extensions or (b) files a return that fails to show all the information required, unless such failure is due to reasonable cause. The penalty is \$195 for each month or part of a month (for a maximum of 12 months) the failure continues, multiplied by the total number of persons who were partners in the partnership during any part of the partnership's tax year for which the return is

due. If the partnership receives a notice about a penalty after it files the return, the partnership may send the IRS an explanation and the Service will determine if the explanation meets reasonable-cause criteria. **Do not** attach an explanation when filing the return.

Failure To Furnish Information Timely

For each failure to furnish Schedule K-1 to a partner when due and each failure to include on Schedule K-1 all the information required to be shown (or the inclusion of incorrect information), a \$100 penalty may be imposed with respect to each Schedule K-1 for which a failure occurs. The maximum penalty is \$1.5 million for all such failures during a calendar year. If the requirement to report correct information is intentionally disregarded, each \$100 penalty is increased to \$250 or, if greater, 10% of the aggregate amount of items required to be reported, and the \$1.5 million maximum does not apply.

Trust Fund Recovery Penalty

This penalty may apply if certain excise, income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid. These taxes are generally reported on:

- Form 720, Quarterly Federal Excise Tax Return;
- Form 941, Employer's QUARTERLY Federal Tax Return;
- Form 943, Employer's Annual Federal Tax Return for Agricultural Employees;
- Form 944, Employer's Annual Federal Tax Return; and
- Form 945, Annual Return of Withheld Federal Income Tax.

The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to have been responsible for collecting, accounting for, and paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the unpaid trust fund tax. See the Instructions for Form 720; Pub. 15, (Circular E), Employer's Tax Guide; or Pub. 51, (Circular A), Agricultural Employer's Tax Guide, for more details, including the definition of a *responsible person*.

Accounting Methods

An accounting method is a set of rules used to determine when and how income and expenditures are reported. Figure ordinary business income using the method of accounting regularly used in keeping the partnership's books and records. In all cases, the method used must clearly reflect income.

Generally, permissible methods include:

- Cash,
- Accrual, or
- Any other method authorized by the Internal Revenue Code.

Generally, a partnership may not use the cash method of accounting if (a) it has at least one corporate partner, average annual

gross receipts of more than \$5 million, and it is not a farming business or (b) it is a tax shelter (as defined in section 448(d)(3)). See section 448 for details.

Accrual method. If inventories are required, an accrual method of accounting must be used for sales and purchases of merchandise. However, qualifying taxpayers and eligible businesses of qualifying small business taxpayers are excepted from using an accrual method and may account for inventoriable items as materials and supplies that are not incidental. For more details, see Form 1125-A and its instructions.

Under the accrual method, an amount is includible in income when:

1. All the events have occurred that fix the right to receive the income, which is the earliest of the date:

- Payment is earned through the required performance,
- Payment is due to the taxpayer, or
- Payment is received by the taxpayer and

2. The amount can be determined with reasonable accuracy.

See Regulations section 1.451-1(a) for details.

Generally, an accrual basis taxpayer can deduct accrued expenses in the tax year in which:

- All events that determine the liability have occurred,
- The amount of the liability can be figured with reasonable accuracy, and
- Economic performance takes place with respect to the expense.

For property and service liabilities, for example, economic performance occurs as the property or service is provided. There are special economic performance rules for certain items, including recurring expenses. See section 461(h) and the related regulations for the rules for determining when economic performance takes place.

Nonaccrual-experience method. Accrual method partnerships are not required to accrue certain amounts to be received from the performance of services that, on the basis of their experience, will not be collected, if:

- The services are in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, or consulting or
- The partnership's average annual gross receipts for the 3 prior tax years does not exceed \$5 million.

This provision does not apply to any amount if interest is required to be paid on the amount or if there is any penalty for failure to timely pay the amount. For information, see section 448(d)(5) and Regulations section 1.448-2. For reporting requirements, see the instructions for line 1a.

Percentage of completion method.

Long-term contracts (except for certain real property construction contracts) must

generally be accounted for using the percentage of completion method described in section 460. See section 460 and the underlying regulations for rules on long-term contracts.

Mark-to-market accounting method.

Dealers in securities must use the mark-to-market accounting method described in section 475. Under this method, any security that is inventory to the dealer must be included in inventory at its fair market value (FMV). Any security that is not inventory and that is held at the close of the tax year is treated as sold at its FMV on the last business day of the tax year, and any gain or loss must be taken into account in determining gross income. The gain or loss taken into account is generally treated as ordinary gain or loss. For details, including exceptions, see section 475, the related regulations, and Rev. Rul. 97-39, 1997-39 I.R.B. 4.

Dealers in commodities and traders in securities and commodities can elect to use the mark-to-market accounting method. To make the election, the partnership must file a statement describing the election, the first tax year the election is to be effective, and, in the case of an election for traders in securities or commodities, the trade or business for which the election is made. Except for new taxpayers, the statement must be filed by the due date (not including extensions) of the return for the tax year immediately preceding the election year and attached to that return, or, if applicable, to a request for an extension of time to file that return. For more details, see Rev. Proc. 99-17, 1999-7 I.R.B. 52, as superseded in part by Rev. Proc. 99-49, and sections 475(e) and (f).

Change in accounting method.

Generally, the partnership must get IRS consent to change its method of accounting used to report income (for income as a whole or for any material item). To do so, it must file Form 3115, Application for Change in Accounting Method. See Form 3115.

Section 481(a) adjustment. The partnership may have to make an adjustment to prevent amounts of income or expenses from being duplicated. This is called a section 481(a) adjustment. The section 481(a) adjustment period is generally 1 year for a net negative adjustment and 4 years for a net positive adjustment. However, in some instances, a partnership can elect to modify the section 481(a) adjustment period. The partnership must complete the appropriate lines of Form 3115 to make the election. See the Instructions for Form 3115.

Include any net positive section 481(a) adjustment on page 1 of Form 1065, line 7. If the net section 481(a) adjustment is negative, report it on page 1, line 20.

There are some instances when the partnership can obtain automatic consent from the IRS to change to certain accounting methods. See Rev. Proc. 2011-14, 2011-4 I.R.B. 330, as modified, or its successor.

Accounting Periods

A partnership is generally required to have one of the following tax years.

1. The tax year of a majority of its partners (majority tax year).
2. If there is no majority tax year, then the tax year common to all of the partnership's principal partners (partners with an interest of 5% or more in the partnership profits or capital).
3. If there is neither a majority tax year nor a tax year common to all principal partners, then the tax year that results in the least aggregate deferral of income.

Note. In determining the tax year of a partnership under 1, 2, or 3, above, the tax years of certain tax-exempt and foreign partners are disregarded. See Regulations section 1.706-1(b) for more details.

4. Some other tax year, if:
 - The partnership can establish that there is a business purpose for the tax year; or
 - The partnership elects under section 444 to have a tax year other than a required tax year by filing Form 8716, Election To Have a Tax Year Other Than a Required Tax Year. For a partnership to have this election in effect, it must make the payments required by section 7519 and file Form 8752, Required Payment or Refund Under Section 7519.

A section 444 election ends if a partnership changes its accounting period to its required tax year or some other permitted year or it is penalized for willfully failing to comply with the requirements of section 7519. If the termination results in a short tax year, type or legibly print at the top of the first page of Form 1065 for the short tax year, "SECTION 444 ELECTION TERMINATED"; or

- The partnership elects to use a 52-53 week tax year that ends with reference to either its required tax year or a tax year elected under section 444.

Change of tax year. To change its tax year or to adopt or retain a tax year other than its required tax year, the partnership must file Form 1128, Application To Adopt, Change, or Retain a Tax Year, unless the partnership is making an election under section 444.

Note. The tax year of a common trust fund must be the calendar year.

Rounding Off to Whole Dollars

The partnership can round off cents to whole dollars on its return and schedules. If the partnership does round to whole dollars, it must round all amounts. To round, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example, \$1.39 becomes \$1 and \$2.50 becomes \$3.

If two or more amounts must be added to figure the amount to enter on a line, include

cents when adding the amounts and round off only the total.

Recordkeeping

The partnership must keep its records as long as they may be needed for the administration of any provision of the Internal Revenue Code. If the consolidated audit procedures of sections 6221 through 6234 apply, the partnership usually must keep records that support an item of income, deduction, or credit on the partnership return for 3 years from the date the return is due or is filed, whichever is later. If the consolidated audit procedures do not apply, these records usually must be kept for 3 years from the date each partner's return is due or is filed, whichever is later. It must also keep records that verify the partnership's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The partnership should also keep copies of all returns it has filed. They help in preparing future returns and in making computations when filing an amended return.

Amended Return

The procedures to follow when filing an amended partnership return depend on whether the amended return is filed electronically or on paper. The rules for determining when a return must be filed electronically (see [Electronic Filing](#), earlier) also apply to amended returns.

Electronically filed amended returns.

If the amended return will be filed electronically, complete Form 1065 and check box G(5) to indicate that you are filing an amended return. Attach a statement that identifies the line number of each amended item, the corrected amount or treatment of the item, and an explanation of the reason(s) for each change. If the income, deductions, credits, or other information provided to any partner on Schedule K-1 is incorrect, file an amended Schedule K-1 (Form 1065) for that partner with the amended Form 1065. Also give a copy of the amended Schedule K-1 to that partner. Check the "Amended K-1" box at the top of the Schedule K-1 to indicate that it is an amended Schedule K-1.

Exception. If the partnership is filing an amended partnership return and the partnership is subject to the consolidated audit proceedings of sections 6221 through 6234, the tax matters partner must file Form 8082, Notice of Inconsistent Treatment or Administrative Adjustment Request (AAR).

Paper filed amended returns. If the amended return will not be filed electronically, complete Form 1065X, Amended Return or Administrative Adjustment Request (AAR), to file the amended return or administrative adjustment request. See Form 1065X, and its separate instructions, for information on completing and filing the form.

When a partnership's federal return is amended or changed for any reason, it may affect the partnership's state tax return. For more information, contact the state tax agency for the state in which the partnership return was filed.

Assembling the Return

When submitting Form 1065, organize the pages of the return in the following order:

- Pages 1-5,
- Schedule F (Form 1040), Profit or Loss From Farming (if required),
- Form 8825, Rental Real Estate Income and Expenses of a Partnership or an S Corporation (if required),
- Form 1125-A, Cost of Goods Sold (if required),
- Form 8941, Credit For Small Employer Health Insurance Premiums (if required),
- Form 5884-B, New Hire Retention Credit (if required),
- Any other schedules in alphabetical order, and
- Any other forms in numerical order.

Complete every applicable entry space on Form 1065 and Schedule K-1. Do not enter "See attached" instead of completing the entry spaces. Penalties may be assessed if the partnership files an incomplete return. If you need more space on the forms or schedules, attach separate sheets and place them at the end of the return using the same size and format as on the printed forms. Show the totals on the printed forms. Also be sure to put the partnership's name and EIN on each supporting statement.

Entity Classification Election

Use Form 8832, Entity Classification Election, to make a change in classification. Except for certain business entities always classified as a corporation, a business entity with at least two members may choose to be classified either as a partnership or an association taxable as a corporation. A domestic eligible entity with at least two members that does not file Form 8832 is classified under the default rules as a partnership. However, a foreign eligible entity with at least two members is classified

under the default rules as a partnership only if the entity does not provide limited liability to at least one member. File Form 8832 only if the entity does not want to be classified under these default rules or if it wants to change its classification.

Attach a copy of Form 8832 to the partnership's federal tax return for the tax year of the election.

Elections Made by the Partnership

Generally, the partnership decides how to figure income from its operations. For example, it chooses the accounting method and depreciation methods it will use. The partnership also makes elections under the following sections:

1. Section 179 (election to expense certain property).
2. Section 614 (definition of property—mines, wells, and other natural deposits). This election must be made before the partners figure their individual depletion allowances under section 613A(c)(7)(D).
3. Section 1033 (involuntary conversions).
4. Section 754 (manner of electing optional adjustment to basis of partnership property).

Under section 754, a partnership may elect to adjust the basis of partnership property when property is distributed or when a partnership interest is transferred. If the election is made with respect to a transfer of a partnership interest (section 743(b)) and the assets of the partnership constitute a trade or business for purposes of section 1060(c), then the value of any goodwill transferred must be determined in the manner provided in Regulations section 1.1060-1. Once an election is made under section 754, it applies both to all distributions and to all transfers made during the tax year

and in all subsequent tax years unless the election is revoked. See Regulations section 1.754-1(c).

This election must be made in a statement that is filed with the partnership's timely filed return (including any extension) for the tax year during which the distribution or transfer occurs. The statement must include:

- The name and address of the partnership,
- A declaration that the partnership elects under section 754 to apply the provisions of section 734(b) and section 743(b), and
- The signature of a partner authorized to sign the partnership return.

The partnership can get an automatic 12-month extension to make the section 754 election provided corrective action is taken within 12 months of the original deadline for making the election. For details, see Regulations section 301.9100-2.

See section 754 and the related regulations for more information.

If there is a distribution of property consisting of an interest in another partnership, see section 734(b).

The partnership is required to attach a statement for any section 743(b) basis adjustments. See below for details.

5. Section 743(e) (electing investment partnership).

Effect of Section 743(b) Basis Adjustment on Partnership Items

If the basis of partnership property has been adjusted for a transferee partner under section 743(b), the partnership must adjust the transferee's distributive share of the items of partnership income, deduction, gain, or loss in accordance with Regulations section 1.743-1(j)(3) and (4). These adjustments (other than adjustments to depletable oil and gas property allocable to the partner under section 613A(c)(7)(D))

must be reported on Schedule K and the transferee partner's Schedule K-1. Report the adjustments on an attached statement to Schedule K-1 using the codes for *Other Income* or *Other Deductions*. Identify the partnership item being adjusted and the amount of the adjustment. If the adjustments are to partnership items from more than one trade or business, report the adjustments separately for each activity. Section 743(b) adjustments do not affect the transferee's capital account.

Elections Made by Each Partner

Elections under the following sections are made by each partner separately on the partner's tax return.

1. Section 59(e) (election to deduct ratably certain qualified expenditures such as intangible drilling costs, mining exploration expenses, or research and experimental expenditures).
2. Section 108 (income from discharge of indebtedness). This does not include the section 108(i) election.
3. Section 617 (deduction and recapture of certain mining exploration expenditures paid or incurred).
4. Section 901 (foreign tax credit).

Partner's Dealings With Partnership

If a partner engages in a transaction with his or her partnership, other than in his or her capacity as a partner, the partner is treated as not being a member of the partnership for that transaction. Special rules apply to sales or exchanges of property between partnerships and certain persons, as explained in Pub. 541, Partnerships.

Contributions to the Partnership

Generally, no gain (loss) is recognized to the partnership or any of the partners when property is contributed to the partnership in exchange for an interest in the partnership. This rule does not apply to any gain realized on a transfer of property to a partnership that would be treated as an investment company (within the meaning of section 351) if the partnership were incorporated. If, as a result of a transfer of property to a partnership, there is a direct or indirect transfer of money or other property to the transferring partner, the partner may have to recognize gain on the exchange.

The basis to the partnership of property contributed by a partner is the adjusted basis in the hands of the partner at the time it was contributed, plus any gain recognized (under section 721(b)) by the partner at that time. See section 723 for more information.

Dispositions of Contributed Property

Generally, if the partnership disposes of property contributed to the partnership by a partner, income, gain, loss, and deductions from that property must be allocated among the partners to take into account the difference between the property's basis and its FMV at the time of the contribution. However, if the adjusted basis of the contributed property exceeds its fair market value at the time of the contribution, the built-in loss can only be taken into account by the contributing partner. For all other partners, the basis of the property in the hands of the partnership is treated as equal to its fair market value at the time of the contribution (see section 704(c)(1)(C)).

For property contributed to the partnership, the contributing partner must recognize gain or loss on a distribution of the property to another partner within 7 years of being contributed. The gain or loss is equal to the amount that the contributing partner should have recognized if the property had been sold for its FMV when distributed, because of the difference between the property's basis and its FMV at the time of contribution.

See section 704(c) for details and other rules on dispositions of contributed property. See section 724 for the character of any gain or loss recognized on the disposition of unrealized receivables, inventory items, or capital loss property contributed to the partnership by a partner.

Recognition of Precontribution Gain on Certain Partnership Distributions

A partner who contributes appreciated property to the partnership must include in income any precontribution gain to the extent the FMV of other property (other than money) distributed to the partner by the partnership exceeds the adjusted basis of his or her partnership interest just before the distribution. Precontribution gain is the net gain, if any, that would have been recognized under section 704(c)(1)(B) if the partnership had distributed to another partner all the property that had been contributed to the partnership by the distributee partner within 7 years of the distribution and that was held by the partnership just before the distribution.

Appropriate basis adjustments are to be made to the adjusted basis of the distributee partner's interest in the partnership and the partnership's basis in the contributed property to reflect the gain recognized by the partner.

For more details and exceptions, see Pub. 541.

Unrealized Receivables and Inventory Items

Generally, if a partner sells or exchanges a partnership interest where unrealized receivables or inventory items are involved, the transferor partner must notify the partnership, in writing, within 30 days of the exchange. The partnership must then file Form 8308, Report of a Sale or Exchange of Certain Partnership Interests.

If a partnership distributes unrealized receivables or substantially appreciated inventory items in exchange for all or part of a partner's interest in other partnership property (including money), treat the transaction as a sale or exchange between the partner and the partnership. Treat the partnership gain (loss) as ordinary business income (loss). The income (loss) is specially allocated only to partners other than the distributee partner.

If a partnership gives other property (including money) for all or part of that partner's interest in the partnership's unrealized receivables or substantially appreciated inventory items, treat the transaction as a sale or exchange of the property.

See Rev. Rul. 84-102, 1984-2 C.B. 119, for information on the tax consequences that result when a new partner joins a partnership that has liabilities and unrealized receivables. Also see Pub. 541 for more information on unrealized receivables and inventory items.

Passive Activity Limitations

In general, section 469 limits the amount of losses, deductions, and credits that partners can claim from "passive activities." The passive activity limitations do not apply to the partnership. Instead, they apply to each partner's share of any income or loss and credit attributable to a passive activity. Because the treatment of each partner's share of partnership income or loss and credit depends on the nature of the activity that generated it, the partnership must report income or loss and credits separately for each activity.

The following instructions and the instructions for Schedules K and K-1, later, explain the applicable passive activity limitation rules and specify the type of information the partnership must provide to its partners for each activity. If the partnership had more than one activity, it must report information for each activity on an attached statement to Schedules K and K-1.

Generally, passive activities include (a) activities that involve the conduct of a trade or business if the partner does not materially participate in the activity and (b) all rental activities (defined later) regardless of the partner's participation. For exceptions, see *Activities That Are Not Passive Activities*, later. The level of each partner's participation

in an activity must be determined by the partner.

The passive activity rules provide that losses and credits from passive activities can generally be applied only against income and tax from passive activities. Thus, passive losses and credits cannot be applied against income from salaries, wages, professional fees, or a business in which the partner materially participates; against "portfolio income" (defined later); or against the tax related to any of these types of income.

Special provisions apply to certain activities. First, the passive activity limitations must be applied separately with respect to a net loss from passive activities held through a publicly traded partnership. Second, special rules require that net income from certain activities that would otherwise be treated as passive income must be recharacterized as nonpassive income for purposes of the passive activity limitations.

To allow each partner to correctly apply the passive activity limitations, the partnership must report income or loss and credits separately for each of the following:

- Trade or business activities,
- Rental real estate activities,
- Rental activities other than real estate, and
- Portfolio income.

Activities That Are Not Passive Activities

The following are not passive activities.

1. Trade or business activities in which the partner materially participated for the tax year.
2. Any rental real estate activity in which the partner materially participated if the partner met both of the following conditions for the tax year.
 - a. More than half of the personal services the partner performed in trades or businesses were performed in real property trades or businesses in which he or she materially participated.
 - b. The partner performed more than 750 hours of services in real property trades or businesses in which he or she materially participated.

For purposes of this rule, each interest in rental real estate is a separate activity, unless the partner elects to treat all interests in rental real estate as one activity.

If the partner is married filing jointly, either the partner or his or her spouse must separately meet both of the above conditions, without taking into account services performed by the other spouse.

A real property trade or business is any real property development, redevelopment, construction, reconstruction, acquisition, conversion, rental, operation, management, leasing, or brokerage trade or business. Services the partner performed as an employee are not treated as performed in a real property trade or business unless he or

she owned more than 5% of the stock (or more than 5% of the capital or profits interest) in the employer.

3. An interest in an oil or gas well drilled or operated under a working interest if at any time during the tax year the partner held the working interest directly or through an entity that did not limit the partner's liability (for example, an interest as a general partner). This exception applies regardless of whether the partner materially participated for the tax year.

4. The rental of a dwelling unit used by a partner for personal purposes during the year for more than the greater of 14 days or 10% of the number of days that the residence was rented at fair rental value.

5. An activity of trading personal property for the account of owners of interests in the activity. For purposes of this rule, personal property means property that is actively traded, such as stocks, bonds, and other securities. See Temporary Regulations section 1.469-1T(e)(6).

Trade or Business Activities

A trade or business activity is an activity (other than a rental activity or an activity treated as incidental to an activity of holding property for investment) that:

1. Involves the conduct of a trade or business (within the meaning of section 162),
2. Is conducted in anticipation of starting a trade or business, or
3. Involves research or experimental expenditures deductible under section 174 (or that would be if you chose to deduct rather than capitalize them).

If the partner does not materially participate in the activity, a trade or business activity conducted through a partnership is generally a passive activity of the partner.

Each partner must determine if the partner materially participated in an activity. As a result, while the partnership's ordinary business income (loss) is reported on page 1 of Form 1065, the specific income and deductions from each separate trade or business activity must be reported on attached statements to Form 1065. Similarly, while each partner's allocable share of the partnership's ordinary business income (loss) is reported in box 1 of Schedule K-1, each partner's allocable share of the income and deductions from each trade or business activity must be reported on attached statements to each Schedule K-1. See [Passive Activity Reporting Requirements](#), later, for more information.

Rental Activities

Generally, except as noted below, if the gross income from an activity consists of amounts paid principally for the use of real or personal tangible property held by the partnership, the activity is a rental activity.

There are several exceptions to this general rule. Under these exceptions, an activity involving the use of real or personal

tangible property is not a rental activity if any of the following apply.

- The average period of customer use (defined below) for such property is 7 days or less.
- The average period of customer use for such property is 30 days or less and significant personal services (defined below) are provided by or on behalf of the partnership.
- Extraordinary personal services (defined below) are provided by or on behalf of the partnership.
- The rental of such property is treated as incidental to a nonrental activity of the partnership under Temporary Regulations section 1.469-1T(e)(3)(vi) and Regulations section 1.469-1(e)(3)(vi)(D).
- The partnership customarily makes the property available during defined business hours for nonexclusive use by various customers.
- The partnership provides property for use in a nonrental activity of a partnership or joint venture in its capacity as an owner of an interest in such partnership or joint venture. Whether the partnership provides property used in an activity of another partnership or of a joint venture in the partnership's capacity as an owner of an interest in the partnership or joint venture is determined on the basis of all the facts and circumstances.

In addition, a guaranteed payment described in section 707(c) is never income from a rental activity.

Average period of customer use. Figure the average period of customer use for a class of property by dividing the total number of days in all rental periods by the number of rentals during the tax year. If the activity involves renting more than one class of property, multiply the average period of customer use of each class by the ratio of the gross rental income from that class to the activity's total gross rental income. The activity's average period of customer use equals the sum of these class-by-class average periods weighted by gross income. See Regulations section 1.469-1(e)(3)(iii).

Significant personal services. Personal services include only services performed by individuals. To determine if personal services are significant personal services, consider all the relevant facts and circumstances. Relevant facts and circumstances include:

- How often the services are provided,
- The type and amount of labor required to perform the services, and
- The value of the services in relation to the amount charged for use of the property.

The following services are not considered in determining whether personal services are significant.

- Services necessary to permit the lawful use of the rental property.
- Services performed in connection with improvements or repairs to the rental property that extend the useful life of the property substantially beyond the average rental period.

- Services provided in connection with the use of any improved real property that are similar to those commonly provided in connection with long-term rentals of high-grade commercial or residential property. Examples include cleaning and maintenance of common areas, routine repairs, trash collection, elevator service, and security at entrances.

Extraordinary personal services.

Services provided in connection with making rental property available for customer use are extraordinary personal services only if the services are performed by individuals and the customers' use of the rental property is incidental to their receipt of the services.

For example, a patient's use of a hospital room generally is incidental to the care received from the hospital's medical staff. Similarly, a student's use of a dormitory room in a boarding school is incidental to the personal services provided by the school's teaching staff.

Rental activity incidental to a nonrental activity. An activity is not a rental activity if the rental of the property is incidental to a nonrental activity, such as the activity of holding property for investment, a trade or business activity, or the activity of dealing in property.

Rental of property is incidental to an activity of holding property for investment if both of the following apply.

- The main purpose for holding the property is to realize a gain from the appreciation of the property.
- The gross rental income from such property for the tax year is less than 2% of the smaller of the property's unadjusted basis or its fair market value.

Rental of property is incidental to a trade or business activity if all of the following apply.

- The partnership owns an interest in the trade or business at all times during the year.
- The rental property was mainly used in the trade or business activity during the tax year or during at least 2 of the 5 preceding tax years.
- The gross rental income from the property for the tax year is less than 2% of the smaller of the property's unadjusted basis or its fair market value.

The sale or exchange of property that is also rented during the tax year (in which the gain or loss is recognized) is treated as incidental to the activity of dealing in property if, at the time of the sale or exchange, the property was held primarily for sale to customers in the ordinary course of the partnership's trade or business.

See Temporary Regulations section 1.469-1T(e)(3) and Regulations section 1.469-1(e)(3) for more information on the definition of rental activities for purposes of the passive activity limitations.

Reporting of rental activities. In reporting the partnership's income or losses and credits from rental activities, the partnership must separately report rental real estate

activities and rental activities other than rental real estate activities.

Partners who actively participate in a rental real estate activity may be able to deduct part or all of their rental real estate losses (and the deduction equivalent of rental real estate credits) against income (or tax) from nonpassive activities. The combined amount of rental real estate losses and the deduction equivalent of rental real estate credits from all sources (including rental real estate activities not held through the partnership) that may be claimed is limited to \$25,000. This \$25,000 amount is generally reduced for high-income partners.

Report rental real estate activity income (loss) on Form 8825, Rental Real Estate Income and Expenses of a Partnership or an S Corporation, and line 2 of Schedule K and box 2 of Schedule K-1, rather than on page 1 of Form 1065. Report credits related to rental real estate activities on lines 15c and 15d of Schedule K (box 15, codes E and F, of Schedule K-1) and low-income housing credits on lines 15a and 15b of Schedule K (box 15, codes A–D of Schedule K-1).

See the instructions for *Line 3. Other Net Rental Income (Loss)*, later, for reporting other net rental income (loss) other than rental real estate.

Portfolio Income

Generally, portfolio income includes all gross income, other than income derived in the ordinary course of a trade or business, that is attributable to interest; dividends; royalties; income from a real estate investment trust, a regulated investment company, a real estate mortgage investment conduit, a common trust fund, a controlled foreign corporation, a qualified electing fund, or a cooperative; income from the disposition of property that produces income of a type defined as portfolio income; and income from the disposition of property held for investment. See [Self-Charged Interest](#), later, for an exception.

Solely for purposes of the preceding paragraph, gross income derived in the ordinary course of a trade or business includes (and portfolio income, therefore, does not include) the following types of income.

- Interest income on loans and investments made in the ordinary course of a trade or business of lending money.
- Interest on accounts receivable arising from the performance of services or the sale of property in the ordinary course of a trade or business of performing such services or selling such property, but only if credit is customarily offered to customers of the business.
- Income from investments made in the ordinary course of a trade or business of furnishing insurance or annuity contracts or reinsuring risks underwritten by insurance companies.
- Income or gain derived in the ordinary course of an activity of trading or dealing in any property if such activity constitutes a trade or business (unless the dealer held the

property for investment at any time before such income or gain is recognized).

- Royalties derived by the taxpayer in the ordinary course of a trade or business of licensing intangible property.
- Amounts included in the gross income of a patron of a cooperative by reason of any payment or allocation to the patron based on patronage occurring with respect to a trade or business of the patron.
- Other income identified by the IRS as income derived by the taxpayer in the ordinary course of a trade or business.

See Temporary Regulations section 1.469-2T(c)(3) for more information on portfolio income.

Report portfolio income and related deductions on Schedule K rather than on page 1 of Form 1065.

Self-Charged Interest

Certain self-charged interest income and deductions may be treated as passive activity gross income and passive activity deductions if the loan proceeds are used in a passive activity. Generally, self-charged interest income and deductions result from loans between the partnership and its partners. It also includes loans between the partnership and another partnership if each owner in the borrowing entity has the same proportional ownership interest in the lending entity.

The self-charged interest rules do not apply to a partner's interest in a partnership if the partnership makes an election under Regulations section 1.469-7(g) to avoid the application of these rules. To make the election, the partnership must attach to its original or amended partnership return, a statement that includes the name, address, and EIN of the partnership and a declaration that the election is being made under Regulations section 1.469-7(g). The election will apply to the tax year in which it was made and all subsequent tax years. Once made, the election may only be revoked with the consent of the IRS.

For more details on the self-charged interest rules, see Regulations section 1.469-7.

Grouping Activities

Generally, one or more trade or business or rental activities may be treated as a single activity if the activities make up an appropriate economic unit for measurement of gain or loss under the passive activity rules. Whether activities make up an appropriate economic unit depends on all the relevant facts and circumstances. The factors given the greatest weight in determining whether activities make up an appropriate economic unit are:

- Similarities and differences in types of trades or businesses,
- The extent of common control,
- The extent of common ownership,
- Geographical location, and

- Reliance between or among the activities.

Example. The partnership has a significant ownership interest in a bakery and a movie theater in Baltimore and a bakery and a movie theater in Philadelphia. Depending on the relevant facts and circumstances, there may be more than one reasonable method for grouping the partnership's activities. For instance, the following groupings may or may not be permissible.

- A single activity.
- A movie theater activity and a bakery activity.
- A Baltimore activity and a Philadelphia activity.
- Four separate activities.

Once the partnership chooses a grouping under these rules, it must continue using that grouping in later tax years unless a material change in the facts and circumstances makes it clearly inappropriate.

The IRS may regroup the partnership's activities if the partnership's grouping fails to reflect one or more appropriate economic units and one of the primary purposes of the grouping is to avoid the passive activity limitations.

Limitation on grouping certain activities.

The following activities may not be grouped together.

1. A rental activity with a trade or business activity unless the activities being grouped together make up an appropriate economic unit and:
 - a. The rental activity is insubstantial relative to the trade or business activity or vice versa or
 - b. Each owner of the trade or business activity has the same proportionate ownership interest in the rental activity. If so, the portion of the rental activity involving the rental of property to be used in the trade or business activity can be grouped with the trade or business activity.
2. An activity involving the rental of real property with an activity involving the rental of personal property (except personal property provided in connection with the real property or vice versa).
3. Any activity with another activity in a different type of business and in which the partnership holds an interest as a limited partner or as a limited entrepreneur (as defined in section 464(e)(2)) if that other activity engages in holding, producing, or distributing motion picture films or videotapes; farming; leasing section 1245 property; or exploring for or exploiting oil and gas resources or geothermal deposits.

Activities conducted through other partnerships. Once a partnership determines its activities under these rules, the partnership as a partner can use these rules to group those activities with:

- Each other,
- Activities conducted directly by the partnership, or

- Activities conducted through other partnerships.

A partner cannot treat as separate activities those activities grouped together by a partnership.

Recharacterization of Passive Income

Under Temporary Regulations section 1.469-2T(f) and Regulations section 1.469-2(f), net passive income from certain passive activities must be treated as nonpassive income. Net passive income is the excess of an activity's passive activity gross income over its passive activity deductions (current year deductions and prior year unallowed losses).

Income from the following six sources is subject to recharacterization.

Note. Any net passive income recharacterized as nonpassive income is treated as investment income for purposes of figuring investment interest expense limitations if it is from (a) an activity of renting substantially nondepreciable property from an equity-financed lending activity or (b) an activity related to an interest in a pass-through entity that licenses intangible property.

Significant participation passive activities. A significant participation passive activity is any trade or business activity in which the partner participated for more than 100 hours during the tax year but did not materially participate. Because each partner must determine the partner's level of participation, the partnership will not be able to identify significant participation passive activities.

Certain nondepreciable rental property activities. Net passive income from a rental activity is nonpassive income if less than 30% of the unadjusted basis of the property used or held for use by customers in the activity is subject to depreciation under section 167.

Passive equity-financed lending activities. If the partnership has net income from a passive equity-financed lending activity, the smaller of the net passive income or the equity-financed interest income from the activity is nonpassive income.

Note. The amount of income from the activities in the three previous paragraphs that any partner will be required to recharacterize as nonpassive income may be limited under Temporary Regulations section 1.469-2T(f)(8). Because the partnership will not have information regarding all of a partner's activities, it must identify all partnership activities meeting the definitions in the previous two paragraphs as activities that may be subject to recharacterization.

Rental of property incidental to a development activity. Net rental activity income is the excess of passive activity gross income from renting or disposing of property

over passive activity deductions (current year deductions and prior year unallowed losses) that are reasonably allocable to the rented property. Net rental activity income is nonpassive income for a partner if all of the following apply.

- The partnership recognizes gain from the sale, exchange, or other disposition of the rental property during the tax year.
- The use of the item of property in the rental activity started less than 12 months before the date of disposition. The use of an item of rental property begins on the first day that (a) the partnership owns an interest in the property, (b) substantially all of the property is either rented or held out for rent and ready to be rented, and (c) no significant value-enhancing services remain to be performed.
- The partner materially or significantly participated for any tax year in an activity that involved performing services to enhance the value of the property (or any other item of property, if the basis of the property disposed of is determined in whole or in part by reference to the basis of that item of property).

Because the partnership cannot determine a partner's level of participation, the partnership must identify net income from property described earlier under *Rental Activities* (without regard to the partner's level of participation) as income that may be subject to recharacterization.

Rental of property to a nonpassive activity. If a taxpayer rents property to a trade or business activity in which the taxpayer materially participates, the taxpayer's net rental activity income from the property is nonpassive income.

Acquisition of an interest in a pass-through entity that licenses intangible property. Generally, net royalty income from intangible property is nonpassive income if the taxpayer acquired an interest in the pass-through entity after the pass-through entity created the intangible property or performed substantial services or incurred substantial costs in developing or marketing the intangible property. Net royalty income is the excess of passive activity gross income from licensing or transferring any right in intangible property over passive activity deductions (current year deductions and prior year unallowed losses) that are reasonably allocable to the intangible property.

See Temporary Regulations section 1.469-2T(f)(7)(iii) for exceptions to this rule.

Passive Activity Reporting Requirements

To allow partners to correctly apply the passive activity loss and credit limitation rules, any partnership that carries on more than one activity must do the following.

1. Provide an attached statement for each activity conducted through the partnership that identifies the type of activity conducted (trade or business, rental real

estate, rental activity other than rental real estate, or investment). See [Grouping Activities](#), discussed earlier.

2. On the attached statement for each activity, provide a statement, using the same box numbers as shown on Schedule K-1, detailing the net income (loss), credits, and all items required to be separately stated under section 702(a) from each trade or business activity, from each rental real estate activity, from each rental activity other than a rental real estate activity, and from investments.

3. Identify the net income (loss) and credits from each oil or gas well drilled or operated under a working interest that any partner (other than a partner whose only interest in the partnership during the year is as a limited partner) holds through the partnership. Further, if any partner had an interest as a general partner in the partnership during less than the entire year, the partnership must identify both the disqualified deductions from each well that the partner must treat as passive activity deductions, and the ratable portion of the gross income from each well that the partner must treat as passive activity gross income.

4. Identify the net income (loss) and the partner's share of partnership interest expense from each activity of renting a dwelling unit that any partner uses for personal purposes during the year for more than the greater of 14 days or 10% of the number of days that the residence is rented at fair rental value.

5. Identify the net income (loss) and the partner's share of partnership interest expense from each activity of trading personal property conducted through the partnership.

6. For any gain (loss) from the disposition of an interest in an activity or of an interest in property used in an activity (including dispositions before 1987 from which gain is being recognized after 1986):

a. Identify the activity in which the property was used at the time of disposition,

b. If the property was used in more than one activity during the 12 months preceding the disposition, identify the activities in which the property was used and the adjusted basis allocated to each activity, and

c. For gains only, if the property was substantially appreciated at the time of the disposition and the applicable holding period specified in Regulations section 1.469-2(c)(2)(iii)(A) was not satisfied, identify the amount of the nonpassive gain and indicate whether the gain is investment income under Regulations section 1.469-2(c)(2)(iii)(F).

7. Specify the amount of gross portfolio income, the interest expense properly allocable to portfolio income, and expenses other than interest expense that are clearly and directly allocable to portfolio income.

8. Identify separately any of the following types of payments to partners.

a. Payments to a partner for services other than in the partner's capacity as a partner under section 707(a).

b. Guaranteed payments to a partner for services under section 707(c).

c. Guaranteed payments for use of capital.

d. If section 736(a)(2) payments are made for unrealized receivables or for goodwill, the amount of the payments and the activities to which the payments are attributable.

e. If section 736(b) payments are made, the amount of the payments and the activities to which the payments are attributable.

9. Identify the ratable portion of any section 481 adjustment (whether a net positive or a net negative adjustment) allocable to each partnership activity.

10. Identify the amount of gross income from each oil or gas property of the partnership.

11. Identify any gross income from sources specifically excluded from passive activity gross income, including:

a. Income from intangible property if the partner is an individual whose personal efforts significantly contributed to the creation of the property;

b. Income from state, local, or foreign income tax refunds; and

c. Income from a covenant not to compete if the partner is an individual who contributed the covenant to the partnership.

12. Identify any deductions that are not passive activity deductions.

13. If the partnership makes a full or partial disposition of its interest in another entity, identify the gain (loss) allocable to each activity conducted through the entity, and the gain allocable to a passive activity that would have been recharacterized as nonpassive gain had the partnership disposed of its interest in property used in the activity (because the property was substantially appreciated at the time of the disposition, and the gain represented more than 10% of the partner's total gain from the disposition).

14. Identify the following items from activities that may be subject to the recharacterization rules under Temporary Regulations section 1.469-2T(f) and Regulations section 1.469-2(f).

a. Net income from an activity of renting substantially nondepreciable property.

b. The smaller of equity-financed interest income or net passive income from an equity-financed lending activity.

c. Net rental activity income from property developed (by the partner or the partnership), rented, and sold within 12 months after the rental of the property commenced.

d. Net rental activity income from the rental of property by the partnership to a

trade or business activity in which the partner had an interest (either directly or indirectly).

e. Net royalty income from intangible property if the partner acquired the partner's interest in the partnership after the partnership created the intangible property or performed substantial services, or incurred substantial costs in developing or marketing the intangible property.

15. Identify separately the credits from each activity conducted by or through the partnership.

16. Identify the partner's distributive share of the partnership's self-charged interest income or expense (see [Self-Charged Interest](#), earlier).

a. **Loans between a partner and the partnership.** Identify the lending or borrowing partner's share of the self-charged interest income or expense. If the partner made the loan to the partnership, also identify the activity in which the loan proceeds were used. If the proceeds were used in more than one activity, allocate the interest to each activity based on the amount of the proceeds used in each activity.

b. **Loans between the partnership and another partnership or an S corporation.** If the partnership's partners have the same proportional ownership interest in the partnership and the other partnership or S corporation, identify each partner's share of the interest income or expense from the loan. If the partnership was the borrower, also identify the activity in which the loan proceeds were used. If the loan proceeds were used in more than one activity, allocate the interest to each activity based on the amount of the proceeds used in each activity.

Extraterritorial Income Exclusion

See the Form 8873, Extraterritorial Income Exclusion, to determine whether the partnership qualifies for the exclusion and to figure the amount of the exclusion. If the partnership's foreign trading gross receipts do not exceed \$5 million and the partnership does not meet the foreign economic process requirements for the exclusion, it must report certain information to its partners. See the instructions below on how to report the exclusion on the partnership's return and the information it must report to its partners.

The partnership must report the extraterritorial income exclusion on its return as follows.

1. If the partnership met the foreign economic process requirements explained in the Instructions for Form 8873, it can report the exclusion as a nonseparately stated item on whichever of the following lines apply to that activity.

- Form 1065, page 1, line 20;
- Form 8825, line 15; or
- Form 1065, Schedule K, line 3b.

In addition, the partnership must report as an item of information on Schedule K-1, box 16, using code O, the partner's

distributive share of foreign trading gross receipts from Form 8873, line 15.

2. If the foreign trading gross receipts of the partnership for the tax year are \$5 million or less and the partnership did not meet the foreign economic process requirements, it cannot report the extraterritorial income exclusion as a nonseparately stated item on its return. Instead, the partnership must report the following separately stated items to the partners on Schedule K-1, box 16.

- Foreign trading gross receipts (code O). Report each partner's distributive share of foreign trading gross receipts from line 15 of Form 8873 in box 16 using code O.
- Extraterritorial income exclusion (code P). Report each partner's distributive share of the extraterritorial income exclusion from Form 8873 in box 16 using code P and identify on an attached statement the activity to which the exclusion relates. If the partnership is required to complete more than one Form 8873, combine the exclusions from line 52 and report a single exclusion amount in box 16.

Note. Upon request of a partner, the partnership should furnish a copy of the partnership's Form 8873 if that partner has a reduction for international boycott operations, illegal bribes, kickbacks, etc.

Specific Instructions

These instructions follow the line numbers on the first page of Form 1065. The accompanying schedules are discussed separately. Specific instructions for most of the lines are provided. Lines that are not discussed are self-explanatory.

Fill in all applicable lines and schedules.

Enter any items specially allocated to the partners in the appropriate box of the applicable partner's Schedule K-1. Enter the total amount on the appropriate line of Schedule K. Do not enter separately stated amounts on the numbered lines on Form 1065, page 1, on Form 1125-A, or on Schedule D.

File all five pages of Form 1065. However, if the answer to question 6 of Schedule B is "Yes," Schedules L, M-1, and M-2 on page 5 are optional. Also attach a Schedule K-1 to Form 1065 for each partner.

File only one Form 1065 for each partnership. Mark "Duplicate Copy" on any copy you give to a partner.

If a syndicate, pool, joint venture, or similar group files Form 1065, it must attach a copy of the agreement and all amendments to the return, unless a copy has previously been filed.

Note. A foreign partnership required to file a return generally must report all of its foreign and U.S. source income. For rules regarding whether a foreign partnership must file Form 1065, see [Who Must File](#), earlier.

Name and Address

Print or type the legal name of the partnership, address, and EIN on the appropriate lines. If the partnership has changed its name, check box G(3). Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and the partnership has a P.O. box, show the box number instead.

If the partnership receives its mail in care of a third party (such as an accountant or an attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box.

If the partnership's address is outside the United States or its possessions or territories, enter the information on the line for "City or town, state, and ZIP code" in the following order: city, province or state, and the foreign country. Follow the foreign country's practice in placing the postal code in the address. Do not abbreviate the country name.

If the partnership has changed its address since it last filed a return (including a change to an "in care of" address), check box G(4) for "Address change."

Note. If the partnership changes its mailing address after filing its return, it can notify the IRS by filing Form 8822-B, Change of Address—Business.

Items A and C

Enter the applicable activity name and the code number from the list, *Codes for Principal Business Activity and Principal Product or Service*, near the end of the instructions.

For example, if, as its principal business activity, the partnership (a) purchases raw materials, (b) subcontracts out for labor to make a finished product from the raw materials, and (c) retains title to the goods, the partnership is considered to be a manufacturer and must enter "Manufacturer" in item A and enter in item C one of the codes (311110 through 339900) listed under "Manufacturing" on the list, *Codes for Principal Business Activity and Principal Product or Service*, near the end of the instructions.

Item D. Employer Identification Number (EIN)

Show the correct EIN in item D. If the partnership does not have an EIN, it must apply for one:

- Online—Click on the EIN link at <http://www.irs.gov/Businesses/Small-Businesses-&Self-Employed/Small-Business-and-Self-Employed-Tax-Center-1>. The EIN is issued immediately once the application information is validated.
- By telephone at 1-800-829-4933, or at 1-800-829-4059 for individuals who have access to TTY/TDD equipment.
- By mailing or faxing Form SS-4, Application for Employer Identification Number.

A limited liability company must determine which type of federal tax entity it will be (that is, partnership, corporation, or disregarded entity) before applying for an EIN (see Form 8832, Entity Classification Election, for details). If the partnership has not received its EIN by the time the return is due, enter "Applied for" and the application date in the space for the EIN. For more details, see the Instructions for Form SS-4.

Note. The online application process is not yet available for partnerships with addresses in foreign countries. If you are located outside the United States, please call 1-267-941-1099.

Do not request a new EIN for a partnership that terminated because of a sale or exchange of at least 50% of the total interests in partnership capital and profits.

Item F. Total Assets

You are not required to complete item F if the answer to question 6 of Schedule B is "Yes."

If you are required to complete this item, enter the partnership's total assets at the end of the tax year, as determined by the accounting method regularly used in keeping the partnership's books and records. If there were no assets at the end of the tax year, enter -0-.

Item G

A technical termination (box G(6)) occurs when there has been a sale or exchange of 50% or more of the interests in partnership capital and profits within a 12-month period.

If this Form 1065 is being filed for the tax period ending on the date a technical termination has occurred, check box G(2) and box G(6). See [Termination of the Partnership](#), earlier.

If this Form 1065 is being filed for the tax period beginning immediately after a technical termination has occurred, check box G(1) and box G(6). A new EIN is not needed in a technical termination. The new partnership that is formed will continue to use the EIN of the terminated partnership.

For information on amended returns, see [Amended Return](#), earlier.

Item J. Schedule C and Schedule M-3

A partnership must complete Schedule M-3, Net Income (Loss) Reconciliation for Certain Partnerships, instead of Schedule M-1, if any of the following apply.

1. The amount of total assets at the end of the tax year is \$10 million or more.
2. The amount of adjusted total assets for the tax year is \$10 million or more. Adjusted total assets is defined in the Instructions for Schedule M-3.
3. The amount of total receipts (as defined later, in the instructions for Schedule B, question 6), for the tax year, is \$35 million or more.
4. An entity that is a reportable entity partner with respect to the partnership owns

or is deemed to own, directly or indirectly, an interest of 50% or more in the partnership's capital, profit, or loss, on any day during the tax year of the partnership. Reportable entity partner is defined in the Instructions for Schedule M-3.

A partnership filing Form 1065 that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1.

Any partnership that files Schedule M-3 must also complete and file Schedule C, Additional Information for Schedule M-3 Filers.

See the Instructions for Schedule C and Schedule M-3 for more information.

Income

Report only trade or business activity income on lines 1a through 8. Do not report rental activity income or portfolio income on these lines. See Passive Activity Limitations, earlier, for definitions of rental income and portfolio income. Rental activity income and portfolio income are reported on Schedules K and K-1. Rental real estate activities are also reported on Form 8825.

Tax-exempt income. Do not include any tax-exempt income on lines 1a through 8. A partnership that receives any tax-exempt income other than interest, or holds any property or engages in any activity that produces tax-exempt income, reports this income on line 18b of Schedule K and in box 18 of Schedule K-1 using code B.

Report tax-exempt interest income, including exempt-interest dividends received as a shareholder in a mutual fund or other regulated investment company, on line 18a of Schedule K and in box 18 of Schedule K-1 using code A.

See [Deductions](#), after the instructions for lines 1a through 8 and before the instructions for lines 9 through 21, for information on how to report expenses related to tax-exempt income.

Election to defer income from cancelled debt. If the partnership elected to defer cancellations of debt (COD) income under section 108(i), the exclusions for COD under sections 108(a)(1)(A), (B), (C), and (D) do not apply to the income from the COD for the tax year of the election and any later year. If the partnership issued a debt instrument with original issue discount (OID) that is subject to section 108(i)(2) because of an election under section 108(i) to defer COD income, the deduction for all or a portion of the OID that accrues prior to the first tax year the COD is includible in income is deferred until the COD is includible in income. The amount of OID deferred is limited to the amount of COD income subject to the section 108(i) election. See section 108(i) and Rev. Proc. 2009-37, 2009-36 I.R.B. 309 for more information. See also Temporary Regulations section 1.108(i)-2T.

Section 108(i) election and reporting by tiered partnerships. A partnership that receives a Schedule K-1 from another partnership containing information relating to a section 108(i) election must report on the Schedules K-1 to its partners certain information relative to the section 108(i) election. See Rev. Proc. 2009-37, 2009-36 I.R.B. 309 for details. See also Temporary Regulations section 1.108(i)-2T.

Line 1a. Gross receipts or sales

Enter on line 1a gross receipts or sales from all trade or business operations, except for amounts that must be reported on lines 4 through 7.

Special rules apply to certain income, as discussed below. For example, do not include gross receipts from farming on line 1a. Instead, show the net profit (loss) from farming on line 5. Also, do not include on line 1a rental activity income or portfolio income.

In general, advance payments are reported in the year of receipt. To report income from long-term contracts, see section 460. For special rules for reporting certain advance payments for goods and long-term contracts, see Regulations section 1.451-5. For permissible methods for reporting advance payments for services and certain goods by an accrual method partnership, see Rev. Proc. 2004-34, 2004-22 I.R.B. 991, as clarified and modified by Rev. Proc. 2011-18, and modified by Rev. Proc. 2011-14.

Installment sales. Generally, the installment method cannot be used for dealer dispositions of property. A "dealer disposition" is any disposition of:

1. Personal property by a person who regularly sells or otherwise disposes of personal property of the same type on the installment plan or
2. Real property held for sale to customers in the ordinary course of the taxpayer's trade or business.

Exception. These restrictions on using the installment method do not apply to dispositions of property used or produced in a farming business or sales of timeshares and residential lots. However, if the partnership elects to report dealer dispositions of timeshares and residential lots on the installment method, each partner's tax liability must be increased by the partner's allocable share of the interest payable under section 453(l)(3).

Include on line 1a the gross profit on collections from installment sales for any of the following.

- Dealer dispositions of property before March 1, 1986.
- Dispositions of property used or produced in the trade or business of farming.
- Certain dispositions of timeshares and residential lots reported under the installment method.

Attach a statement showing the following information for the current year and the 3 preceding years.

- Gross sales.
- Cost of goods sold.
- Gross profits.
- Percentage of gross profits to gross sales.
- Amount collected.
- Gross profit on the amount collected.

Nonaccrual-experience method.

Partnerships that qualify to use the nonaccrual-experience method (described earlier) should attach a statement showing total gross receipts, the amount not accrued as a result of the application of section 448(d)(5), and the net amount accrued. Include the net amount on line 1a.

Line 2. Cost of Goods Sold

If the partnership has a cost of goods sold deduction, complete Form 1125-A and enter on line 2 the amount from Form 1125-A, line 8. See Form 1125-A and its instructions.

Line 4. Ordinary Income (Loss) From Other Partnerships, Estates, and Trusts

Enter the ordinary income (loss) shown on Schedule K-1 (Form 1065) or Schedule K-1 (Form 1041), or other ordinary income (loss) from a foreign partnership, estate, or trust. Show the partnership's, estate's, or trust's name, address, and EIN on a separate statement attached to this return. If the amount entered is from more than one source, identify the amount from each source.

Do not include portfolio income or rental activity income (loss) from other partnerships, estates, or trusts on this line. Instead, report these amounts on Schedules K and K-1, or on line 20a of Form 8825 if the amount is from a rental real estate activity.

Ordinary income (loss) from another partnership that is a publicly traded partnership is not reported on this line. Instead, report the amount separately on line 11 of Schedule K and in box 11 of Schedule K-1 using code F.

Treat shares of other items separately reported on Schedule K-1 issued by the other entity as if the items were realized or incurred by this partnership.

If there is a loss from another partnership, the amount of the loss that may be claimed is subject to the at-risk and basis limitations as appropriate.

If the tax year of your partnership does not coincide with the tax year of the other partnership, estate, or trust, include the ordinary income (loss) from the other entity in the tax year in which the other entity's tax year ends.

Line 5. Net Farm Profit (Loss)

Enter the partnership's net farm profit (loss) from Schedule F (Form 1040), Profit or Loss From Farming. Attach Schedule F (Form 1040) to Form 1065. Do not include on this

line any farm profit (loss) from other partnerships. Report those amounts on line 4. In figuring the partnership's net farm profit (loss), do not include any section 179 expense deduction; this amount must be separately stated.

Also report the partnership's fishing income on this line.

For a special rule concerning the method of accounting for a farming partnership with a corporate partner and for other tax information on farms, see Pub. 225, Farmer's Tax Guide.

Note. Because the election to deduct the expenses of raising any plant with a preproductive period of more than 2 years is made by the partner and not the partnership, farm partnerships that are not required to use an accrual method should not capitalize such expenses. Instead, state them separately on an attached statement to Schedule K, line 13d, and in box 13 of Schedule K-1, using code P. See Regulations section 1.263A-4(d) for more information.

Line 6. Net Gain (Loss) From Form 4797

Include only ordinary gains or losses from the sale, exchange, or involuntary conversion of assets used in a trade or business activity. Ordinary gains or losses from the sale, exchange, or involuntary conversion of rental activity assets are reported separately on line 19 of Form 8825 or line 3c of Schedule K and box 3 of Schedule K-1, generally as a part of the net income (loss) from the rental activity.

A partnership that is a partner in another partnership must include on Form 4797, Sales of Business Property, its share of ordinary gains (losses) from sales, exchanges, or involuntary conversions (other than casualties or thefts) of the other partnership's trade or business assets.

Partnerships should not use Form 4797 to report the sale or other disposition of property if a section 179 expense deduction was previously passed through to any of its partners for that property. Instead, report it in box 20 of Schedule K-1 using code L. See the instructions for *Dispositions of property with section 179 deductions (code L)*, later, for details.

Line 7. Other Income (Loss)

Enter any other trade or business income (loss) not included on lines 1a through 6. List the type and amount of income on an attached statement. Examples of other income include the following.

1. Interest income derived in the ordinary course of the partnership's trade or business, such as interest charged on receivable balances.
2. Recoveries of bad debts deducted in prior years under the specific charge-off method.
3. Taxable income from insurance proceeds.

4. The amount included in income from line 7 of Form 6478, Alcohol and Cellulosic Biofuel Fuels Credit.

5. The amount included in income from line 8 of Form 8864, Biodiesel and Renewable Diesel Fuels Credit.

6. The recapture amount under section 280F if the business use of listed property drops to 50% or less. To figure the recapture amount, complete Part IV of Form 4797.

7. Any recapture amount under section 179A for clean-fuel vehicle refueling property that ceases to qualify. See Regulations section 1.179A-1 for details.

8. All section 481 income adjustments resulting from changes in accounting methods. Show the computation of the section 481 adjustments on an attached statement.

9. Part or all of the proceeds received from certain employer-owned life insurance contracts issued after August 17, 2006. Partnerships that own one or more employer-owned life insurance contracts issued after that date must file Form 8925, Report of Employer-Owned Life Insurance Contracts. See section 101(j) for details.

Do not include items requiring separate computations that must be reported on Schedules K and K-1. See the instructions for Schedules K and K-1, later.

Do not report portfolio or rental activity income (loss) on this line.

Deductions

Report only trade or business activity deductions on lines 9 through 20.

Do not report the following expenses on lines 9 through 20.

- Rental activity expenses. Report these expenses on Form 8825 or line 3b of Schedule K.
- Deductions allocable to portfolio income. Report these deductions on line 13d of Schedule K and in box 13 of Schedule K-1 using code I, K, or L.
- Nondeductible expenses (for example, expenses connected with the production of tax-exempt income). Report nondeductible expenses on line 18c of Schedule K and in box 18 of Schedule K-1 using code C.
- Qualified expenditures to which an election under section 59(e) may apply. The instructions for line 13c of Schedule K and for Schedule K-1, box 13, code J, explain how to report these amounts.
- Items the partnership must state separately that require separate computations by the partners. Examples include expenses incurred for the production of income instead of in a trade or business, charitable contributions, foreign taxes paid or accrued, intangible drilling and development costs, soil and water conservation expenditures, amortizable basis of reforestation expenditures, and exploration expenditures. The distributive shares of

these expenses are reported separately to each partner on Schedule K-1.

Limitations on Deductions

Section 263A uniform capitalization

rules. The uniform capitalization rules of section 263A generally require partnerships to capitalize or include in inventory costs, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property by a partnership for use in its trade or business or in an activity engaged in for profit.

Tangible personal property produced by a partnership includes a film, sound recording, videotape, book, or similar property.

The costs required to be capitalized under section 263A are not deductible until the property to which the costs relate is sold, used, or otherwise disposed of by the partnership.

Exceptions. Section 263A does not apply to the following.

- Inventoriable items accounted for in the same manner as materials and supplies that are not incidental. See Form 1125-A and its instructions for details.
- Personal property acquired for resale if the partnership's average annual gross receipts for the 3 prior tax years were \$10 million or less.
- Timber.
- Most property produced under a long-term contract.
- Certain property produced in a farming business. See the note at the end of the instructions for line 5, earlier.
- Geological and geophysical costs amortized under section 167(h).

The partnership must report the following costs separately to the partners for purposes of determinations under section 59(e).

- Research and experimental costs under section 174.
- Intangible drilling costs for oil, gas, and geothermal property.
- Mining exploration and development costs.

Indirect costs. Partnerships subject to the uniform capitalization rules are required to capitalize not only direct costs but an allocable part of most indirect costs (including taxes) that benefit the assets produced or acquired for resale, or are incurred because of the performance of production or resale activities.

For inventory, indirect costs that must be capitalized include the following.

- Administration expenses.
- Taxes.
- Depreciation.
- Insurance.

- Compensation paid to officers attributable to services.
- Rework labor.
- Contributions to pension, stock bonus, and certain profit-sharing, annuity, or deferred compensation plans.

Regulations section 1.263A-1(e)(3) specifies other indirect costs that relate to production or resale activities that must be capitalized and those that may be currently deductible.

Interest expense paid or incurred during the production period of designated property must be capitalized and is governed by special rules. For more details, see Regulations sections 1.263A-8 through 1.263A-15.

For more details on the uniform capitalization rules, see Regulations sections 1.263A-1 through 1.263A-3.

Transactions between related taxpayers. Generally, an accrual basis partnership can deduct business expenses and interest owed to a related party (including any partner) only in the tax year of the partnership that includes the day on which the payment is includible in the income of the related party. See section 267 for details.

Business start-up and organizational costs. Generally, a partnership can elect to deduct up to \$5,000 of business start-up and organizational costs paid or incurred after October 22, 2004. Any remaining costs must be amortized. The \$5,000 deduction is reduced (but not below zero) by the amount the total costs exceed \$50,000. If the total costs are \$55,000 or more, the deduction is reduced to zero. Any costs not deducted must be amortized as explained below. See sections 195(b) and 709(b).

Time for making an election. The partnership generally elects to deduct start-up or organizational costs by claiming the deduction on its return filed by the due date (including extensions) for the tax year in which the active trade or business begins. However, for start-up or organizational costs paid or incurred before September 9, 2008, the partnership may be required to attach a statement to its return to elect to deduct such costs. See Temporary Regulations sections 1.195-1T and 1.709-1T (as in effect on July 7, 2008) for details. Also, see Regulations sections 1.195-1 and 1.709-1. If the partnership timely filed its return for the year without making an election, it can still make an election by filing an amended return within 6 months of the due date of the return (excluding extensions). Clearly indicate the election on the amended return and write "Filed pursuant to section 301.9100-2" at the top of the amended return. File the amended return at the same address the partnership filed its original return. The election applies when figuring income for the current tax year and all subsequent years.

The partnership can choose to forgo the above elections by clearly electing to capitalize its start-up or organizational costs on its return filed by the due date (including

extensions) for the tax year in which the active trade or business begins.

The election to either amortize or capitalize start-up or organizational costs is irrevocable and applies to all start-up and organizational costs that are related to the trade or business.

Amortization. Any costs not deducted under the above rules must be amortized ratably over a 180-month period, beginning with the month the partnership begins business. See the Instructions for Form 4562 for details.

Report the deductible amount of these costs and any amortization on line 20. For amortization that began during the tax year, complete and attach Form 4562.

Syndication costs. Costs for issuing and marketing interests in the partnership, such as commissions, professional fees, and printing costs, must be capitalized. They cannot be depreciated or amortized. See the instructions for line 10, later, for the treatment of syndication fees paid to a partner.

Reducing certain expenses for which credits are allowable. The partnership may need to reduce the otherwise allowable deductions for expenses used to figure certain credits. The following are examples of such credits. (Do not reduce the amount of the allowable deduction for any portion of the credit that was passed through to the partnership from another pass-through entity.)

1. Work opportunity credit.
2. Credit for increasing research activities.
3. Disabled access credit.
4. Empowerment zone employment credit.
5. Indian employment credit.
6. Credit for employer social security and Medicare taxes paid on certain employee tips.
7. Orphan drug credit.
8. Credit for small employer pension plan startup costs.
9. Credit for employer-provided childcare facilities and services.
10. Low sulfur diesel fuel production credit.
11. Mine rescue team training credit.
12. Agricultural chemicals security credit.
13. Credit for employer differential wage payments.
14. Credit for small employer health insurance premiums.

If the partnership has any of these credits, figure each current year credit before figuring the deductions for expenses on which the credit is based.

Line 9. Salaries and Wages

Enter the salaries and wages paid or incurred for the tax year, reduced by the

amount of the following credit(s), if applicable:

- Work Opportunity Credit (Form 5884).
- Empowerment Zone Employment Credit (Form 8844)
- Indian Employment Credit (Form 8845).
- Mine Rescue Team Training Credit (Form 8923).
- Credit for Employer Differential Wage Payments (Form 8932).

Do not reduce the amount of the allowable deduction for any portion of the credit that was passed through to the partnership from another pass-through entity. See the instructions for the credit form for more information.

Do not include salaries and wages reported elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

Line 10. Guaranteed Payments to Partners

Deduct payments or credits to a partner for services or for the use of capital if the payments or credits are determined without regard to partnership income and are allocable to a trade or business activity. Also include on line 10 amounts paid during the tax year for insurance that constitutes medical care for a partner, a partner's spouse, a partner's dependents, or a partner's children under age 27 who are not dependents.

For information on how to treat the partnership's contribution to a partner's Health Savings Account (HSA), see Notice 2005-8, 2005-4 I.R.B. 368.

Do not include any payments and credits that should be capitalized. For example, although payments or credits to a partner for services rendered in syndicating a partnership may be guaranteed payments, they are not deductible on line 10. They are capital expenditures. However, they should be separately reported on Schedule K, line 4, and on Schedule K-1, box 4.

Do not include distributive shares of partnership profits.

Report the guaranteed payments to the appropriate partners on Schedule K-1, box 4.

Line 11. Repairs and Maintenance

Enter the costs of incidental repairs and maintenance that do not add to the value of the property or appreciably prolong its life, but only to the extent that such costs relate to a trade or business activity and are not claimed elsewhere on the return.

The cost of new buildings, machinery, or permanent improvements that increase the value of the property are not deductible. They are chargeable to capital accounts and may be depreciated or amortized.

Line 12. Bad Debts

Enter the total debts that became worthless in whole or in part during the year, but only to the extent such debts relate to a trade or business activity. Report deductible nonbusiness bad debts as a short-term capital loss on Form 8949.

Cash method partnerships cannot take a bad debt deduction unless the amount was previously included in income.

Line 13. Rent

Enter rent paid on business property used in a trade or business activity. Do not deduct rent for a dwelling unit occupied by any partner for personal use.

If the partnership rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred in the trade or business activities of the partnership. Also complete Part V of Form 4562, Depreciation and Amortization. If the partnership leased a vehicle for a term of 30 days or more, the deduction for vehicle lease expense may have to be reduced by an amount called the inclusion amount. The partnership may have an inclusion amount if:

The lease term began:	And the vehicle's FMV on the first day of the lease exceeded:
After 12/31/07 but before 1/1/13	\$18,500
After 12/31/06 but before 1/1/08	\$15,500
After 12/31/04 but before 1/1/07	\$15,200
After 12/31/03 but before 1/1/05	\$17,500
The inclusion amount for lease terms beginning in 2013 will be published in the Internal Revenue Bulletin in early 2013.	

See Pub. 463 for instructions on figuring the inclusion amount.

Line 14. Taxes and Licenses

Enter taxes and licenses paid or incurred in the trade or business activities of the partnership if not reflected elsewhere on the return. Federal import duties and federal excise and stamp taxes are deductible only if paid or incurred in carrying on the trade or business of the partnership.

Do not deduct the following taxes on line 14.

- Taxes not imposed on the partnership.
- Federal income taxes or taxes reported elsewhere on the return.
- Section 901 foreign taxes. Report these taxes separately on Schedule K, line 16l and on Schedule K-1, box 16, using codes L and M.
- Taxes allocable to a rental activity. Report taxes allocable to rental real estate activity on Form 8825. Report taxes allocable to a

rental activity other than a rental real estate activity on line 3b of Schedule K.

- Taxes allocable to portfolio income. Report these taxes on line 13d of Schedule K and in box 13 of Schedule K-1 using code K.
- Taxes paid or incurred for the production or collection of income, or for the management, conservation, or maintenance of property held to produce income. Report these taxes separately on line 13d of Schedule K and in box 13 of Schedule K-1 using code W.

See section 263A(a) for rules on capitalization of allocable costs (including taxes) for any property.

- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).
- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).

See section 164(d) for information on apportionment of taxes on real property between seller and purchaser.

Line 15. Interest

Include only interest incurred in the trade or business activities of the partnership that is not claimed elsewhere on the return.

Do not include interest expense on the following.

- Debt used to purchase rental property or debt used in a rental activity. Interest allocable to a rental real estate activity is reported on Form 8825 and is used in arriving at net income (loss) from rental real estate activities on line 2 of Schedule K and in box 2 of Schedule K-1. Interest allocable to a rental activity other than a rental real estate activity is included on line 3b of Schedule K and is used in arriving at net income (loss) from a rental activity (other than a rental real estate activity). This net amount is reported on line 3c of Schedule K and in box 3 of Schedule K-1.
- Debt used to buy property held for investment. Interest that is clearly and directly allocable to interest, dividend, royalty, or annuity income not derived in the ordinary course of a trade or business is reported on line 13b of Schedule K and in box 13 of Schedule K-1 using code H. See the instructions for line 13b of Schedule K; box 13, code H of Schedule K-1; and Form 4952, Investment Interest Expense Deduction, for more information on investment property.
- Debt proceeds allocated to distributions made to partners during the tax year. Instead, report such interest on line 13d of Schedule K and in box 13 of Schedule K-1 using code W. To determine the amount to allocate to distributions to partners, see Notice 89-35, 1989-1 C.B. 675.
- Debt required to be allocated to the production of designated property.

Designated property includes real property, personal property that has a class life of 20 years or more, and other tangible property requiring more than 2 years (1 year in the case of property with a cost of more than \$1 million) to produce or construct. Interest allocable to designated property produced by a partnership for its own use or for sale must be capitalized. In addition, a partnership must also capitalize to the basis of the designated property any interest on debt allocable to an asset used to produce designated property. A partner may have to capitalize interest that the partner incurs during the tax year for the partnership's production expenditures. Similarly, interest incurred by a partnership may have to be capitalized by a partner for the partner's own production expenditures. The information required by the partner to properly capitalize interest for this purpose must be provided by the partnership on an attached statement for box 20 of Schedule K-1, using code R. See section 263A(f) and Regulations sections 1.263A-8 through 1.263A-15.

Special rules apply to:

- Allocating interest expense among activities so that the limitations on passive activity losses, investment interest, and personal interest can be properly figured. Generally, interest expense is allocated in the same manner as debt is allocated. Debt is allocated by tracing disbursements of the debt proceeds to specific expenditures. Temporary Regulations section 1.163-8T gives rules for tracing debt proceeds to expenditures.
- Interest paid by a partnership to a partner for the use of capital, which should be entered on line 10 as guaranteed payments.
- Prepaid interest, which generally can only be deducted over the term of the debt. See section 461(g) and Regulations section 1.163-7, 1.446-2, and 1.1273-2(g) for details.
- Interest which is allocable to unborrowed policy cash values of life insurance, endowment, or annuity contracts issued after June 8, 1997, when the partnership is a policyholder or beneficiary. See section 264(f). Attach a statement showing the computation of the deduction.

Line 16. Depreciation

On line 16a, enter only the depreciation claimed on assets used in a trade or business activity. Enter on line 16b the depreciation included elsewhere on the return (for example, on page 1, line 2) that is attributable to assets used in trade or business activities. See the Instructions for Form 4562 or Pub. 946, How To Depreciate Property, to figure the amount of depreciation to enter on this line.

Complete and attach Form 4562 only if the partnership placed property in service during the tax year or claims depreciation on any car or other listed property.

Do not include any section 179 expense deduction on this line. This amount is not deducted by the partnership. Instead, it is passed through to the partners in box 12 of Schedule K-1. Generally, the basis of a

partnership's section 179 property must be reduced to reflect the amount of section 179 expense elected by the partnership. This reduction must be made in the basis of partnership property even if the limitations of section 179(b) and Regulations section 1.179-2 prevent a partner from deducting all or a portion of the amount of the section 179 expense allocated by the partnership.

Line 17. Depletion

If the partnership claims a deduction for timber depletion, complete and attach Form T (Timber), Forest Activities Schedule.

Do not deduct depletion for oil and gas properties. Each partner figures depletion on oil and gas properties. See the instructions for Schedule K-1, box 20, "Depletion information—oil and gas (code T)," for the information on oil and gas depletion that must be supplied to the partners by the partnership.

Line 18. Retirement Plans, etc.

Do not deduct payments for partners to retirement or deferred compensation plans including IRAs, qualified plans, and simplified employee pension (SEP) and SIMPLE IRA plans on this line. These amounts are reported on Schedule K-1, box 13, using code R, and are deducted by the partners on their own returns.

Enter the deductible contributions not claimed elsewhere on the return made by the partnership for its common-law employees under a qualified pension, profit-sharing, annuity, or SEP or SIMPLE IRA plan, and under any other deferred compensation plan.

If the partnership contributes to an individual retirement arrangement (IRA) for employees, include the contribution in salaries and wages on page 1, line 9, or Form 1125-A, line 3, and not on line 18.

Employers who maintain a pension, profit-sharing, or other funded deferred compensation plan (other than a SEP or SIMPLE IRA), whether or not the plan is qualified under the Internal Revenue Code and whether or not a deduction is claimed for the current year, generally must file the applicable form listed below.

- Form 5500, Annual Return/Report of Employee Benefit Plan.
- Form 5500-SF, Short Form Annual Return/Report of Small Employee Benefit Plan (generally filed instead of Form 5500 if there are under 100 participants at the beginning of the plan year).

Note. Form 5500 and Form 5500-SF must be filed electronically under the computerized ERIISA Filing Acceptance System (EFAST2). For more information, see the EFAST2 website at www.efast.dol.gov.

- Form 5500-EZ, Annual Return of One-Participant (Owners and Their Spouses) Retirement Plan. File this form for a plan that only covers one or more partners (or partners and their spouses).

Line 19. Employee Benefit Programs

Enter the partnership's contributions to employee benefit programs not claimed elsewhere on the return (for example, insurance, health, and welfare programs) that are not part of a pension, profit-sharing, etc., plan included on line 18.

Do not include amounts paid during the tax year for insurance that constitutes medical care for a partner, a partner's spouse, a partner's dependents, or a partner's children under age 27 who are not dependents. Instead, include these amounts on line 10 as guaranteed payments on Schedule K, line 4, and Schedule K-1, box 4, of each partner on whose behalf the amounts were paid. Also report these amounts on Schedule K, line 13d, and Schedule K-1, box 13, using code M, of each partner on whose behalf the amounts were paid.

Line 20. Other Deductions

Enter the total allowable trade or business deductions that are not deductible elsewhere on page 1 of Form 1065. Attach a statement listing by type and amount each deduction included on this line. Examples of other deductions include the following.

- Amortization. See the Instructions for Form 4562 for more information. Complete and attach Form 4562 if the partnership is claiming amortization of costs that began during the tax year.
- Insurance premiums.
- Legal and professional fees.
- Supplies used and consumed in the business.
- Utilities.
- Certain business start-up and organizational costs. See [Limitations on Deductions](#), earlier, for more details.
- Deduction for certain energy efficient commercial building property. See section 179D, Notice 2006-52, 2006-26 I.R.B. 1175, as amplified and clarified by Notice 2008-40, 2008-14 I.R.B. 725, and modified by Notice 2012-26.
- Any negative net section 481(a) adjustment.

Also see [Special Rules](#), later.

Do not deduct the following on line 20.

- Items that must be reported separately on Schedules K and K-1.
- Fines or penalties paid to a government for violating any law. Report these expenses on Schedule K, line 18c.
- Expenses allocable to tax-exempt income. Report these expenses on Schedule K, line 18c.
- Net operating losses. Only individuals and corporations may claim a net operating loss deduction.
- Amounts paid or incurred to participate or intervene in any political campaign on behalf of a candidate for public office, or to influence the general public regarding legislative matters, elections, or referendums. Report these expenses on Schedule K, line 18c.

- Expenses paid or incurred to influence federal or state legislation, or to influence the actions or positions of certain federal executive branch officials. However, certain in-house lobbying expenditures that do not exceed \$2,000 are deductible. See section 162(e) for more details.

Special Rules

Commercial revitalization deduction. If the partnership constructed, purchased, or substantially rehabilitated a qualified building in a renewal community, it may have qualified for either (a) a deduction of 50% of qualified capital expenditures in the year the building was placed in service or (b) amortization of 100% of the qualified capital expenditures over a 120-month period beginning with the month the building was placed in service. If the partnership elected to amortize these expenditures, complete and attach Form 4562. To qualify, the building must be nonresidential (as defined in section 168(e)(2)) and placed in service by the partnership. The partnership must be the original user of the building unless it is substantially rehabilitated. The qualified expenditures cannot exceed the lesser of \$10 million or the amount allocated to the building by the commercial revitalization agency of the state in which the building is located. Any remaining expenditures are depreciated over the regular depreciation recovery period. See section 1400I for details.

Note. The commercial revitalization deduction is not available for buildings placed in service after 2009.

Rental real estate. Do not report this deduction on line 20 if the building is placed in service as rental real estate. A commercial revitalization deduction for rental real estate is not deducted by the partnership but is passed through to the partners in box 13 of Schedule K-1 using code Q.

Travel, meals, and entertainment.

Subject to limitations and restrictions discussed below, a partnership can deduct ordinary and necessary travel, meals, and entertainment expenses paid or incurred in its trade or business. Also, special rules apply to deductions for gifts, skybox rentals, luxury water travel, convention expenses, and entertainment tickets. See section 274 and Pub. 463 for details.

Travel. The partnership cannot deduct travel expenses of any individual accompanying a partner or partnership employee, including a spouse or dependent of the partner or employee, unless:

- That individual is an employee of the partnership and
- His or her travel is for a bona fide business purpose and would otherwise be deductible by that individual.

Meals and entertainment. Generally, the partnership can deduct only 50% of the amount otherwise allowable for meals and entertainment expenses paid or incurred in

its trade or business. In addition (subject to exceptions under section 274(k)(2)):

- Meals must not be lavish or extravagant;
- A bona fide business discussion must occur during, immediately before, or immediately after the meal; and
- A partner or employee of the partnership must be present at the meal.

See section 274(n)(3) for a special rule that applies to expenses for meals consumed by individuals subject to the hours of service limits of the Department of Transportation.

Membership dues. The partnership may deduct amounts paid or incurred for membership dues in civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards. However, no deduction is allowed if a principal purpose of the organization is to entertain, or provide entertainment facilities for, members or their guests. In addition, the partnership may not deduct membership dues in any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion.

Entertainment facilities. The partnership cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity usually considered entertainment, amusement, or recreation.

Amounts treated as compensation. Generally, the partnership may be able to deduct otherwise nondeductible entertainment, amusement, or recreation expenses if the amounts are treated as compensation to the recipient and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

Reforestation expenditures. If the partnership made an election to deduct a portion of its reforestation expenditures on line 13d of Schedule K, it must amortize over an 84-month period the portion of these expenditures in excess of the amount deducted on Schedule K (see section 194). Deduct on line 20 only the amortization of these excess reforestation expenditures. See [Reforestation expense deduction \(code S\)](#), later.

Do not deduct amortization of reforestation expenditures paid or incurred before October 23, 2004. If the partnership elected to amortize these expenditures, report the amortizable basis on line 20c of Schedule K. See Amortization of reforestation costs (code U), later, for details.

Schedule B. Other Information

Question 1

Check box 1f for any other type of entity and state the type.

Maximum Percentage Owned for Purposes of Questions 3 and 4

To determine the maximum percentage owned in the partnership's profit, loss, or capital for the purposes of questions 3a, 3b, and 4b, determine separately the partner's percentage of interest in profit, loss, and capital at the end of the partnership's tax year. This determination must be based on the partnership agreement and it must be made using the constructive ownership rules described below. The maximum percentage is the highest of these three percentages (determined at the end of the tax year).

For supplemental information and examples of reasonable methods for determining the maximum percentage owned, go to <http://www.irs.gov/Businesses/Partnerships/2008-Changes-to-Form-1065---Frequently-Asked-Questions>. Also see *Item J. Partner's Profit, Loss, and Capital*, later, for more information on ownership percentages.

Questions 3 and 4

Constructive ownership of the partnership. For purposes of question 3, except with respect to foreign governments within the meaning of section 892, in determining an ownership interest in the profit, loss, or capital of the partnership, the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in the partnership as well as corporate stock. An interest in the partnership which is owned directly or indirectly by or for another entity (corporation, partnership, estate, trust, or tax-exempt organization) is considered to be owned proportionately by the owners (shareholders, partners, or beneficiaries) of the owning entity.

Also, under section 267(c), an individual is considered to own an interest owned directly or indirectly by or for his or her family. The family of an individual includes only that individual's spouse, brothers, sisters, ancestors, and lineal descendants. An interest will be attributed from an individual under the family attribution rules only if the person to whom the interest is attributed owns a direct interest in the partnership or an indirect interest under section 267(c)(1) or (5). For purposes of these instructions, an individual will not be considered to own, under section 267(c)(2), an interest in the partnership owned, directly or indirectly, by a family member of the individual unless the individual also owns an interest in the partnership either directly or

indirectly through a corporation, partnership, or trust.

For purposes of question 3, *foreign government* has the same meaning as it does under section 892. In determining a foreign government's ownership interest in the profit, loss, or capital of the partnership, the constructive ownership rules of Regulation section 1.892-5T(c)(1)(i) apply to ownership of interests in the partnership as well as corporate stock. An interest in the partnership which is owned directly or indirectly by an integral part or controlled entity of a foreign sovereign (within the meaning of Regulation section 1.892-2T(a)) is considered to be owned proportionately by such foreign sovereign.

Constructive ownership examples for questions 3 and 4 are included below. For the purposes of questions 3 and 4, add an owner's direct percentage ownership and indirect percentage ownership in an entity to determine if the owner owns, directly or indirectly, 50% or more of the entity.

Example for question 3a. Corporation A owns, directly, an interest of 50% in the profit, loss, or capital of Partnership B. Corporation A also owns, directly, an interest of 15% in the profit, loss, or capital of Partnership C. Partnership B owns, directly, an interest of 70% in the profit, loss, or capital of Partnership C. Therefore, Corporation A owns, directly or indirectly, an interest of 50% in the profit, loss, or capital of Partnership C (15% directly and 35% indirectly through Partnership B). On Partnership C's Form 1065, it must answer "Yes" to question 3a of Schedule B. See *Example 1* in the instructions for Schedule B-1 (Form 1065) for guidance on providing the rest of the information required of entities answering "Yes" to this question.

Example for question 3b. A owns, directly, 50% of the profit, loss, or capital of Partnership X. B, the daughter of A, does not own, directly, any interest in X and does not own, indirectly, any interest in X through any entity (corporation, partnership, trust, or estate). Because family attribution rules apply only when an individual (in this example, B) owns a direct interest in the partnership or an indirect interest through another entity, A's interest in Partnership X is not attributable to B. On Partnership X's Form 1065, it must answer "Yes" to question 3b of Schedule B. See *Example 2* in the instructions for Schedule B-1 (Form 1065) for guidance on providing the rest of the information required of entities answering "Yes" to this question.

Constructive ownership of other entities by the partnership. For purposes of determining the partnership's constructive ownership of other entities, the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in partnerships and trusts as well as corporate stock. Generally, if an entity (a corporation, partnership, or trust) is owned, directly or indirectly, by or for another entity

(corporation, partnership, estate, or trust), the owned entity is considered to be owned proportionally by or for the owners (shareholders, partners, or beneficiaries) of the owning entity.

Question 4a. List each corporation in which the partnership, at the end of the tax year, owns, directly, 20% or more, or owns, directly or indirectly, 50% or more of the total voting power of all classes of stock entitled to vote. Indicate the name, EIN, country of incorporation, and the percentage interest owned, directly or indirectly, in the total voting power. List the parent corporation of an affiliated group filing a consolidated tax return rather than the subsidiary members except for subsidiary members in which an interest is owned, directly or indirectly, independent of the interest owned, directly or indirectly, in the parent corporation. If a corporation is owned through a disregarded entity, list the information for the corporation rather than the disregarded entity.

Question 4b. List each partnership in which the partnership, at the end of the tax year, owns, directly, an interest of 20% or more, or owns, directly or indirectly, an interest of 50% or more in the profit, loss, or capital of the partnership. List each trust in which the partnership, at the end of the tax year, owns, directly, an interest of 20% or more, or owns, directly or indirectly, an interest of 50% or more in the trust beneficial interest. For each partnership or trust listed, indicate the name, EIN, type of entity (partnership or trust), and country of origin. If the listed entity is a partnership, enter in column (v) the maximum of percentage interests owned, directly or indirectly, in the profit, loss, or capital of the partnership at the end of the partnership's tax year. If the entity is a trust, enter in column (v) the percentage of the partnership's beneficial interest in the trust owned, directly or indirectly, at the end of the tax year. List a partnership or trust owned through a disregarded entity rather than the disregarded entity.

Question 5

Generally, the tax treatment of partnership items is determined at the partnership level in a consolidated audit proceeding under sections 6221 through 6234, rather than in separate proceedings with individual partners. Small partnerships are not subject to the rules for consolidated audit proceedings. "Small partnerships" are defined as any partnership having 10 or fewer partners each of whom is an individual (other than a nonresident alien), a C corporation, or an estate of a deceased partner. The small partnership exception to the consolidated audit procedures does not apply if any partner during the tax year is a partnership, estate, trust, S corporation, nominee, or disregarded entity.

Small partnerships can elect to be subject to the rules for consolidated audit proceedings by attaching Form 8893, Election of Partnership Level Tax Treatment, to the partnership return for the first tax year for which the election is to be effective. This

election must be signed by all persons who were partners of the partnership at any time during the partnership's tax year. Once made, the election may not be revoked without IRS consent (see Form 8894, Request to Revoke Partnership Level Tax Treatment Election). See section 6231(a)(1)(B) and Form 8893 for more information.

The partnership does not make this election when it answers "Yes" to question 5 or when it designates a Tax Matters Partner on Form 1065. The election must be made separately by filing Form 8893.

Question 6

Answer "Yes" if the partnership meets all four of the requirements shown on the form. Total receipts is defined as the sum of gross receipts or sales (page 1, line 1a); all other income (page 1, lines 4 through 7); income reported on Schedule K, lines 3a, 5, 6a, and 7; income or net gain reported on Schedule K, lines 8, 9a, 10, and 11; and income or net gain reported on Form 8825, lines 2, 19, and 20a. Total assets is defined as the amount that would be reported in item F on page 1 of Form 1065.

Question 7

Answer "Yes" if interests in the partnership are traded on an established securities market or are readily tradable on a secondary market (or its substantial equivalent).

Question 8

Generally, the partnership will have income if debt is cancelled or forgiven. The determination of the existence and amount of cancellation of debt income is made at the partnership level. Partnership cancellation of indebtedness income is separately stated on Schedule K and Schedule K-1. The extent to which such income is taxable is usually made by each individual partner under rules found in section 108. For more information, see Pub. 334, Tax Guide for Small Business.

Question 9

Answer "Yes" if the partnership filed, or is required to file, a return under section 6111 to provide information on any reportable transaction by a material advisor. Use Form 8918, Material Advisor Disclosure Statement, to provide the information. For details, see the Instructions for Form 8918.

Question 10. Foreign Accounts

Answer "Yes" if either 1 or 2 below applies to the partnership. Otherwise, check the "No" box.

1. At any time during calendar year 2012, the partnership had an interest in or signature or other authority over a bank account, securities account, or other financial account in a foreign country (see Form TD F 90-22.1, Report of Foreign Bank and Financial Accounts); and

• The combined value of the accounts was more than \$10,000 at any time during the calendar year and

• The accounts were not with a U.S. military banking facility operated by a U.S. financial institution.

2. The partnership owns more than 50% of the stock in any corporation that would answer the question "Yes" based on item 1, above.

If the "Yes" box is checked for the question:

- Enter the name of the foreign country or countries. Attach a separate sheet if more space is needed.
- File Form TD F 90-22.1 by June 30, 2013, with the U.S. Department of the Treasury at the address shown on the form. Because Form TD F 90-22.1 is not a tax form, do not file it with Form 1065. You can order Form TD F 90-22.1 by calling 1-800-TAX-FORM (1-800-829-3676) or you can download it from the IRS website at IRS.gov.

Question 11

The partnership may be required to file Form 3520, Annual Return To Report Transactions With Foreign Trusts and Receipt of Certain Foreign Gifts, if:

- It directly or indirectly transferred property or money to a foreign trust. For this purpose, any U.S. person who created a foreign trust is considered a transferor.
- It is treated as the owner of any part of the assets of a foreign trust under the grantor trust rules.
- It received a distribution from a foreign trust.

For more information, see the Instructions for Form 3520.

Note. An owner of a foreign trust must ensure that the trust files an annual information return on Form 3520-A, Annual Information Return of Foreign Trust With a U.S. Owner.

Questions 12a, 12b, and 12c

Note. You must check "Yes" or "No" for each question.

Question 12a. Answer "Yes" if the partnership is making, or has made (and has not revoked) a section 754 election. If the partnership technically terminated under section 708(b)(1)(B), and the new partnership does not make a section 754 election for its first tax year, the section 754 election is considered "revoked" for purposes of completing question 12a. For information about the election, see item 4 under *Elections Made by the Partnership*, earlier.

Question 12b. Answer "Yes" if the partnership made an optional basis adjustment under section 743(b) or 734(b) for the tax year. If the partnership has made a section 754 election (and it has not been revoked) and either of the following transactions occur, the partnership must make a basis adjustment under section 734(b) or 743(b).

Section 743(b) basis adjustment. A section 743(b) basis adjustment is required if there is a transfer of an interest in the partnership by a sale or exchange, or in the death of a partner. See question 12c if the partnership has a substantial built-in loss immediately after such a transfer. The basis adjustment affects only the transferee's basis in partnership property. The partnership must attach a statement to the return for the tax year in which the transfer occurred. The statement must include:

- The name of the transferee partner,
 - The EIN or SSN of the transferee partner,
 - The computation of the adjustment, and
 - The identity of the partnership properties to which the adjustment has been allocated.
- For details, see section 743 and Regulations section 1.743-1. For details on allocating the basis adjustment to partnership properties, see section 755 and Regulations section 1.755-1.

Section 734(b) basis adjustment. A section 734(b) basis adjustment is required if there is a distribution of property to a partner, whether or not in liquidation of the partner's entire interest in the partnership. See question 12c if there is a substantial built-in loss with respect to the distribution. The basis adjustment affects each partner's basis in the partnership property. The partnership must attach a statement to the return for the tax year in which the distribution occurred. The statement must include:

- The computation of the adjustment,
- The class of property distributed (ordinary income property or capital gain property), and
- The partnership properties to which the adjustment has been allocated.

For details, see section 734 and Regulations section 1.734-1. For details on allocating the basis adjustment to partnership properties, see section 755 and Regulations section 1.755-1.

Question 12c. Answer "Yes" if the partnership had to make a basis reduction under section 743(b) because of a substantial built-in loss (as defined in section 743(d)) or under section 734(b) because of a substantial basis reduction (as defined in section 734(d)). Section 743(d)(1) provides that, for purposes of section 743, a partnership has a substantial built-in loss with respect to a transfer of a partnership interest if the partnership's adjusted basis in the partnership's property exceeds by more than \$250,000 the fair market value of the property. Under section 734(d), there is a substantial basis reduction with respect to a distribution if the sum of the following amounts exceeds \$250,000:

- The amount of loss recognized by the distributee partner on a distribution in liquidation of the partner's interest in the partnership (see section 731(a)(2)), and
- The excess of the basis of the distributed property to the distributee partner (determined under section 732) over the adjusted basis of the distributed property to the partnership immediately before the distribution (as adjusted by section 732(d)).

Section 743(b) basis adjustment. For a section 743(b) basis adjustment, attach a statement that includes:

- Name of the transferee partner,
- EIN or SSN of the transferee partner,
- Computation of the adjustment, and
- Identity of the partnership properties to which the adjustment has been allocated.

Section 734(b) basis adjustment. For a section 734(b) basis adjustment, attach a statement that includes:

- The computation of the adjustment,
- The class of property distributed (ordinary income property or capital gain property), and
- The partnership properties to which the adjustment has been allocated.

Question 13

Check the box if the partnership engaged in a like-kind exchange during the current or immediately preceding tax year and received replacement property which it distributed during the current tax year. For purposes of this question, the partnership is considered to have distributed replacement property if the partnership contributed such property to any entity other than a disregarded entity. The distribution of its ownership interest in a disregarded entity is considered a distribution of the underlying property.

Question 14

If a partnership distributed property to its partners to be jointly owned, whether such distribution is direct or through the formation of an intermediate entity, the question must be answered "Yes." For purposes of question 14, an "undivided interest in partnership property" means property that was owned by the partnership either directly or through a disregarded entity and which was distributed to partners as fractional ownership interests. A tenancy in common interest is a type of undivided ownership interest in property which provides each owner the right to transfer property to a third party without destroying the tenancy in common. Partners may agree to partition property held as tenants in common or may seek a court order to partition the property (usually dividing the property into fractional interests in accordance with each partner's ownership interest in the partnership.)

Example. Partnership P is a partnership which files Form 1065. Partnership P holds title to land held for investment. Partnership P converts its title to the land to fractional interests in the name of the partners and distributes such interests to its partners. Partnership P must answer "Yes" to question 14.

Question 15

Enter the number of Form(s) 8858, Information Return of U.S. Persons With Respect To Foreign Disregarded Entities, that are attached to the return. Form 8858 and its schedules are used by certain U.S. persons (including domestic partnerships) that own a foreign disregarded entity (FDE)

directly, (or, in certain cases, indirectly or constructively) to satisfy the reporting requirements of sections 6011, 6012, 6031, 6038, and the related regulations. See Form 8858 (and its separate instructions) for information on completing the form.

Question 16. Foreign Partners

Answer "Yes" if the partnership had any foreign partners (for purposes of section 1446) at any time during the tax year. Otherwise, answer "No."

If the partnership had gross income effectively connected with a trade or business in the United States and foreign partners, it may be required to withhold tax under section 1446 on income allocable to foreign partners (without regard to distributions) and file Forms 8804, 8805, and 8813. See Regulations sections 1.1446-1 through 7, for more information.

Questions 18a and 18b

If the partnership made any payment in 2012 that would require the partnership to file any Form(s) 1099, check the "Yes" box for question 18a and answer question 18b. Otherwise, check the "No" box for question 18a and skip question 18b. See the *General Instructions for Certain Information Returns* for information on Form(s) 1099 the partnership may be required to file.

Designation of Tax Matters Partner (TMP)

If the partnership is subject to the rules for consolidated audit proceedings in sections 6221 through 6234, the partnership can designate a partner as the TMP for the tax year for which the return is filed by completing the *Designation of Tax Matters Partner* section on page 3 of Form 1065. The designated TMP must be (or have been) a general partner during the tax year and, in most cases, also must be a U.S. person. For details, see Regulations section 301.6231(a)(7)-1.

For a limited liability company (LLC), only a member manager of the LLC is treated as a general partner. A member manager is any owner of an interest in the LLC who, alone or together with others, has the continuing exclusive authority to make the management decisions necessary to conduct the business for which the LLC was formed. If there are no elected or designated member managers, each owner is treated as a member manager. For details, see Regulations section 301.6231(a)(7)-2.

Schedules K and K-1. Partners' Distributive Share Items

Purpose of Schedules

Although the partnership is not subject to income tax, the partners are liable for tax on

their shares of the partnership income, whether or not distributed, and must include their shares on their tax returns.

Schedule K. Schedule K is a summary schedule of all the partners' shares of the partnership's income, credits, deductions, etc. All partnerships must complete Schedule K. Rental activity income (loss) and portfolio income are not reported on page 1 of Form 1065. These amounts are not combined with trade or business activity income (loss). Schedule K is used to report the totals of these and other amounts.

Schedule K-1. Schedule K-1 shows each partner's separate share. Attach a copy of each Schedule K-1 to the Form 1065 filed with the IRS; keep a copy with a copy of the partnership return as a part of the partnership's records; and furnish a copy to each partner. If a partnership interest is held by a nominee on behalf of another person, the partnership may be required to furnish Schedule K-1 to the nominee. See Temporary Regulations sections 1.6031(b)-1T and 1.6031(c)-1T for more information.

Give each partner a copy of either the Partner's Instructions for Schedule K-1 (Form 1065) or specific instructions for each item reported on the partner's Schedule K-1.

Substitute Forms

The partnership does not need IRS approval to use a substitute Schedule K-1 if it is an exact copy of the IRS schedule. The boxes must use the same numbers and titles and must be in the same order and format as on the comparable IRS Schedule K-1. The substitute schedule must include the OMB number. The partnership must provide each partner with the Partner's Instructions for Schedule K-1 (Form 1065) or other prepared specific instructions for each item reported on the partner's Schedule K-1.

The partnership must request IRS approval to use other substitute Schedules K-1. To request approval, write to Internal Revenue Service, Attention: Substitute Forms Program, SE:W:CAR:MP:T:M:S, 1111 Constitution Avenue NW, IR-6526, Washington, DC 20224.

Each partner's information must be on a separate sheet of paper. Therefore, separate all continuously printed substitutes before you file them with the IRS.

See Rev. Proc 2012-17 for the requirements for furnishing substitute Schedule K-1 in electronic format.

The partnership may be subject to a penalty if it files Schedules K-1 that do not conform to the specifications discussed in Pub. 1167, General Rules and Specifications for Substitute Forms and Schedules.

How Income Is Shared Among Partners

Allocate shares of income, gain, loss, deduction, or credit among the partners according to the partnership agreement for sharing income or loss generally. Partners

may agree to allocate specific items in a ratio different from the ratio for sharing income or loss. For instance, if the net income exclusive of specially allocated items is divided evenly among three partners but some special items are allocated 50% to one, 30% to another, and 20% to the third partner, report the specially allocated items on the appropriate line of the applicable partner's Schedule K-1 and the total on the appropriate line of Schedule K, instead of on the numbered lines on page 1 of Form 1065, Form 1125-A, or Schedule D.

If a partner's interest changed during the year, see section 706(d) before determining each partner's distributive share of any item of income, gain, loss, deduction, etc. Income (loss) is allocated to a partner only for the part of the year in which that person is a member of the partnership. The partnership will either allocate on a daily basis or divide the partnership year into segments and allocate income, loss, or special items in each segment among the persons who were partners during that segment. Partnerships that report their income on the cash basis must allocate interest expense, taxes, and any payment for services or for the use of property on a daily basis if there is any change in any partner's interest during the year.

Special rules on the allocation of income, gain, loss, and deductions generally apply if a partner contributes property to the partnership and the FMV of that property at the time of contribution differs from the contributing partner's adjusted tax basis. Under these rules, the partnership must use a reasonable method of making allocations of income, gain, loss, and deductions from the property so that the contributing partner receives the tax burdens and benefits of any built-in gain or loss (that is, pre-contribution appreciation or diminution of value of the contributed property). See Regulations section 1.704-3 for details on how to make these allocations, including a description of specific allocation methods that are generally reasonable.

See [Dispositions of Contributed Property](#), earlier, for special rules on the allocation of income, gain, loss, and deductions on the disposition of property contributed to the partnership by a partner.

If the partnership agreement does not provide for the partner's share of income, gain, loss, deduction, or credit, or if the allocation under the agreement does not have substantial economic effect, the partner's share is determined according to the partner's interest in the partnership. See Regulations section 1.704-1 for more information.

Specific Instructions (Schedule K-1 Only)

General Information

Generally, the partnership is required to prepare and give a Schedule K-1 to each

person who was a partner in the partnership at any time during the year. Schedule K-1 must be provided to each partner on or before the day on which the partnership return is required to be filed.

However, if a foreign partnership meets each of the following four requirements, it is not required to file or provide Schedules K-1 for foreign partners (unless the foreign partner is a pass-through entity through which a U.S. person holds an interest in the foreign partnership).

- The partnership had no gross income effectively connected with the conduct of a trade or business within the United States during its tax year.
- All required Forms 1042 and 1042-S were filed by the partnership or another withholding agent as required by Regulations section 1.1461-1(b) and (c).
- The tax liability for each foreign partner for amounts reportable under Regulations sections 1.1461-1(b) and (c) has been fully satisfied by the withholding of tax at the source.
- The partnership is not a withholding foreign partnership as defined in Regulations section 1.1441-5(c)(2)(i).

Generally, any person who holds an interest in a partnership as a nominee for another person must furnish to the partnership the name, address, etc., of the other person.

If a husband and wife each had an interest in the partnership, prepare a separate Schedule K-1 for each of them.

How To Complete Schedule K-1

In order to enable accurate scanning and processing of Schedule(s) K-1, please use a 10-point-Courier font for all entries on Schedules K-1 if the entries are typed or made using a computer.

If the return is for a fiscal year or a short tax year, fill in the tax year space at the top of each Schedule K-1. On each Schedule K-1, enter the information about the partnership and the partner in Parts I and II (items A through M). In Part III, enter the partner's distributive share of each item of income, deduction, and credit and any other information the partner needs to file the partner's tax return.

Codes. In box 11 and boxes 13 through 20, identify each item by entering a code in the column to the left of the entry space for the dollar amount. These codes are identified in these instructions and on the back of the Schedule K-1.

Attached statements. Enter an asterisk (*) after the code, if any, in the column to the left of the dollar amount entry space for each item for which you have attached a statement providing additional information. For those informational items that cannot be reported as a single dollar amount, enter the code and asterisk in the left-hand column and enter "STMT" in the entry space to the

right to indicate that the information is provided on an attached statement. More than one attached statement can be placed on the same sheet of paper and should be identified in alphanumeric order by box number followed by the letter code (if any). For example: "Box 20, Code T—Depletion information—oil and gas" (followed by the information the partner needs).

For electronically filed returns, the partnership must follow the instructions for attached statements as described in Pub. 4164 when reporting the additional information that may be required for each respective box. See Pub. 4164 for more information.

Too few entry spaces on Schedule K-1?

If the partnership has more coded items than the number of spaces in box 11 or boxes 13 through 20, do not enter a code or dollar amount in the last entry space of the box. In the last entry space, enter an asterisk in the left column and enter "STMT" in the entry space to the right. Report the additional items on an attached statement and provide the box number, code, description, and dollar amount or information for each additional item. For example: "Box 15, Code J—Work opportunity credit—\$1,000."

Part I. Information About the Partnership

On each Schedule K-1, enter the name, address, and identifying number of the partnership.

Part II. Information About the Partner

Complete a Schedule K-1 for each partner. On each Schedule K-1, enter the partner's name, address, identifying number, and distributive share items.

Items E and F

For an individual partner, enter the partner's social security number (SSN) or individual taxpayer identification number (ITIN). For all other partners, enter the partner's EIN. However, if a partner is an individual retirement arrangement (IRA), enter the identifying number of the custodian of the IRA. Do not enter the identification number of the person for whom the IRA is maintained.

Foreign partners without a U.S. identifying number should be notified by the partnership of the necessity of obtaining a U.S. identifying number. Certain aliens who are not eligible to obtain SSNs can apply for an ITIN on Form W-7, Application for IRS Individual Taxpayer Identification Number.

If a single member limited liability company (LLC) owns an interest in the partnership, and the LLC is treated as a disregarded entity for federal income tax purposes, enter the owner's identifying number in item E and the owner's name and address in item F.

Foreign address. If the partner has a foreign address, enter the information in the

following order: City, province or state, and country. Follow the country's practice for entering the postal code. Do not abbreviate the country name.

Item G

Complete item G on all Schedules K-1. If a partner holds interests as both a general and limited partner, check both boxes and attach a statement for each activity that shows the amounts allocable to the partner's interest as a limited partner.

Item H. Domestic/Foreign Partner

Check the foreign partner box if the partner is a nonresident alien individual, foreign partnership, foreign corporation, foreign estate, foreign trust, or foreign government. Otherwise, check the domestic partner box.

Item I1. What Type of Entity Is This Partner?

State whether the partner is an individual, a corporation, an estate, a trust, a partnership, a disregarded entity, an exempt organization, a foreign government, or a nominee (custodian). If the entity is a limited liability company (LLC) and it is treated as other than a disregarded entity for federal income tax purposes, the partnership must enter the LLC's classification for federal income tax purposes (that is, a corporation or partnership). If the partner is a nominee, use one of the following codes after the word "nominee" to indicate the type of entity the nominee represents: I—Individual; C—Corporation; F—Estate or Trust; P—Partnership; DE—Disregarded Entity; E—Exempt Organization; IRA—Individual Retirement Arrangement; or FGOV—Foreign Government.

Item J. Partner's Profit, Loss, and Capital

On each line, enter the partner's percentage share of the partnership's profit, loss, and capital as of the beginning and end of the partnership's tax year, as determined under the partnership agreement. If a partner's interest commences after the beginning of the partnership's tax year, enter in the *Beginning* column the percentages that existed for the partner immediately after admission. If a partner's interest terminates before the end of the partnership's tax year, enter in the *Ending* column the percentages that existed immediately before termination.

On the line for *Capital*, enter the percentage share of the capital that the partner would receive if the partnership was liquidated by the distribution of undivided interests in partnership assets and liabilities. If the partner's capital account is negative or zero, express the percentage ownership of capital as zero.

The partner's percentage share of each category must be expressed as a percentage. The percentage must not be negative. The total percentage interest in each category must total 100% for all partners. To determine whether the total

beginning and ending percentages are 100%, do not include the beginning percentage for a partner that was not a partner at the beginning of the partnership's tax year or the ending percentage for a partner that left the partnership before the end of the partnership's tax year. If the partnership agreement does not express the partner's share of profit, loss, and capital as fixed percentages, the partnership may use a reasonable method in arriving at each percentage for purposes of completing the items required by item J, as long as such method is consistent with the partnership agreement and is applied consistently from year to year. Maintain records to support the share of profits, share of losses, and share of capital reported for each partner.

Item K. Partner's Share of Liabilities

Enter each partner's share of nonrecourse liabilities, partnership-level qualified nonrecourse financing, and other recourse liabilities at the end of the year.

"Nonrecourse liabilities" are those liabilities of the partnership for which no partner (or related person) bears the economic risk of loss. The extent to which a partner bears the economic risk of loss is determined under the rules of Regulations section 1.752-2. Do not include partnership-level qualified nonrecourse financing (defined below) on the line for nonrecourse liabilities.

If the partner terminated his or her interest in the partnership during the year, enter the share that existed immediately before the total disposition. In all other cases, enter it as of the end of the year.

If the partnership is engaged in two or more different types of at-risk activities, or a combination of at-risk activities and any other activity, attach a statement showing the partner's share of nonrecourse liabilities, partnership-level qualified nonrecourse financing, and other recourse liabilities for each activity. See Pub. 925 to determine if the partnership is engaged in more than one at-risk activity.

The at-risk rules of section 465 generally apply to any activity carried on by the partnership as a trade or business or for the production of income. These rules generally limit the amount of loss and other deductions a partner can claim from any partnership activity to the amount for which that partner is considered at risk. However, for partners who acquired their partnership interests before 1987, the at-risk rules do not apply to losses from an activity of holding real property the partnership placed in service before 1987. The activity of holding mineral property does not qualify for this exception. Identify on an attached statement to Schedule K-1 the amount of any losses that are not subject to the at-risk rules.

If a partnership is engaged in an activity subject to the limitations of section 465(c)(1) (such as films or videotapes, leasing section

1245 property, farming, or oil and gas property), give each partner his or her share of the total pre-1976 losses from that activity for which there existed a corresponding amount of nonrecourse liability at the end of each year in which the losses occurred. See Form 6198, At-Risk Limitations, and related instructions for more information.

Qualified nonrecourse financing secured by real property used in an activity of holding real property that is subject to the at-risk rules is treated as an amount at risk. "Qualified nonrecourse financing" generally includes financing for which no one is personally liable for repayment that is borrowed for use in an activity of holding real property and that is loaned or guaranteed by a federal, state, or local government or that is borrowed from a "qualified" person. Qualified persons include any person actively and regularly engaged in the business of lending money, such as a bank or savings and loan association. Qualified persons generally do not include related parties (unless the nonrecourse financing is commercially reasonable and on substantially the same terms as loans involving unrelated persons), the seller of the property, or a person who receives a fee for the partnership's investment in the real property. See section 465(b)(6) for more information on qualified nonrecourse financing.

The partner as well as the partnership must meet the qualified nonrecourse rules. Therefore, the partnership must enter on an attached statement any other information the partner needs to determine if the qualified nonrecourse rules are also met at the partner level.

Item L. Partner's Capital Account Analysis

You are not required to complete item L if the answer to question 6 of Schedule B is "Yes." If you are required to complete this item, see the instructions for Schedule M-2, later. Check the appropriate box that describes the method of accounting used to compute the partner's capital account.

- Check the "Tax basis" box if the method of accounting used to compute the partner's capital account is based on the partnership's income and deductions for federal tax purposes.
- Check the "GAAP" box if it is based on generally accepted accounting principles (GAAP).
- Check the "Section 704(b) book" box if it is based on the capital accounting rules under Regulations section 1.704-1(b)(2)(iv).
- Check the "Other" box if any other method is used to compute the partner's capital account and attach a statement describing the method and showing how the partner's capital account was computed.

Item M. Did the Partner Contribute Property With a Built-in Gain or Loss?

Check the appropriate box to indicate whether the partner contributed property with

a built-in gain or loss during the tax year. If the "Yes" box is checked, attach a statement that contains the following information.

- A description of each property the partner contributed.
- The date the property was contributed.
- The amount of the property's built-in gain or loss.

Exception. If a partner contributes more than 10 properties with either a built-in gain or built-in loss on any date during the tax year, the partnership is not required to provide the required information separately for each property contributed for that date. Instead, the partnership can report the (a) number of properties contributed on that date, (b) total amount of built-in gain, and (c) total amount of built-in loss. Do not net the built-in gains and built-in losses; instead, show the total built-in gain and total built-in loss for all properties contributed on that date.

A property's built-in gain is the amount by which the fair market value of the property exceeds its adjusted tax basis at the time the property is contributed to the partnership. A property's built-in loss is the amount by which the fair market value of the property is less than its adjusted tax basis at the time the property is contributed to the partnership. Partnerships are required to keep track of this information (see Regulations section 1.704-3). This information is also needed for purposes of allocating partnership items to partners because income, gain, loss, and deductions with respect to property contributed to the partnership by a partner must be shared among the partners so as to take account of the variation between the basis of the property to the partnership and its fair market value at the time of contribution. If the partnership distributes any property (other than built-in gain property) to a partner that has contributed built-in gain property to the partnership within the last 7 years, it will need this information for the attached statement required in the instructions for line 19b of Schedule K for distributions subject to section 737 (code B). If the partnership distributes contributed property with a built-in gain or loss to any partner other than the partner that contributed the property and the date of the distribution is within 7 years of the date the property was contributed to the partnership, it will need this information for the attached statement required by the instructions for line 20c of Schedule K for the pre-contribution gain (loss) (code W).

Specific Instructions (Schedules K and K-1, Part III, Except as Noted)

These instructions refer to the lines on Schedule K and the boxes on Schedule K-1.

Special Allocations

An item is specially allocated if it is allocated to a partner in a ratio different from the ratio for sharing income or loss generally.

Report specially allocated ordinary gain (loss) on Schedule K, line 11, and on Schedule K-1, box 11. Report other specially allocated items in the applicable boxes of the partner's Schedule K-1, with the total amount on the applicable line of Schedule K. See [How Income Is Shared Among Partners](#), earlier.

Example. A partnership has a long-term capital gain that is specially allocated to a partner and a net long-term capital gain reported on line 15 of Schedule D that must be reported on line 9a of Schedule K. Because specially allocated gains or losses are not reported on Schedule D, the partnership must report both the net long-term capital gain from Schedule D and the specially allocated gain on line 9a of Schedule K. Box 9a of the Schedule K-1 for the partner must include both the specially allocated gain and the partner's distributive share of the net long-term capital gain from Schedule D.

Income (Loss)

Line 1. Ordinary Business Income (Loss)

Enter the amount from page 1, line 22. Enter the income (loss) without reference to (a) the basis of the partners' interests in the partnership, (b) the partners' at-risk limitations, or (c) the passive activity limitations. These limitations, if applicable, are determined at the partner level.

Line 1 should not include rental activity income (loss) or portfolio income (loss).

Schedule K-1. Enter each partner's distributive share of ordinary business income (loss) in box 1 of Schedule K-1. If the partnership has more than one trade or business activity, identify on an attached statement to Schedule K-1 the amount from each separate activity. See [Passive Activity Reporting Requirements](#), earlier.

Line 2. Net Rental Real Estate Income (Loss)

Enter the net income (loss) from rental real estate activities of the partnership from Form 8825. Attach this form to Form 1065.

Schedule K-1. Enter each partner's distributive share of net rental real estate income (loss) in box 2 of Schedule K-1. If the partnership has more than one rental real estate activity, identify on an attached statement to Schedule K-1 the amount attributable to each activity. See [Passive Activity Reporting Requirements](#), earlier.

Line 3. Other Net Rental Income (Loss)

Enter on line 3a gross income from rental activities other than those reported on Form 8825. Include on line 3a gain (loss) from line 17 of Form 4797 that is attributable to the sale, exchange, or involuntary conversion of

an asset used in a rental activity other than a rental real estate activity.

Enter on line 3b the deductible expenses of the activity. Attach a statement of these expenses to Form 1065.

Enter on line 3c the net income (loss).

See *Rental Activities*, earlier, and Pub. 925 for more information on rental activities.

Schedule K-1. Enter each partner's distributive share of net income (loss) from rental activities other than rental real estate activities in box 3 of Schedule K-1. If the partnership has more than one rental activity reported in box 3, identify on an attached statement to Schedule K-1 the amount from each activity. See [Passive Activity Reporting Requirements](#), earlier.

Line 4. Guaranteed Payments to Partners

Guaranteed payments to partners include:

- Payments for salaries, health insurance, and interest deducted by the partnership and reported on Form 1065, page 1, line 10; Form 8825; or on Schedule K, line 3b;
- Compensation deferred under a section 409A nonqualified deferred compensation plan that does not meet the requirements of section 409A reported on line 20c of Schedule K; and
- Payments the partnership must capitalize. See the Instructions for Form 1065, line 10.

Generally, amounts reported on line 4 are not considered to be related to a passive activity. For example, guaranteed payments for personal services paid to a partner would not be passive activity income. Likewise, interest paid to any partner is not passive activity income.

A partnership must treat and report a transfer of partnership property to a partner in satisfaction of a guaranteed payment as a sale or exchange, and not a distribution. See Rev. Rul. 2007-40, 2007-25 I.R.B. 1426, for more details.

Schedule K-1. Enter each partner's guaranteed payments in box 4 of Schedule K-1.

Portfolio Income

See [Portfolio Income](#), earlier, for a definition of portfolio income.

Do not reduce portfolio income by deductions allocated to it. Report such deductions (other than interest expense) on line 13d of Schedule K. Report each partner's distributive share of deductions (other than interest) allocable to portfolio income in box 13 of Schedule K-1, using codes I, K, and L.

Interest expense allocable to portfolio income is generally investment interest

expense reported on line 13b of Schedule K. Report each partner's distributive share of interest expense allocable to portfolio income in box 13 of Schedule K-1 using code H.

Line 5. Interest Income

Enter only taxable portfolio interest on this line. Taxable interest is interest from all sources except interest exempt from tax and interest on tax-free covenant bonds. Include interest income from the credit to holders of tax credit bonds. See the instructions for *Other credits (code P)* under *Line 15f. Other Credits* and the instructions for Form 8912 for details.

Schedule K-1. Enter each partner's distributive share of interest income in box 5 of Schedule K-1. If the partnership is reporting interest income from clean renewable energy bonds or Midwestern tax credit bonds, attach a statement to Schedule K-1 that shows each partner's distributive share of interest income from these credits. Partners need this information to properly adjust the basis of their interest in the partnership.

Line 6a. Ordinary Dividends

Enter only taxable ordinary dividends on line 6a, including any qualified dividends reported on line 6b.

Schedule K-1. Enter each partner's distributive share of ordinary dividends in box 6a of Schedule K-1.

Line 6b. Qualified Dividends

Enter qualified dividends on line 6b. Except as provided below, qualified dividends are dividends received from domestic corporations and qualified foreign corporations.

Exceptions. The following dividends are not qualified dividends.

- Dividends the partnership received on any share of stock held for less than 61 days during the 121-day period that began 60 days before the ex-dividend date. When determining the number of days the partnership held the stock, do not count certain days during which the partnership's risk of loss was diminished. The ex-dividend date is the first date following the declaration of a dividend on which the purchaser of a stock is not entitled to receive the next dividend payment. When counting the number of days the partnership held the stock, include the day the partnership disposed of the stock but not the day the partnership acquired it.
- Dividends attributable to periods totaling more than 366 days that the partnership received on any share of preferred stock held for less than 91 days during the 181-day period that began 90 days before the ex-dividend date. When determining the number of days the partnership held the stock, do not count certain days during which the partnership's risk of loss was diminished.

Preferred dividends attributable to periods totaling less than 367 days are subject to the 61-day holding period rule above.

- Dividends that relate to payments that the partnership is obligated to make with respect to short sales or positions in substantially similar or related property.
- Dividends paid by a regulated investment company that are not treated as qualified dividend income under section 854.
- Dividends paid by a real estate investment trust that are not treated as qualified dividend income under section 857(c).

See Pub. 550 for more details.

Qualified foreign corporation. A foreign corporation is a qualified foreign corporation if it is:

1. Incorporated in a possession of the United States or
2. Eligible for benefits of a comprehensive income tax treaty with the United States that the Secretary determines is satisfactory for this purpose and that includes an exchange of information program. See Notice 2011-64, 2011-37 I.R.B. 231, for details.

If the foreign corporation does not meet either 1 or 2, then it may be treated as a qualified foreign corporation for any dividend paid by the corporation if the stock associated with the dividend paid is readily tradable on an established securities market in the United States.

However, qualified dividends do not include dividends paid by an entity which was a passive foreign investment company (defined in section 1297) in either the tax year of the distribution or the preceding tax year.

See Notice 2004-71, 2004-45 I.R.B. 793, for more details.

Schedule K-1. Enter each partner's distributive share of qualified dividends in box 6b of Schedule K-1.

Note. In the case of a corporate partner, attach a statement to the Schedule K-1 explaining what part of the dividends included in boxes 6a and 6b is eligible for the "dividends received by corporations deduction" under section 243(a), (b), or (c).

If any amounts from line 6b are from foreign sources, see the instructions for lines 16d-f, later, for additional statements required.

Line 7. Royalties

Enter the royalties received by the partnership.

Schedule K-1. Enter each partner's distributive share of royalties in box 7 of Schedule K-1.

Line 8. Net Short-Term Capital Gain (Loss)

Enter the gain (loss) that is portfolio income (loss) from Schedule D (Form 1065), line 7.

Schedule K-1. Enter each partner's distributive share of net short-term capital gain (loss) in box 8 of Schedule K-1.

Line 9a. Net Long-Term Capital Gain (Loss)

Enter the gain or loss that is portfolio income (loss) from Schedule D (Form 1065), line 15.

Schedule K-1. Enter each partner's distributive share of net long-term capital gain (loss) in box 9a of Schedule K-1.

If any gain or loss from lines 7 or 15 of Schedule D is from the disposition of nondepreciable personal property used in a trade or business, it may not be treated as portfolio income. Instead, report it on line 11 of Schedule K and report each partner's distributive share in box 11 of Schedule K-1 using code F.

Line 9b. Collectibles (28%) Gain (Loss)

Figure the amount attributable to collectibles from the amount reported on Schedule D (Form 1065), line 15. A collectibles gain (loss) is any long-term gain or deductible long-term loss from the sale or exchange of a collectible that is a capital asset.

Collectibles include works of art, rugs, antiques, metal (such as gold, silver, or platinum bullion), gems, stamps, coins, alcoholic beverages, and certain other tangible property.

Also, include gain (but not loss) from the sale or exchange of an interest in a partnership or trust held for more than 1 year and attributable to unrealized appreciation of collectibles. For details, see Regulations section 1.1(h)-1. Also attach the statement required under Regulations section 1.1(h)-1(e).

Schedule K-1. Report each partner's distributive share of the collectibles (28%) gain (loss) in box 9b of Schedule K-1.

Line 9c. Unrecaptured Section 1250 Gain

The three types of unrecaptured section 1250 gain must be reported separately on an attached statement to Form 1065.

From the sale or exchange of the partnership's business assets. Figure this amount in Part III of Form 4797 for each section 1250 property (except property for which gain is reported using the installment method on Form 6252) for which you had an entry in Part I of Form 4797. Subtract line 26g of Form 4797 from the smaller of line 22 or line 24. Figure the total of these

amounts for all section 1250 properties. Generally, the result is the partnership's unrecaptured section 1250 gain. However, if the partnership is reporting gain on the installment method for a section 1250 property held more than 1 year, see the next paragraph.

The total unrecaptured section 1250 gain for an installment sale of section 1250 property held more than 1 year is figured in a manner similar to that used in the preceding paragraph. However, the total unrecaptured section 1250 gain must be allocated to the installment payments received from the sale. To do so, the partnership generally must treat the gain allocable to each installment payment as unrecaptured section 1250 gain until all such gain has been used in full. Figure the unrecaptured section 1250 gain for installment payments received during the tax year as the smaller of (a) the amount from line 26 or line 37 of Form 6252 (whichever applies) or (b) the total unrecaptured section 1250 gain for the sale reduced by all gain reported in prior years (excluding section 1250 ordinary income recapture).

If the partnership chose not to treat all of the gain from payments received after May 6, 1997, and before August 24, 1999, as unrecaptured section 1250 gain, use only the amount the partnership chose to treat as unrecaptured section 1250 gain for those payments to reduce the total unrecaptured section 1250 gain remaining to be reported for the sale. See Regulations section 1.453-12.

From the sale or exchange of an interest in a partnership. Also report as a separate amount any gain from the sale or exchange of an interest in a partnership attributable to unrecaptured section 1250 gain. See Regulations section 1.1(h)-1 and attach the statement required under Regulations section 1.1(h)-1(e).

From an estate, trust, REIT, or RIC. If the partnership received a Schedule K-1 or Form 1099-DIV from an estate, a trust, a real estate investment trust (REIT), or a regulated investment company (RIC) reporting "unrecaptured section 1250 gain," do not add it to the partnership's own unrecaptured section 1250 gain. Instead, report it as a separate amount. For example, if the partnership received a Form 1099-DIV from a REIT with unrecaptured section 1250 gain, report it as "Unrecaptured section 1250 gain from a REIT."

Schedule K-1. Report each partner's distributive share of unrecaptured section 1250 gain from the sale or exchange of the partnership's business assets in box 9c of Schedule K-1. If the partnership is reporting unrecaptured section 1250 gain from an estate, trust, REIT, or RIC or from the partnership's sale or exchange of an interest in another partnership (as explained above), enter "STMT" in box 9c and an asterisk (*) in the left column of the box and attach a statement that separately identifies the

amount of unrecaptured section 1250 gain from:

- The sale or exchange of the partnership's business assets.
- The sale or exchange of an interest in another partnership.
- An estate, trust, REIT, or RIC.

If any amounts from line 9c are from foreign sources, see the instructions for lines 16d-f, later, for additional statements required.

Line 10. Net Section 1231 Gain (Loss)

Enter the net section 1231 gain (loss) from Form 4797, line 7.

Do not include net gain or loss from involuntary conversions due to casualty or theft. Report net gain or loss from involuntary conversions due to casualty or theft on line 11 of Schedule K (box 11, code B, of Schedule K-1). See the instructions for line 11 on how to report net gain (loss) due to a casualty or theft.

Schedule K-1. Report each partner's distributive share of net section 1231 gain (loss) in box 10 of Schedule K-1. If the partnership has more than one rental, trade, or business activity, identify on an attached statement to Schedule K-1 the amount of section 1231 gain (loss) from each separate activity. See [Passive Activity Reporting Requirements](#), earlier.

If any amounts from line 10 are from foreign sources, see the instructions for lines 16d-f, later, for additional statements required.

Line 11. Other Income (Loss)

Enter any other item of income or loss not included on lines 1 through 10. On the line to the left of the entry space for line 11, identify the type of income. If there is more than one type of income, attach a statement to Form 1065 that separately identifies each type and amount of income for each of the following categories. The codes needed for Schedule K-1 reporting are provided for each category.

Other portfolio income (loss) (code A).

Portfolio income not reported on lines 5 through 10.

Report and identify other portfolio income or loss on an attached statement for line 11.

For example, income reported to the partnership from a real estate mortgage investment conduit (REMIC), in which the partnership is a residual interest holder, would be reported on an attached statement for line 11. If the partnership holds a residual interest in a REMIC, report on the attached statement for box 11 of Schedule K-1 the partner's share of the following.

- Taxable income (net loss) from the REMIC (line 1b of Schedules Q (Form 1066)).

- Excess inclusion (line 2c of Schedules Q (Form 1066)).
- Section 212 expenses (line 3b of Schedules Q (Form 1066)). Do not report these section 212 expense deductions related to portfolio income on Schedules K and K-1.

Because Schedule Q (Form 1066) is a quarterly statement, the partnership must follow the Schedule Q instructions to figure the amounts to report to partners for the partnership's tax year.

Involuntary conversions (code B). Net gain (loss) from involuntary conversions due to casualty or theft. The amount for this line is shown on Form 4684, Casualties and Thefts, line 38a, 38b, or 39.

Each partner's share must be entered on Schedule K-1. Give each partner a schedule that shows the amounts to be reported on the partner's Form 4684, line 34, columns (b) (i), (b)(ii), and (c).

If there was a gain (loss) from a casualty or theft to property not used in a trade or business or for income-producing purposes, notify the partner. The partnership should not complete Form 4684 for this type of casualty or theft. Instead, each partner will complete his or her own Form 4684.

Section 1256 contracts and straddles (code C). Report any net gain or loss from section 1256 contracts from Form 6781, Gains and Losses From Section 1256 Contracts and Straddles.

Mining exploration costs recapture (code D). Provide the information partners need to recapture certain mining exploration expenditures. See Regulations section 1.617-3.

Cancellation of debt (code E). If cancellation of debt is reported to the partnership on Form 1099-C, report each partner's distributive share in box 11 using code E.

Note. Include the amount of income the partnership must recognize for a transfer of a partnership interest in satisfaction of a partnership debt when the debt relieved exceeds the FMV of the partnership interest. See section 108(e)(8) for more information.

Do not report cancelled debt income deferred under section 108(i) using code E. Instead, report the deferred income using code F. For information on the section 108(i) election, see Election to defer income from cancelled debt, earlier.

Other income (loss) (code F). Include any other type of income, such as the following.

- The partner's distributive share of the partnership's gain or loss attributable to the sale or exchange of qualified preferred stock of the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac). On an attached statement, show (a) the gain or loss attributable to the sale or

exchange of the qualified preferred stock, (b) the date the stock was acquired by the partnership, and (c) the date the stock was sold or exchanged by the partnership. See Rev. Proc. 2008-64, 2008-47 I.R.B. 1195 for more information.

- Recoveries of tax benefit items (section 111).
 - Gambling gains and losses subject to the limitations in section 165(d). Indicate on an attached statement whether or not the partnership is in the trade or business of gambling.
 - Disposition of an interest in oil, gas, geothermal, or other mineral properties. Report the following information on an attached statement to Schedule K-1: (a) Description of the property; (b) The partner's share of the amount realized on the sale, exchange, or involuntary conversion of each property (fair market value of the property for any other disposition, such as a distribution); (c) The partner's share of the partnership's adjusted basis in the property (except for oil or gas properties); and (d) Total intangible drilling costs, development costs, and mining exploration costs (section 59(e) expenditures) passed through to the partner for the property. See Regulation section 1.1254-5 for more information.
 - Gains from the disposition of farm recapture property (see Form 4797) and other items to which section 1252 applies.
 - Any income, gain, or loss to the partnership under section 751(b).
 - Specially allocated ordinary gain (loss).
 - Any gain or loss from lines 7 or 15 of Schedule D that is not portfolio income (for example, gain or loss from the disposition of nondepreciable personal property used in a trade or business).
 - Any cancellation of debt income previously deferred as a result of a section 108(i) election that is includible in the current year. See section 108(i) for events that will cause previously deferred income to be reportable, and a special rule for allocating deferred income to the partners. For more information, see *Election to defer income from cancelled debt, earlier*.
- Special rule for filers of Form 8865.** Filers of Form 8865, Return of U.S. Persons With Respect to Certain Foreign Partnerships, cannot defer recognizing and reporting cancelled debt income on Form 8865, in accordance with the section 108(i) election, unless the foreign partnership filed a U.S. partnership return and made the election. A foreign partnership must file Form 1065 or Form 1065-B to make the section 108(i) election. These foreign partnerships also have an annual reporting requirement on Form 1065 or Form 1065-B for each tax year after the election until all items deferred under section 108(i) have been recognized. See Rev. Proc. 2009-37, 2009-36 I.R.B. 309 for details.
 - Gain from the sale or exchange of qualified small business (QSB) stock (as defined in the Instructions for Schedule D) that is eligible for the section 1202 exclusion.

The section 1202 exclusion applies only to QSB stock held by the partnership for more than 5 years. Corporate partners are not eligible for the section 1202 exclusion. Additional limitations apply at the partner level. Report each partner's share of section 1202 gain on Schedule K-1. Each partner will determine if he or she qualifies for the section 1202 exclusion. Report on an attached statement to Schedule K-1 for each sale or exchange (a) the name of the corporation that issued the QSB stock, (b) the partner's share of the partnership's adjusted basis and sales price of the QSB stock, and (c) the dates the QSB stock was bought and sold.

- Gain eligible for section 1045 rollover (replacement stock purchased by the partnership). Include only gain from the sale or exchange of qualified small business (QSB) stock (as defined in the Instructions for Schedule D) that was deferred by the partnership under section 1045 and reported on Form 8949/Schedule D. See the Instructions for Schedule D and the Instructions for Form 8949 for more details. The partnership makes the election for section 1045 rollover on a timely filed (including extensions) return for the year in which the sale occurred. Corporate partners are not eligible for the section 1045 rollover. Additional limitations apply at the partner level. Each partner will determine if he or she qualifies for the rollover. Report on an attached statement to Schedule K-1 for each sale or exchange (a) the name of the corporation that issued the QSB stock, (b) the partner's share of the partnership's adjusted basis and sales price of the QSB stock, (c) the dates the QSB stock was bought and sold, (d) the partner's distributive share of gain from the sale of the QSB stock, and (e) the partner's distributive share of the gain that was deferred by the partnership under section 1045. Do not include these amounts on line 11 of Schedule K.
- Gain eligible for section 1045 rollover (replacement stock not purchased by the partnership). Include only gain from the sale or exchange of qualified small business (QSB) stock (as defined in the Instructions for Schedule D) the partnership held for more than 6 months but that was not deferred by the partnership under section 1045. See the Instructions for Schedule D for more details. A partner (other than a corporation) may be eligible to defer his or her distributive share of this gain under section 1045 if he or she purchases other QSB stock during the 60-day period that began on the date the QSB stock was sold by the partnership. Additional limitations apply at the partner level. Report on an attached statement to Schedule K-1 for each sale or exchange (a) the name of the corporation that issued the QSB stock, (b) the partner's share of the partnership's adjusted basis and sales price of the QSB stock, (c) the dates the QSB stock was bought and sold, and (d) the partner's distributive share of gain from the sale of the QSB stock.

For more information, see Regulations section 1.1045-1. Do not include these amounts on line 11 of Schedule K.

Distribution of replacement QSB stock to a partner that reduces the interest of another partner in replacement QSB stock.

A partner must recognize gain upon a distribution of replacement QSB stock to another partner that reduces the partner's share of the replacement QSB stock held by a partnership. The amount of gain that the partner must recognize is based on the amount of gain that the partner would recognize upon a sale of the distributed replacement QSB stock for its fair market value on the date of the distribution, not to exceed the amount that the partner previously deferred under section 1045 with respect to the distributed replacement QSB stock. If the partnership distributed a partner's share of replacement QSB stock to another partner, the partnership must give the partner whose share of the replacement QSB stock is reduced (a) the name of the corporation that issued the replacement QSB stock, (b) the date the replacement QSB stock was distributed to another partner or partners, and (c) the partner's share of the partnership's adjusted basis and fair market value of the replacement QSB stock on such date.

Schedule K-1. Enter each partner's distributive share of the other income categories listed earlier in box 11 of Schedule K-1. Enter the applicable code A, B, C, D, E, or F (as shown earlier).

If you are reporting each partner's distributive share of only one type of income under code F, enter the code with an asterisk (F*) and the dollar amount in the entry space in box 11 and attach a statement that shows "Box 11, Code F," and the type of income. If you are reporting multiple types of income under code F, enter the code with an asterisk (F*) and enter "STMT" in the entry space in box 11 and attach a statement that shows "Box 11, Code F," and the dollar amount of each type of income.

If the partnership has more than one trade or business or rental activity (for codes B through F), identify on an attached statement to Schedule K-1 the amount from each separate activity. See [Passive Activity Reporting Requirements](#), earlier.

Deductions

Line 12. Section 179 Deduction

A partnership can elect to expense part of the cost of certain property the partnership purchased during the tax year for use in its trade or business or certain rental activities. See Pub. 946 for a definition of what kind of property qualifies for the section 179 expense deduction and the Instructions for Form 4562 for limitations on the amount of the section 179 expense deduction.

Complete Part I of Form 4562 to figure the partnership's section 179 expense deduction. The partnership does not take the

deduction itself but instead passes it through to the partners. Attach Form 4562 to Form 1065 and show the total section 179 expense deduction on Schedule K, line 12.

The partnership must reduce the basis of the asset by the amount of the section 179 expense elected by the partnership, even if a portion of that amount cannot be passed through to its partners that year and must be carried forward because of limitations at the partnership level. Do not reduce the partnership's basis in section 179 property to reflect any portion of the section 179 expense that is allocable to a partner that is a trust or estate.

Identify on an attached statement to Schedules K and K-1 the cost of section 179 property placed in service during the year that is qualified enterprise zone, qualified section 179 disaster assistance property or qualified real property. See the Instructions for Form 4562 for more details.

See the instructions for line 20c of Schedule K for sales or other dispositions of property for which a section 179 deduction has passed through to partners and for the recapture rules if the business use of the property dropped to 50% or less.

Schedule K-1. Report each partner's distributive share of the section 179 expense deduction in box 12 of Schedule K-1. If any part of the section 179 expense deduction is attributable to qualified real property, report the partner's distributive share of that amount on an attached statement. If the partnership has more than one rental, trade, or business activity, identify on an attached statement to Schedule K-1 the amount of section 179 deduction from each separate activity. See [Passive Activity Reporting Requirements](#), earlier.

Do not complete box 12 of Schedule K-1 for any partner that is an estate or trust; estates and trusts are not eligible for the section 179 expense deduction.

Line 13a. Contributions

Generally, no deduction is allowed for any contribution of \$250 or more unless the partnership obtains a written acknowledgment from the charitable organization that shows the amount of cash contributed, describes any property contributed, and gives an estimate of the value of any goods or services provided in return for the contribution. The acknowledgment must be obtained by the due date (including extensions) of the partnership return or, if earlier, the date the partnership files its return. Do not attach the acknowledgment to the partnership return, but keep it with the partnership's records. These rules apply in addition to the filing requirements for Form 8283, Noncash Charitable Contributions, described below.

Cash contributions of any amount must be supported by a dated bank record or receipt.

Enter charitable contributions made during the tax year. Attach a statement to Form 1065 that separately identifies the partnership's contributions for each of the following categories. See [Limits on Deductions](#) in Pub. 526, Charitable Contributions, for information on adjusted gross income (AGI) limitations on deductions for charitable contributions.

The codes needed for Schedule K-1 reporting are provided for each category.

Cash contributions (50%) (code A). Enter cash contributions subject to the 50% AGI limitation.

Cash contributions (30%) (code B). Enter cash contributions subject to the 30% AGI limitation.

Noncash contributions (50%) (code C). Enter noncash contributions subject to the 50% AGI limitation. If property other than cash is contributed and if the claimed deduction for one item or group of similar items of property exceeds \$5,000, the partnership must give each partner a copy of Form 8283 to attach to the partner's tax return.

Qualified conservation contributions.

The AGI limit for qualified conservation contributions under section 170(h) is 50%. The carryover period is 15 years. See section 170(b) and Notice 2007-50, 2007-25 I.R.B. 1430, for details. Report qualified conservation contributions with a 50% AGI limitation on Schedule K-1 in box 13 using code C. Do not include in the amount reported using code C the conservation contributions of property used in agriculture or livestock production reported on Schedule K-1 using code G.

Charitable contributions of food inventory.

Attach a statement to Schedule K-1 that shows:

- The deduction for charitable contributions under section 170(e)(3) of qualified inventory that was donated for the care of the ill, needy, and infants (see section 170(e)(3)(C)). To qualify for the deduction, the food must meet all the quality and labeling standards imposed by federal, state, and local laws and regulations. The amount of the charitable contribution for donated food inventory is the lesser of (a) the basis of the donated food plus one-half of the appreciation (gain if the donated food was sold at fair market value on the date of the gift) or (b) twice the amount of basis of the donated food.
- The partner's distributive share of the net income for the tax year from the partnership's trades or businesses that made the contribution of food inventory.

Do not include the amount of food inventory contributions in the amount reported in box 13 using code C. These contributions must be reported separately on an attached statement because partners must separately determine the limitations on the deduction.

Noncash contributions (30%) (code D). Enter noncash contributions subject to the 30% AGI limitation.

Capital gain property to a 50% organization (30%) (code E). Enter capital gain property contributions subject to the 30% AGI limitation.

Capital gain property (20%) (code F). Enter capital gain property contributions subject to the 20% AGI limitation.

Contributions of property. See *Contributions of Property* in Pub. 526 and Pub. 561, Determining the Value of Donated Property, for information on noncash contributions and contributions of capital gain property. If the deduction claimed for noncash contributions exceeds \$500, complete Form 8283 and attach it to Form 1065.

If the partnership made a qualified conservation contribution under section 170(h), also include the fair market value of the underlying property before and after the donation, as well as the type of legal interest contributed, and describe the conservation purpose furthered by the donation. Give a copy of this information to each partner.

Nondeductible contributions. Certain contributions made to an organization conducting lobbying activities are not deductible. See section 170(f)(9) for more details. Also, see *Contributions You Cannot Deduct* in Pub. 526 for more examples of nondeductible contributions.

Contributions (100%) (code G). Enter qualified conservation contributions of property used in agriculture or livestock production. The contribution must be subject to a restriction that the property remain available for such production. See section 170(b) for details.

Qualified conservation contributions of property used in agriculture or livestock production. If the partnership is a qualified farmer or rancher (as defined in section 170(b)(1)(E)(v)), show each partner's distributive share of qualified conservation contributions of property used in agriculture or livestock production. Partners will have to separately determine whether they qualify for the 50% or 100% AGI limitation for these contributions. Do not include the amounts reported on the attached statement using code G in the amount reported on Schedule K-1 for qualified conservation contributions using code C.

Schedule K-1. Report each partner's distributive share of charitable contributions in box 13 of Schedule K-1 using codes A through G for each of the contribution categories shown above. The partnership must attach a copy of its Form 8283 to the Schedule K-1 of each partner if the deduction for any item or group of similar items of contributed property exceeds \$5,000, even if the amount allocated to any partner is \$5,000 or less.

Line 13b. Investment Interest Expense

Include on this line the interest properly allocable to debt on property held for investment purposes. Property held for investment includes property that produces income (unless derived in the ordinary course of a trade or business) from interest, dividends, annuities, or royalties; and gains from the disposition of property that produces those types of income or is held for investment.

Investment interest expense does not include interest expense allocable to a passive activity.

Investment income and investment expenses other than interest are reported on lines 20a and 20b respectively. This information is needed by partners to determine the investment interest expense limitation (see Form 4952, Investment Interest Expense Deduction, for details).

Schedule K-1. Report each partner's distributive share of investment interest expense in box 13 of Schedule K-1 using code H.

Lines 13c(1) and 13c(2). Section 59(e)(2) Expenditures

Generally, section 59(e) allows each partner to make an election to deduct their distributive share of the partnership's otherwise deductible qualified expenditures ratably over 10 years (3 years for circulation expenditures). The deduction is taken beginning with the tax year in which the expenditures were made (or for intangible drilling and development costs, over the 60-month period beginning with the month in which such costs were paid or incurred).

The term "qualified expenditures" includes only the following types of expenditures paid or incurred during the tax year.

- Circulation expenditures.
- Research and experimental expenditures.
- Intangible drilling and development costs.
- Mining exploration and development costs.

If a partner makes the election, these items are not treated as AMT tax preference items.

Because the partners are generally allowed to make this election, the partnership cannot deduct these amounts or include them as AMT items on Schedule K-1. Instead, the partnership passes through the information the partners need to figure their separate deductions.

On line 13c(1), enter the type of expenditures claimed on line 13c(2). Enter on line 13c(2) the qualified expenditures paid or incurred during the tax year for which an election under section 59(e) may apply. Enter this amount for all partners whether or

not any partner makes an election under section 59(e).

On an attached statement, identify the property for which the expenditures were paid or incurred. If the expenditures were for intangible drilling costs or development costs for oil and gas properties, identify the month(s) in which the expenditures were paid or incurred. If there is more than one type of expenditure or more than one property, provide the amounts (and the months paid or incurred if required) for each type of expenditure separately for each property.

Schedule K-1. Report each partner's distributive share of section 59(e) expenditures in box 13 of Schedule K-1 using code J. On an attached statement, identify (a) the type of expenditure, (b) the property for which the expenditures are paid or incurred, and (c) for oil and gas properties only, the month in which intangible drilling costs and development costs were paid or incurred. If there is more than one type of expenditure or the expenditures are for more than one property, provide each partner's distributive share of the amounts (and the months paid or incurred for oil and gas properties) for each type of expenditure separately for each property.

Line 13d. Other Deductions

Enter deductions not included on lines 12, 13a, 13b, 13c(2), and 16l. On the line to the left of the entry space for this line, identify the type of deduction. If there is more than one type of deduction, attach a statement to Form 1065 that separately identifies the type and amount of each deduction for the following categories. The codes needed for Schedule K-1 reporting are provided for each category.

Note. Do not include the domestic production activities informational amounts in the total for line 13d.

Deductions—royalty income (code I). Enter deductions related to royalty income.

Deductions—portfolio (2% floor) (code K). Enter deductions related to portfolio income that are subject to the 2% of AGI floor (see the Instructions for Schedule A (Form 1040)).

Deductions—portfolio (other) (code L). Enter any other deductions related to portfolio income.

No deduction is allowed under section 212 for expenses allocable to a convention, seminar, or similar meeting. Because these expenses are not deductible by partners, the partnership does not report these expenses on line 13d of Schedule K. The expenses are nondeductible and are reported as such on line 18c of Schedule K and in box 18 of Schedule K-1 using code C.

Schedule K-1. In box 13, report the partner's distributive share of deductions related to portfolio income that are reported

on line 13d of Schedule K using codes I (for deductions related to royalty income), K (for deductions related to portfolio income and subject to the 2% of AGI floor), or L (for other deductions related to portfolio income).

Amounts paid for medical insurance (code M). Enter amounts paid during the tax year for insurance that constitutes medical care for the partner (including the partner's spouse, dependents, and children under age 27 who are not dependents).

Educational assistance benefits (code N). Enter amounts paid during the tax year for educational assistance benefits paid to a partner.

Dependent care benefits (code O). Enter amounts paid during the tax year for dependent care benefits paid on behalf of each partner.

Preproductive period expenses (code P). If the partnership is required to use an accrual method of accounting under section 447 or 448(a)(3), it must capitalize these expenses. If the partnership is permitted to use the cash method, enter the amount of preproductive period expenses that qualify under Regulations section 1.263A-4(d). An election not to capitalize these expenses must be made at the partner level. See *Uniform Capitalization Rules* in Pub. 225, *Farmer's Tax Guide*.

Commercial revitalization deduction from rental real estate activities (code Q). Enter the commercial revitalization deduction on line 13d only if it is for a rental real estate activity. If the deduction is for a nonrental building, enter it on line 20 of Form 1065. See the instructions for line 20, earlier, for more information.

Pensions and IRAs (code R). Enter the payments for a partner to an IRA, qualified plan, or simplified employee pension (SEP) or SIMPLE IRA plan. If a qualified plan is a defined benefit plan, a partner's distributive share of payments is determined in the same manner as his or her distributive share of partnership taxable income. For a defined benefit plan, attach to the Schedule K-1 for each partner a statement showing the amount of benefit accrued for the tax year.

Reforestation expense deduction (code S). The partnership can elect to deduct a limited amount of its reforestation expenditures paid or incurred during the tax year. The amount the partnership can elect to deduct is limited to \$10,000 for each qualified timber property. See section 194(c) for a definition of reforestation expenditures and qualified timber property. The partnership must amortize over 84 months any amount not deducted. See the instructions for line 20, earlier. See Notice 2006-47, 2006-20 I.R.B. 892, for details on making the election.

Schedule K-1. Enter the partner's distributive share of the allowable reforestation expenses in box 13 of Schedule K-1 using code S and attach a statement that provides a description of the

qualified timber property. If the partnership is electing to deduct amounts from more than one qualified timber property, provide a description and the amount for each property.

Domestic production activities deduction (codes T, U, and V). The partnership does not compute the domestic production activities deduction, but must provide its partners the information they need to compute the deduction on Form 8903, Domestic Production Activities Deduction. If the partnership meets certain requirements (explained below), it can choose to calculate qualified production activities income (QPAI) and Form W-2 wages (W-2 wages) at the partnership level and report these amounts on Schedule K-1 for its qualified partners using codes U and V. See *QPAI and Form W-2 wages computed at partnership level*, below, for details.

If the partnership does not compute QPAI and W-2 wages at the partnership level or it has partners that are required to compute QPAI at the partner level, it must report on Schedule K-1 using code T the partner's distributive share of the information listed under *QPAI and Form W-2 wages computed at partner level*, below.

QPAI and Form W-2 wages computed at partner level (code T). If the partnership does not calculate QPAI and W-2 wages at the partnership level, attach a statement to Schedule K-1 using code T providing each partner's distributive share of the following information. Identify any amounts from oil-related production activities and list them separately. Do not include these amounts in the total reported on line 13d of Schedule K.

- Domestic production gross receipts (DPGR).
- Gross receipts from all sources.
- Cost of goods sold allocable to DPGR.
- Cost of goods sold from all sources.
- Total deductions, expenses, and losses directly allocable to DPGR.
- Total deductions, expenses, and losses directly allocable to a non-DPGR class of income.
- Other deductions, expenses, and losses not directly allocable to DPGR or another class of income.
- W-2 wages properly allocable to DPGR.
- Any other information a partner needs to use the section 861 method to allocate and apportion cost of goods sold and deductions between DPGR and other receipts. See Form 8903 and its instructions for more details. If the partnership chooses to compute QPAI at the partnership level, see the instructions below.

QPAI and Form W-2 wages computed at partnership level (codes U and V). Eligible partnerships can choose to compute QPAI and W-2 wages at the partnership level and report each qualified partner's distributive share of QPAI (using code U) and W-2 wages (using code V) on Schedule K-1. See the special rules for non-qualifying partners of an eligible section

861 partnership, below. Generally, the partnership must allocate QPAI to its partners in the same proportion as gross income and allocate W-2 wages in the same proportion as wage expense. For information on computing QPAI and W-2 wages at the partnership level, see Rev. Proc. 2007-34, 2007-23 I.R.B. 1345, and the Instructions for Form 8903. See the eligibility requirements and reporting rules for each type of eligible partnership, below. Qualifying in-kind partnerships and expanded affiliated group partnerships (defined in Regulations section 1.199-3(i)(7) and (8)) are not eligible to compute QPAI and W-2 wages at the partnership level.

QPAI from oil-related activities. Partnerships computing QPAI at the partnership level must report the total amount of QPAI (including QPAI from oil-related activities) using code U and attach a statement for code U to separately report the amount of oil-related QPAI (if any).

1. Eligible section 861 partnership.

An eligible section 861 partnership is a partnership that satisfies each of the following requirements for its current tax year.

- It has at least 100 partners on any day during the partnership's tax year.
- At least 70% of the partnership is owned, at all times during its tax year, by qualifying partners. A *qualifying partner* is a partner that, on each day during the partnership's tax year that the partner owns an interest in the partnership: (a) is not a general partner or a managing member of a partnership organized as a limited liability company, (b) does not materially participate in the activities of the partnership, (c) does not own, alone or combined with the interests of all related persons, 5% or more of the profits or capital interests in the partnership, or (d) is not an ineligible partnership (qualifying in-kind partnerships and expanded affiliated group partnerships defined in Regulations section 1.199-3(i)(7) and (8)).
- It has DPGR.

An eligible section 861 partnership must use the section 861 method of cost allocation to figure QPAI and W-2 wages (see the Instructions for Form 8903 for details). The partnership cannot allocate QPAI and W-2 wages computed at the partnership level to non-qualifying partners (qualifying partners are defined as part of the definition of an eligible section 861 partnership, above). Instead, it must attach a statement to the Schedule K-1 for non-qualifying partners that provides the partner's distributive share of the items listed under *QPAI and Form W-2 wages computed at partner level (code T)*, earlier. The partnership items allocated to non-qualifying partners must be excluded for purposes of computing QPAI and W-2 wages at the partnership level.

2. Eligible widely-held pass-through partnership. An eligible widely-held pass-through partnership is a partnership

that satisfies each of the following requirements for the current tax year.

- It has average annual gross receipts for the 3 tax years preceding the current tax year of \$100 million or less, or has total assets at the end of the current tax year of \$10 million or less.
- It has total cost of goods sold and deductions that, together, are \$100 million or less.
- It has DPGR.
- On every day during the current tax year, all of its partners are individuals, estates, or trusts described (or treated as described) in section 1361(c)(2).
- On every day during the current tax year, no partner owns, alone or combined with the ownership interests of all related persons, more than 10% of the profits or capital interests in the partnership.

An eligible widely-held pass-through partnership must use the simplified deduction method of cost allocation to figure QPAI and W-2 wages (see the Instructions for Form 8903 for details).

3. Eligible small pass-through partnership.

An eligible small pass-through partnership is a partnership that satisfies each of the following requirements for the current tax year.

- The partnership satisfies one of the following: **(a)** it has average annual gross receipts for the 3 tax years preceding the current tax year of \$5 million or less, **(b)** it is engaged in the trade or business of farming and is not required to use the accrual method of accounting, or **(c)** it is eligible to use the cash method of accounting under Rev. Proc. 2002-28, 2002-18 I.R.B. 815, as modified by Rev. Proc. 2011-14, 2011-4 I.R.B. 330 (that is, it has average annual gross receipts of \$10 million or less and is not excluded from using the cash method under section 448).
- It has total costs of goods sold and deductions that, together, are \$5 million or less.
- It has DPGR.
- It does not have a partner that is an ineligible partnership (qualifying in-kind partnerships and expanded affiliated group partnerships defined in Regulations section 1.199-3(i)(7) and (8)).

An eligible small pass-through partnership must use the small business simplified overall method to figure QPAI and W-2 wages (see the Instructions for Form 8903 for details).

Note. If a partnership satisfies the requirements for more than one type of eligible partnership, it may choose any one of the allocation methods for which it qualified to figure QPAI and W-2 wages. See Rev. Proc. 2007-34 for more information on the eligibility requirements and rules for computing QPAI and W-2 wages at the partnership level.

Other deductions (code W). Include any other deductions, such as:

- Amounts paid by the partnership that would be allowed as itemized deductions on any of the partners' income tax returns if they were paid directly by a partner for the same purpose. These amounts include, but are not limited to, expenses under section 212 for the production of income other than from the partnership's trade or business. However, do not enter expenses related to portfolio income or investment interest expense reported on line 13b of Schedule K on this line.
 - Any penalty on early withdrawal of savings not reported on line 13b because the partnership withdrew its time savings deposit before its maturity.
 - Soil and water conservation expenditures, and endangered species recovery expenditures (section 175).
 - Expenditures paid or incurred for the removal of architectural and transportation barriers to the elderly and disabled that the partnership has elected to treat as a current expense. See section 190.
 - Film and television production expenses. The partnership can elect to deduct certain costs of a qualified film or television production if the aggregate cost of the production does not exceed \$15 million. There is a higher dollar limitation for productions in certain areas. Provide a description of the film or television production on an attached statement. If the partnership makes the election for more than one film or television production, attach a statement to Schedule K-1 that shows each partner's distributive share of the qualified expenditures separately for each production. The deduction is subject to recapture under section 1245 if the election is voluntarily revoked or the production fails to meet the requirements for the deduction. See section 181 and the related regulations for details.
 - Interest expense allocated to debt-financed distributions. See Notice 89-35, 1989-1 C.B. 675, or Pub. 535 for more information.
 - Interest paid or accrued on debt properly allocable to each general partner's share of a working interest in any oil or gas property (if the partner's liability is not limited). General partners that did not materially participate in the oil or gas activity treat this interest as investment interest; for other general partners, it is trade or business interest.
 - Contributions to a capital construction fund. See Pub. 595.
 - The partnership's original issue discount (OID) deduction deferred under section 108(i)(2) that is allowable as a deduction in the current year. The aggregate amount of OID that is deferred is generally allowed as a deduction ratably over the five-year period the deferred COD income is includible in income under section 108(i). For more information, see *Election to defer income from cancelled debt*, earlier.
- Special rule for filers of Form 8865.** Filers of Form 8865, Return of U.S. Persons With Respect to Certain Foreign Partnerships, cannot report a section 108(i) OID deduction on Form 8865, in accordance with the section 108(i) election, unless the foreign

partnership filed a U.S. partnership return and made the election. A foreign partnership must file Form 1065, Form 1065-B, or Form 1065X to make the section 108(i) election. These foreign partnerships also have an annual reporting requirement on Form 1065 or Form 1065-B for each tax year after the election until all items deferred under section 108(i) have been recognized. See Rev. Proc. 2009-37, 2009-36 I.R.B. 309 for details.

If the partnership is engaged solely in the operation of a group investment program, earnings from the operation are not self-employment earnings for either general or limited partners.

General partners. General partners' net earnings (loss) from self-employment do not include:

- Dividends on any shares of stock and interest on any bonds, debentures, notes, etc., unless the dividends or interest are received in the course of a trade or business, such as a dealer in stocks or securities or interest on notes or accounts receivable.
- Rentals from real estate, except rentals of real estate held for sale to customers in the course of a trade or business as a real estate dealer or payments for rooms or space when significant services are provided.
- Royalty income, except royalty income received in the course of a trade or business.

See the instructions for Schedule SE (Form 1040), Self-Employment Tax, for more information.

Limited partners. Generally, a limited partner's share of partnership income (loss) is not included in net earnings (loss) from

self-employment. Limited partners treat as self-employment earnings only guaranteed payments for services they actually rendered to, or on behalf of, the partnership to the extent that those payments are payment for those services.

- **Extraterritorial income exclusion (code P).** If the partnership is not permitted to deduct the extraterritorial income exclusion as a non-separately stated item, attach a statement to Schedule K-1 showing the partner's distributive share of the extraterritorial income exclusion reported on line 52 of Form 8873. Also identify the activity to which the exclusion is related.
- **Other foreign transactions (code Q).** Enter in box 16 of Schedule K-1 any other foreign transaction information the partners need to prepare their tax returns using code Q. Attach a statement that separately identifies any arrangement, along with the taxes paid or accrued in connection with the arrangement, in which the partnership participates that would qualify as a splitter arrangement under Section 909 if one or more partners are covered persons with respect to an entity that took into account related income from the arrangement. Also indicate whether the partnership has taken into account any related income from any such splitter arrangement. (See section 909 and the related regulations.)

Alternative Minimum Tax (AMT) Items

Lines 17a through 17f must be completed for all partners except certain small corporations exempt from the alternative minimum tax (AMT) under section 55(e).

Enter items of income and deductions that are adjustments or tax preference items for the AMT. See Form 6251, *Alternative Minimum Tax—Individuals*; Form 4626, *Alternative Minimum Tax—Corporations*; or Schedule I (Form 1041), *Alternative Minimum Tax—Estates and Trusts*, to determine the amounts to enter and for other information.

Do not include as a tax preference item any qualified expenditures to which an election under section 59(e) may apply. Instead, report these expenditures on line 13c(2). Because these expenditures are subject to an election by each partner, the partnership cannot figure the amount of any tax preference related to them. Instead, the partnership must pass through to each partner in box 13, code J, of Schedule K-1 the information needed to figure the deduction.

Schedule K-1. Report each partner's distributive share of amounts reported on lines 17a through 17f (concerning alternative minimum tax items) in box 17 of Schedule K-1 using codes A through F, respectively. If the partnership is reporting items of income or deduction for oil, gas, and geothermal properties, you may be required to identify these items on a statement attached to Schedule K-1 (see the instructions for *Oil, Gas, and Geothermal Properties—Gross Income and Deductions*, later, for details). Also see the requirement for an attached statement in the instructions for line 17f.

Line 17a. Post-1986 Depreciation Adjustment

Figure the adjustment for line 17a based only on tangible property placed in service after 1986 (and tangible property placed in service after July 31, 1986, and before 1987 for which the partnership elected to use the general depreciation system). Do not make an adjustment for motion picture films, videotapes, sound recordings, certain public utility property (as defined in section 168(f)(2)), property depreciated under the unit-of-production method (or any other method not expressed in a term of years), qualified Indian reservation property, property eligible for a special depreciation allowance, qualified revitalization expenditures, or the section 179 expense deduction.

For property placed in service before 1999, refigure depreciation for the AMT as follows (using the same convention used for the regular tax).

- For section 1250 property (generally, residential rental and nonresidential real property), use the straight line method over 40 years.
- For tangible property (other than section 1250 property) depreciated using the straight line method for the regular tax, use the straight line method over the property's class life. Use 12 years if the property has no class life.
- For any other tangible property, use the 150% declining balance method, switching to the straight line method the first tax year it gives a larger deduction, over the property's AMT class life. Use 12 years if the property has no class life.

Note. See Pub. 946 for a table of class lives.

For property placed in service after 1998, refigure depreciation for the AMT only for property depreciated for the regular tax using the 200% declining balance method. For the AMT, use the 150% declining balance method, switching to the straight line method the first tax year it gives a larger deduction, and the same convention and recovery period used for the regular tax.

Figure the adjustment by subtracting the AMT deduction for depreciation from the regular tax deduction and enter the result on line 17a. If the AMT deduction is more than the regular tax deduction, enter the difference as a negative amount. Depreciation capitalized to inventory must also be refigured using the AMT rules. Include on this line the current year adjustment to income, if any, resulting from the difference.

Line 17b. Adjusted Gain or Loss

If the partnership disposed of any tangible property placed in service after 1986 (or after July 31, 1986, if an election was made to use the General Depreciation System), or if it disposed of a certified pollution control facility placed in service after 1986, refigure the gain or loss from the disposition using the adjusted basis for the AMT. The property's adjusted basis for the AMT is its cost or other basis minus all depreciation or amortization deductions allowed or allowable for the AMT during the current tax year and previous tax years. Enter on this line the difference between the regular tax gain (loss) and the AMT gain (loss). If the AMT gain is less than the regular tax gain, or the AMT loss is more than the regular tax loss, or there is an AMT loss and a regular tax gain, enter the difference as a negative amount.

If any part of the adjustment is allocable to net short-term capital gain (loss), net long-term capital gain (loss), or net section 1231 gain (loss), attach a statement that identifies the amount of the adjustment allocable to each type of gain or loss.

For a net long-term capital gain (loss), also identify the amount of the adjustment that is collectibles (28%) gain (loss).

For a net section 1231 gain (loss), also identify the amount of adjustment that is unrecovered section 1250 gain.

Line 17c. Depletion (Other Than Oil and Gas)

Do not include any depletion on oil and gas wells. The partners must figure their oil and gas depletion deductions and preference items separately under section 613A.

Refigure the depletion deduction under section 611 for mines, wells (other than oil and gas wells), and other natural deposits for the AMT. Percentage depletion is limited to 50% of the taxable income from the property as figured under section 613(a), using only

income and deductions for the AMT. Also, the deduction is limited to the property's adjusted basis at the end of the year as figured for the AMT. Figure this limit separately for each property. When refiguring the property's adjusted basis, take into account any AMT adjustments made this year or in previous years that affect basis (other than the current year's depletion).

Enter the difference between the regular tax and AMT deduction. If the AMT deduction is greater, enter the difference as a negative amount.

Oil, Gas, and Geothermal Properties—Gross Income and Deductions

Generally, the amounts to be entered on lines 17d and 17e are only the income and deductions for oil, gas, and geothermal properties that are used to figure the partnership's ordinary income (loss) (line 22 of Form 1065).

If there are any items of income or deductions for oil, gas, and geothermal properties included in the amounts that are required to be passed through separately to the partners on Schedule K-1 (items not reported on line 1 of Schedule K-1), give each partner a statement that shows, for the box in which the income or deduction is included, the amount of income or deductions included in the total amount for that box. Do not include any of these direct pass-through amounts on line 17d or 17e.

Figure the amounts for lines 17d and 17e separately for oil and gas properties that are not geothermal deposits and for all properties that are geothermal deposits.

Give each partner a statement that shows the separate amounts included in the computation of the amounts on lines 17d and 17e of Schedule K.

Line 17d. Oil, Gas, and Geothermal Properties—Gross Income

Enter the total amount of gross income (within the meaning of section 613(a)) from all oil, gas, and geothermal properties received or accrued during the tax year and included on page 1, Form 1065.

Line 17e. Oil, Gas, and Geothermal Properties—Deductions

Enter any deductions allowed for the AMT that are allocable to oil, gas, and geothermal properties.

Line 17f. Other AMT Items

Attach a statement to Form 1065 and Schedule K-1 that shows other items not shown on lines 17a through 17e that are adjustments or tax preference items or that the partner needs to complete Form 6251, Form 4626, or Schedule I (Form 1041). See

these forms and their instructions to determine the amount to enter.

Other AMT items include the following.

- Accelerated depreciation of real property under pre-1987 rules.
- Accelerated depreciation of leased personal property under pre-1987 rules.
- Long-term contracts entered into after February 28, 1986. Except for certain home construction contracts, the taxable income from these contracts must be figured using the percentage of completion method of accounting for the AMT.
- Losses from tax shelter farm activities. No loss from any tax shelter farm activity is allowed for the AMT.
- Any information needed by certain corporate partners to compute the adjusted current earnings (ACE) adjustment.

Schedule K-1. If you are reporting each partner's distributive share of only one type of AMT item under code F, enter the code with an asterisk (F*) and the dollar amount in the entry space in box 17 and attach a statement that shows the type of AMT item. If you are reporting multiple types of AMT items under code F, enter the code with an asterisk (F*) and enter "STMT" in the entry space in box 17 and attach a statement that shows the dollar amount of each type of AMT item.

Tax-Exempt Income and Nondeductible Expenses

Line 18a. Tax-exempt interest income.

Enter on line 18a tax-exempt interest income, including any exempt-interest dividends received from a mutual fund or other regulated investment company.

Line 18b. Other tax-exempt income.

Enter on line 18b all income of the partnership exempt from tax other than tax-exempt interest.

Line 18c. Nondeductible expenses.

Enter on line 18c nondeductible expenses paid or incurred by the partnership.

Do not include separately stated deductions shown elsewhere on Schedules K and K-1, capital expenditures, or items the deduction for which is deferred to a later tax year.

Schedule K-1. Report in box 18 of Schedule K-1 each partner's distributive share of amounts reported on lines 18a, 18b, and 18c of Schedule K (concerning items affecting partners' basis) using codes A through C, respectively. Attach a statement to Schedule K-1 for the amounts included in line 18b that are exempt by reason of section 892 and describe the nature of the income.

Distributions

Line 19a. Distributions of cash and marketable securities. Enter on line 19a the total distributions to each partner of cash and marketable securities that are treated as money under section 731(c)(1). Also include

the amount of the credits to holders of tax credit bonds that are treated as cash distributions under section 54A(g) and 54AA(f)(2). The instructions for the separate credits (see *Other Credits (Code P)* under *Line 15f Other Credits*) state when the amount of the credit must be reported as a cash distribution. Do not include distributions of section 737 property (see *Distributions subject to section 737 (code B)*, below). Generally, marketable securities are valued at FMV on the date of distribution. However, the value of marketable securities does not include the distributee partner's share of the gain on the securities distributed to that partner. See section 731(c)(3)(B) for details.

If the amount on line 19a includes marketable securities treated as money, state separately on an attached statement to Schedules K and K-1 (a) the partnership's adjusted basis of those securities immediately before the distribution and (b) the FMV of those securities on the date of distribution (excluding the distributee partner's share of the gain on the securities distributed to that partner).

Line 19b. Distributions of other property.

Enter on line 19b the total distributions to each partner of property not included on line 19a. In box 19 of Schedule K-1, distributions of section 737 property will be reported separately from other property. The codes used when reporting amounts from line 19b in box 19 of Schedule K-1 appear in the heading for the categories.

Distributions subject to section 737 (code B).

If a partner contributed section 704(c) built-in gain property within the last 7 years and the partnership made a distribution of property to that partner **other than** the previously contributed built-in gain property, attach a statement to the distributee partner's Schedule K-1 that provides the following information.

- The fair market value of the distributed property (other than money).
- The amount of money received in the distribution.
- The net precontribution gain of the partner. This is the net gain (if any) that would have been recognized by the distributee partner under section 704(c)(1) (B) if all the following property had been distributed by the partnership to another partner. This property includes all property contributed by the distributee partner during the 7 years prior to the distribution and that is still held by the partnership at the time of the distribution (see section 737). For more information, see [Recognition of Precontribution Gain on Certain Partnership Distributions](#), earlier.

Other property (code C). Include all distributions of property not included on line 19a and that are not section 737 property. In computing the amount of the distribution, use the adjusted basis of the property to the partnership immediately before the distribution. In addition, attach a statement showing the adjusted basis and

fair market value of each property distributed.

Schedule K-1. Report in box 19 each partner's distributive share of the amount on line 19a using code A. If a statement is attached, enter an asterisk after the code (A*) and "STMT" in the entry space, and attach the required statement. For line 19b, report distributions subject to section 737 in box 19 using code B with an asterisk (B*) and "STMT" in the entry space, and attach the required statement. For distributions of other property, report each partner's distributive share of the amount in box 19 using code C with an asterisk (C*) and "STMT" in the entry space, and attach the required statement.

Other Information

Lines 20a and 20b. Investment Income and Expenses

Enter on line 20a the investment income included on lines 5, 6a, 7, and 11, of Schedule K. Do not include other portfolio gains or losses on this line.

Investment income includes gross income from property held for investment, the excess of net gain attributable to the disposition of property held for investment over net capital gain from the disposition of property held for investment, any net capital gain from the disposition of property held for investment that each partner elects to include in investment income under section 163(d)(4)(B)(iii), and any qualified dividend income that the partner elects to include in investment income. Generally, investment income and investment expenses do not include any income or expenses from a passive activity. See Regulations section 1.469-2(f)(10) for exceptions.

Property subject to a net lease is not treated as investment property because it is subject to the passive loss rules. Do not reduce investment income by losses from passive activities.

Enter investment expenses on line 20b. Investment expenses are deductible expenses (other than interest) directly connected with the production of investment income. See the instructions for Form 4952 for more information.

Schedule K-1. Report each partner's distributive share of amounts reported on lines 20a and 20b (investment income and expenses) in box 20 of Schedule K-1 using codes A and B, respectively.

If there are other items of investment income or expense included in the amounts that are required to be passed through separately to the partners on Schedule K-1, such as net short-term capital gain or loss, net long-term capital gain or loss, and other portfolio gains or losses, give each partner a statement identifying these amounts.

Line 20c. Other Items and Amounts

Report the following information on a statement attached to Form 1065. On Schedule K-1 enter the appropriate code in box 20 for each information item followed by an asterisk in the left-hand column of the entry space (for example, "C*"). In the right-hand column, enter "STMT." The codes are provided for each information category.

Fuel tax credit information (code C).

Report the number of gallons of each fuel sold or used during the tax year for a nontaxable use qualifying for the credit for taxes paid on fuel, type of use, and the applicable credit per gallon. See Form 4136, Credit for Federal Tax Paid on Fuels, for details.

Qualified rehabilitation expenditures (other than rental real estate) (code D).

Enter total qualified rehabilitation expenditures from activities other than rental real estate activities. See the Instructions for Form 3468 for details on qualified rehabilitation expenditures.

Note. Report qualified rehabilitation expenditures related to rental real estate activities on line 15c.

Schedule K-1. Report each partner's distributive share of qualified rehabilitation expenditures related to activities other than rental real estate activities in box 20 of Schedule K-1 using code D. Attach a statement to Schedule K-1 that provides the information and the partner's distributive share of the amounts the partner will need to complete lines 11b through 11j and line 11m of Form 3468. See the Instructions for Form 3468 for details. If the partnership has expenditures from more than one activity, identify on a statement attached to Schedule K-1 the amount for each separate activity. See [Passive Activity Reporting Requirements](#), earlier.

Basis of energy property (code E). See the Instructions for Form 3468 for details on basis of energy property. In box 20 of Schedule K-1, enter code E followed by an asterisk and enter "STMT" in the entry space for the dollar amount. Attach a statement to Schedule K-1 that provides the information and the partner's distributive share of the amounts the partner will need to figure the amounts to report on lines 12a-d, 12f, 12g, 12i, 12j, 12l, 12m, 12o, and 12q-s of Form 3468. See the Instructions for Form 3468 for details.

Recapture of low-income housing credit (codes F and G). If recapture of part or all of the low-income housing credit is required because (a) the prior year qualified basis of a building decreased or (b) the partnership disposed of a building or part of its interest in a building, see Form 8611, Recapture of Low-Income Housing Credit. Complete lines 1 through 7 of Form 8611 to determine the amount of credit to recapture. Use code F on Schedule K-1 to report recapture of the low-income housing credit from a section

42(j)(5) partnership. Use code G to report recapture of any other low-income housing credit. See the instructions for lines 15a and 15b, earlier, for more information.

Note. If a partner's ownership interest in a building decreased because of a transaction at the partner level, the partnership must provide the necessary information to the partner to enable the partner to figure the recapture.

The disposal of a building or an interest therein will generate a credit recapture unless it is reasonably expected that the building will continue to be operated as a qualified low-income building for the remainder of the building's compliance period.

See Form 8586, Form 8611, and section 42 for more information.

Recapture of investment credit (code H).

Complete and attach Form 4255, Recapture of Investment Credit, when investment credit property is disposed of, or it no longer qualifies for the credit, before the end of the recapture period or the useful life applicable to the property. State the type of property at the top of Form 4255, and complete lines 2, 4, and 5, whether or not any partner is subject to recapture of the credit.

Attach to each Schedule K-1 a separate statement providing the information the partnership is required to show on Form 4255, but list only the partner's distributive share of the cost of the property subject to recapture. Also indicate the lines of Form 4255 on which the partners should report these amounts.

Recapture of other credits (code I). On an attached statement to Schedule K-1, provide any information partners will need to report recapture of credits (other than recapture of low-income housing and investment credit reported on Schedule K-1 using codes F, G, and H). Examples of credits reported using code I when subject to recapture include:

- The qualified plug-in electric vehicle credit. See section 30(e)(5) for details.
- The new markets credit. See Form 8874 and Form 8874-B, Notice of Recapture Event for New Markets Credit, for details.
- The Indian employment credit. See section 45A(d) for details.
- The credit for employer-provided childcare facilities and services. See section 45F(d).
- The alternative motor vehicle credit. See section 30B(h)(8).
- The alternative fuel vehicle refueling property credit. See section 30C(e)(5).
- The new qualified plug-in electric drive motor vehicles credit. See section 30D(f)(5).

Look-back interest—completed long-term contracts (code J). If the partnership is closely held (defined in section 460(b)(4)) and it entered into any long-term contracts after February 28, 1986, that are accounted for under either the percentage of completion-capitalized cost method or the percentage of completion method, it must

attach a statement to Form 1065 showing the information required in items (a) and (b) of the instructions for lines 1 and 3 of Part II of Form 8697. It must also report the amounts for Part II, lines 1 and 3, to its partners. See the Instructions for Form 8697 for more information.

Look-back interest—income forecast method (code K). If the partnership is closely held (defined in section 460(b)(4)) and it depreciated certain property placed in service after September 13, 1995, under the income forecast method, it must attach to Form 1065 the information specified in the instructions for Form 8866, line 2, for the 3rd and 10th tax years beginning after the tax year the property was placed in service. It must also report the line 2 amounts to its partners. See the Instructions for Form 8866 for more details.

Dispositions of property with section 179 deductions (code L). This represents gain or loss on the sale, exchange, or other disposition of property for which a section 179 deduction has been passed through to partners. The partnership must provide all the following information with respect to such dispositions (see the instructions for line 6, earlier).

- Description of the property.
- Date the property was acquired and placed in service.
- Date of the sale or other disposition of the property.
- The partner's share of the gross sales price or amount realized.
- The partner's share of the cost or other basis plus expense of sale (reduced as explained in the instructions for Form 4797, line 21).
- The partner's share of the depreciation allowed or allowable, determined as described in the instructions for Form 4797, line 22, but excluding the section 179 deduction.
- The partner's share of the section 179 deduction (if any) passed through for the property and the partnership's tax year(s) in which the amount was passed through.
- If the disposition is due to a casualty or theft, a statement indicating so, and any additional information needed by the partner.
- For an installment sale made during the partnership's tax year, any information the partner needs to complete Form 6252. The partnership also must separately report the partner's share of all payments received for the property in future tax years. (Installment payments received for sales made in prior tax years should be reported in the same manner used in prior tax years.) See the instructions for Form 6252 for details.

Recapture of section 179 deduction (code M). This amount represents recapture of section 179 deduction if business use of the property dropped to 50% or less before the end of the recapture period. If the business use of any property (placed in service after 1986) for which a section 179 deduction was passed through to partners dropped to 50% or less (for a

reason other than disposition), the partnership must provide all the following information.

- The partner's distributive share of the original basis and depreciation allowed or allowable (not including the section 179 deduction).
- The partner's distributive share of the section 179 deduction (if any) passed through for the property and the partnership's tax year(s) in which the amount was passed through.

See Regulations section 1.179-1(e) for details.

Interest expense for corporate partners (code N). Report as an information item each corporate partner's distributive share of the total amount of interest expense reported elsewhere on this return. A corporate partner's distributive share of interest income, interest expense, and partnership liabilities are treated as income, expense, and liabilities of the corporation for purposes of the limitation on the deduction for interest under section 163(j).

Section 453(l)(3) information (code O). Supply any information needed by a partner to compute the interest due under section 453(l)(3). If the partnership elected to report the dispositions of certain timeshares and residential lots on the installment method, each partner's tax liability must be increased by the partner's distributive share of the interest on tax attributable to the installment payments received during the tax year.

Section 453A(c) information (code P). Supply any information needed by a partner to compute the interest due under section 453A(c). If an obligation arising from the disposition of property to which section 453A applies is outstanding at the close of the year, each partner's tax liability must be increased by the tax due under section 453A(c) on the partner's distributive share of the tax deferred under the installment method.

Section 1260(b) information (code Q). Supply any information needed by a partner to figure the interest due under section 1260(b). If the partnership had gain from certain constructive ownership transactions, each partner's tax liability must be increased by the partner's distributive share of interest due on any deferral of gain recognition. See section 1260(b) for details, including how to figure the interest.

Interest allocable to production expenditures (code R). Supply any information needed by a partner to properly capitalize interest as required by section 263A(f). See [Section 263A uniform capitalization rules](#), earlier, for more information.

CCF nonqualified withdrawal (code S). Report nonqualified withdrawals by the partnership from a capital construction fund to partners. See Pub. 595.

Depletion information—oil and gas (code T). Report gross income and other information relating to oil and gas well

properties to partners to allow them to figure the depletion deduction for oil and gas well properties. Allocate to each partner a proportionate share of the adjusted basis of each partnership oil or gas property. See section 613A(c)(7)(D) for details.

The partnership cannot deduct depletion on oil and gas wells. Each partner must determine the allowable amount to report on his or her return. See Pub. 535 for more information.

Amortization of reforestation costs (code U). Report the amortizable basis of reforestation expenditures paid or incurred before October 23, 2004, for which the partnership elected amortization, and the tax year the amortization began for the current tax year and the 7 preceding tax years. The amortizable basis cannot exceed \$10,000 for each of those tax years.

Unrelated business taxable income (code V). Report any information a partner that is a tax-exempt organization may need to figure its share of unrelated business taxable income under section 512(a)(1) (but excluding any modifications required by paragraphs (8) through (15) of section 512(b)). Partners are required to notify the partnership of their tax-exempt status. See Form 990-T, Exempt Organization Business Income Tax Return, and Pub. 598, Tax on Unrelated Business Income of Exempt Organizations, for more information.

Precontribution gain (loss) (code W). If the partnership distributed any section 704(c) property to any partner **other than** the contributing partner, and the date of the distribution was within 7 years of the date the section 704(c) property was contributed to the partnership, the distribution must be treated as if it were a sale by the contributing partner taking place on the date of the distribution. Section 704(c) property is property that had a fair market value which was either greater or less than the contributing partner's adjusted basis at the time the property was contributed to the partnership. See *Dispositions of Contributed Property*, earlier, for more information. If the partnership made such a distribution during its tax year, attach a statement to the contributing partner's Schedule K-1 that provides the following information.

- The amount of the gain or loss that would have been allocated to the contributing partner if the partnership had sold the section 704(c) property at its fair market value at the time of the distribution. See section 704(c)(1)(B) for details.
 - The character of the gain or loss which would have resulted if the partnership had sold the section 704(c) property to the distributee partner.
- Enter code W in box 20 of Schedule K-1 with an asterisk (W*) and enter "STMT," and attach the required statement.

Section 108(i) information (code X). Report the following.

- For the deferred cancellation of debt (COD) income, report the partner's deferred

amount that has not been included in income in the current or prior tax years.

- For the deferred original issue discount (OID) deduction, report the partner's share of the partnership's OID deduction deferred under section 108(i)(2)(A)(i) that has not been deducted in the current or prior tax years.
- For the section 752(b) distribution, report the partner's share of the deferred section 752 amount that is treated as a distribution of money to the partner under section 752 in the current tax year.
- For the deferred section 752(b) distribution, report the partner's deferred section 752 amount remaining as of the end of the current tax year.

Other information (code Y). Report to each partner:

- Any information a partner that is a publicly traded partnership may need to determine if it meets the 90% qualifying income test of section 7704(c)(2). Partners are required to notify the partnership of their status as a publicly traded partnership.
- If a partner that is a corporation elected under section 168(k)(4) to accelerate the corporation's pre-2006 AMT credit carryforward in lieu of bonus depreciation, it is required to notify the partnership in writing of this election so the partnership can adjust the electing corporate partner's distributive share of partnership items that include bonus depreciation. See Rev. Proc. 2009-16, 2009-6 I.R.B. 449, as modified by Rev. Proc. 2009-33, 2009-29 I.R.B. 150, for more information about the written notification that the electing corporate partner must provide the partnership. The partnership is required to recompute the partner's distributive share of the depreciation on any eligible qualified property or extension property placed in service by the partnership to eliminate bonus depreciation and use the straight line depreciation method for such property. On an attached statement, list each partnership item that includes bonus depreciation and show the electing corporate partner's adjustment for each item that results from the recomputed depreciation and elimination of the bonus depreciation. See section 168(k)(4) for more information.
- If the partnership participates in a transaction that must be disclosed on Form 8886, both the partnership and its partners may be required to file Form 8886. The partnership must determine if any of its partners are required to disclose the transaction and provide those partners with information they will need to file Form 8886. This determination is based on the category(s) under which a transaction qualified for disclosures. See Form 8886 and its instructions for details.
- Compensation to partners deferred under a section 409A nonqualified deferred compensation plan that does not meet the requirements of section 409A. Include in this amount any earnings on these deferrals. This amount must also be included on line 4 of Schedule K, Guaranteed payments. For details, see the regulations under section

409A. These regulations do not provide guidance on the application of section 409A to arrangements between partnerships and partners. For interim guidance on such arrangements, see Q&A-7 in Notice 2005-1, 2005-2 I.R.B. 274, and the information provided in the preamble to these regulations (T.D. 9321). Also see Notice 2006-79, 2006-43 I.R.B. 763, Notice 2007-86, 2007-46 I.R.B. 990, and Notice 2008-113, 2008-51 I.R.B. 1305 for additional information on transitional and relief rules.

- Any income or gain reported on lines 1 through 11 of Schedule K that qualifies as inversion gain, if the partnership is an expatriated entity or is a partner in an expatriated entity. For details, see section 7874. Attach a statement to Form 1065 that shows the amount of each type of income or gain included in the inversion gain. The partnership must report each partner's distributive share of the inversion gain in box 20 of Schedule K-1 using code Y. Attach a statement to Schedule K-1 that shows the partner's distributive share of the amount of each type of income or gain included in the inversion gain.

- Qualifying advanced coal project property. Attach a statement to Schedule K-1 showing the partner's distributive share of the amounts that the partner will use when figuring the amounts to report on lines 5a through 5c of the partner's Form 3468. See the Instructions for Form 3468 for details.

- Qualifying gasification project property. Attach a statement to Schedule K-1 showing the partner's distributive share of the amounts that the partner will use when figuring the amounts to report on lines 6a and 6b of the partner's Form 3468. See the Instructions for Form 3468 for details.

- Qualified advanced energy project credit. Attach a statement to Schedule K-1 showing the partner's distributive share of the amounts that the partner will use when figuring the amount to report on line 7 of the partner's Form 3468. See the Instructions for Form 3468 for details.

- The information needed to complete Schedule P (Form 1120-F), List of Foreign Partner Interests in Partnerships, on an attached statement for a partner that is **(a)** A corporation (identified as a foreign partner under Regulations section 1.1446-1(c)(3)) or **(b)** A partnership (domestic or foreign) if you know, or have reason to know, that one or more of the partners is a foreign corporation. If the partnership allocates effectively connected income to the partner, provide the information needed to complete lines 1 through 9, 12, 13, 14b, 16a, 16b, and 17 of Schedule P (Form 1120-F). If the partnership does not allocate effectively connected income to the partner, provide the information needed to complete lines 12, 13, and 17 of Schedule P (Form 1120-F). The information must be provided in a format which references the specific line numbers on Schedule P for which the information is provided. For more information, see the Instructions for Schedule P (Form 1120-F).

Exceptions. The statement is not required in the following situations.

1. The direct or indirect foreign corporate partner provides the partnership with a valid Form W-8BEN or Form W-8BEN-E (within the meaning of Regulations section 1.1446-2(b)(2)(iii)) on which the corporation claims an exemption from U.S. tax by operation of an income tax treaty or reciprocal agreement on the grounds that none of the income is attributable to a permanent establishment of the partner.

2. The partnership does not allocate any effectively connected income to the partner (foreign corporation or partnership) and the partnership receives a written statement from the partner (corporation or partnership) indicating that the information is not needed to determine its (or its direct or indirect partner(s)) U.S. federal income tax liabilities.

- The partner's distributive share of any conservation reserve program payments made to the partnership.
- If the partnership has deductions attributable to a farming business and receives an applicable subsidy, report the aggregate gross income or gain and the aggregate deductions from the farming business and any information the partners need to comply with the limitation on excess farm losses of certain taxpayers under section 461(j).

- Any other information the partners need to prepare their tax returns.

Analysis of Net Income (Loss)

For each type of partner shown, enter the portion of the amount shown on line 1 that was allocated to that type of partner. Foreign government partners are treated as corporate partners. Report all amounts for LLC members on the line for limited partners. The sum of the amounts shown on line 2 must equal the amount shown on line 1. In addition, the amount on line 1 must equal the amount on line 9, Schedule M-1 (if the partnership is required to complete Schedule M-1). If the partnership files Schedule M-3, the amount on line 1 must equal the amount in column (d) of line 26, Part II.

In classifying partners who are individuals as "active" or "passive," the partnership should apply the rules below. In applying these rules, a partnership should classify each partner to the best of its knowledge and belief. It is assumed that in most cases the level of a particular partner's participation in an activity will be apparent.

1. If the partnership's principal activity is a trade or business, classify a general partner as "active" if the partner materially participated in all partnership trade or business activities; otherwise, classify a general partner as "passive."

2. If the partnership's principal activity consists of a working interest in an oil or gas well, classify a general partner as "active."

3. If the partnership's principal activity is a rental real estate activity, classify a general

partner as "active" if the partner actively participated in all of the partnership's rental real estate activities; otherwise, classify a general partner as "passive."

4. Classify as "passive" all partners in a partnership whose principal activity is a rental activity other than a rental real estate activity.

5. If the partnership's principal activity is a portfolio activity, classify all partners as "active."

6. Classify as "passive" all limited partners in a partnership whose principal activity is a trade or business or rental activity.

7. If the partnership cannot make a reasonable determination whether a partner's participation in a trade or business activity is material or whether a partner's participation in a rental real estate activity is active, classify the partner as "passive."

Schedule L. Balance Sheets per Books

Note. Schedules L, M-1, and M-2 are not required to be completed if the partnership answered "Yes" to question 6 of Schedule B. The balance sheets should agree with the partnership's books and records. Attach a statement explaining any differences. There are additional requirements for completing Schedule L for partnerships that are required to file Schedule M-3 (see the Instructions for Schedule M-3 for details).

Partnerships reporting to the Interstate Commerce Commission (ICC) or to any national, state, municipal, or other public officer may send copies of their balance sheets prescribed by the ICC or national, state, or municipal authorities, as of the beginning and end of the tax year, instead of completing Schedule L. However, statements filed under this procedure must contain sufficient information to enable the IRS to reconstruct a balance sheet similar to that contained on Form 1065 without contacting the partnership during processing.

All amounts on the balance sheet should be reported in U.S. dollars. If the partnership's books and records are kept in a foreign currency, the balance sheet should be translated in accordance with U.S. generally accepted accounting principles (GAAP).

Exception. If the partnership or any qualified business unit of the partnership uses the U.S. dollar approximate separate transactions method, Schedule L should reflect the tax balance sheet prepared and translated into U.S. dollars according to Regulations section 1.985-3(d), and not a U.S. GAAP balance sheet.

Partnerships Required To File Schedule M-3

For partnerships required to file Schedule M-3, the amounts reported on Schedule L must be amounts from financial statements used to complete Schedule M-3. If the partnership prepares non-tax-basis financial statements, Schedule M-3 and Schedule L must report non-tax-basis financial statement amounts. If the partnership does not prepare non-tax-basis financial statements, Schedule L must be based on the partnership's books and records and may show tax-basis balance sheet amounts if the partnership books and records reflect only tax-basis amounts.

Line 5. Tax-Exempt Securities

Include on this line:

1. State and local government obligations, the interest on which is excludable from gross income under section 103(a), and
2. Stock in a mutual fund or other regulated investment company that distributed exempt-interest dividends during the tax year of the partnership.

Line 7a. Loans to partners (or persons related to partners)

Include on this line loans to partners or persons related to partners. Persons are related if they have a relationship specified in sections 267(b) or 707(b). Amounts included here should not be included elsewhere on lines 1 through 14.

Line 14. Total Assets

Generally, total assets at the beginning of the year (Schedule L, line 14, column (b)), must equal total assets at the close of the prior tax year (Schedule L, line 14, column (d)). If total assets at the beginning of the year do not equal total assets at the close of the prior year, attach a statement explaining the difference.

For purposes of measuring total assets at the end of the year, the partnership's assets may not be netted against or reduced by partnership liabilities. In addition, asset amounts may not be reported as a negative number. If the partnership has an interest in another partnership and uses a tax-basis method for Schedule L, it must show as an asset the adjusted basis of its interest in the other partnership and separately show as a liability its share of the other partnership's liabilities (which are included in the computation of its adjusted basis). See the Partner's Instructions for Schedule K-1 for details on how to figure the adjusted basis of a partnership interest. If Schedule L is non-tax-basis, investment in a partnership may be shown as appropriate under the non-tax-basis accounting method of the partnership including, if required by the non-tax-basis accounting method of the partnership, the equity method of accounting for investments, but must be shown as a non-negative amount.

Example. Partnership A prepares a tax-basis Schedule L and is a general partner in Partnership B, a general partnership. Partnership A's adjusted basis in Partnership B at the end of the tax year is \$16 million. Partnership A's share of Partnership B's liabilities is \$20 million, which is included in the \$16 million adjusted basis amount. On its Schedule L, Partnership A must report \$16 million on line 8 as the amount of its investment asset in Partnership B and report on line 20 its \$20 million share of Partnership B's liabilities. These amounts cannot be netted on Schedule L.

Line 18. All Nonrecourse Loans

Nonrecourse loans are those liabilities of the partnership for which no partner bears the economic risk of loss. If the partnership's nonrecourse liabilities include its share of the liabilities of another partnership, the partnership's share of those liabilities must be reflected on line 18.

Line 19a. Loans from partners (or persons related to partners)

Include on this line loans from partners or persons related to partners. Persons are related if they have a relationship specified in sections 267(b) or 707(b). Amounts included here should not be included elsewhere on lines 15 through 22.

Line 20. Other Liabilities

A partnership that is a partner in a tiered partnership must include as a liability on line 20 the partner's share of the tiered partnership's liabilities to the extent they are recourse liabilities to the partner.

Schedule M-1. Reconciliation of Income (Loss) per Books With Income (Loss) per Return

Note. Schedule M-3 may be required instead of Schedule M-1. See [Item J. Schedule C and Schedule M-3](#), earlier. See the Instructions for Schedule M-3 for more information.

Line 2

Report on this line income included on Schedule K, lines 1, 2, 3c, 5, 6a, 7, 8, 9a, 10, and 11, not recorded on the partnership's books this year. Describe each such item of income. Attach a statement if necessary.

Line 3. Guaranteed Payments

Include on this line guaranteed payments shown on Schedule K, line 4 (other than amounts paid for insurance that constitutes medical care for a partner, a partner's spouse, a partner's dependents, and a partner's children under age 27 who are not dependents).

Line 4b. Travel and Entertainment

Include on this line:

- Meal and entertainment expenses not deductible under section 274(n).
- Expenses for the use of an entertainment facility. See section 274(a)(1)(B).
- The part of business gifts over \$25. See section 274(b).
- Expenses of an individual allocable to conventions on cruise ships over \$2,000. See section 274(h)(2).
- Employee achievement awards over \$400. See section 274(j)(2)(A).
- The part of the cost of entertainment tickets that exceeds face value (also subject to 50% limit). See section 274(l)(1)(A).
- The part of the cost of skyboxes that exceeds the face value of nonluxury box seat tickets. See section 274(l)(2).
- The part of the cost of luxury water travel expenses not deductible under section 274(m). See section 274(m)(1)(A).
- Expenses for travel as a form of education. See section 274(m)(2).
- Nondeductible club dues. See section 274(a)(3).
- Other nondeductible travel and entertainment expenses.

Schedule M-2. Analysis of Partners' Capital Accounts

Show what caused the changes during the tax year in the partners' capital accounts as reflected on the partnership's books and records. The amounts on Schedule M-2 should equal the total of the amounts reported in item L of all the partners' Schedules K-1.

The partnership may use tax-basis amounts or apply the rules in Regulations section 1.704-1(b)(2)(iv) to determine the partners' capital accounts in Schedule M-2 and item L of the partners' Schedules K-1. If the beginning and ending capital accounts reported under these rules differ from the amounts reported on Schedule L, attach a statement reconciling any differences.

Line 2. Capital Contributed During Year

Include on line 2a the amount of money contributed and on line 2b the amount of property contributed by each partner to the partnership as reflected on the partnership's books and records.

Line 3. Net Income (Loss) per Books

Enter on line 3 the net income (loss) shown on the partnership books used in maintaining the partner's capital accounts for purposes of Schedule K-1.

Line 6. Distributions

Line 6a. Cash. Enter the amount of money distributed to each partner by the partnership. For purposes of line 6a, "money" includes marketable securities, as described in section 731(c).

Line 6b. Property. Enter the amount of property distributed to each partner by the

partnership as reflected on the partnership's books and records. Include withdrawals from inventory for the personal use of a partner.

Codes for Principal Business Activity and Principal Product or Service

This list of Principal Business Activities and their associated codes is designed to classify an enterprise by the type of activity in which it is engaged to facilitate the administration of the Internal Revenue Code. These Principal Business Activity Codes are based on the North American Industry Classification System.

Using the list of activities and codes below, determine from which activity the business derives the largest percentage of its "total receipts." Total receipts is defined as the sum of gross receipts or sales (page 1, line 1a); all other income (page 1, lines 4 through 7); income reported on Schedule K, lines 3a, 5, 6a, and 7; income or net gain reported on Schedule K, lines 8, 9a, 10, and 11; and income or net gain reported on Form 8825, lines 2, 19, and 20a. If the business purchases raw materials and supplies them to a subcontractor to produce the finished product, but retains title to the product, the business is considered a

manufacturer and must use one of the manufacturing codes (31110-33990).

Once the Principal Business Activity is determined, enter the six-digit code from the list below on page 1, item C. Also enter the business activity in item A and a brief description of the principal product or service of the business in item B.
