Hurricane Jeanne Situation Report #9
September 30, 2004 (10:00 AM EDT)**

HIGHLIGHTS

- Currently, six percent or 549,590 customers in Florida remain without power. See tables below for county outages and restoration schedules.
- Outages from Hurricane Ivan have been reduced to 20,087. As of 8PM EDT 9/29 Gulf Power announced that “after 13 days of hard work, long hours and dangerous working conditions, the company had completed the major power restoration after Hurricane Ivan.”
- Florida Power and Light has approximately 14,000 people working on power restoration with plans of completion by 10/12.
- Progress Energy has been able to accelerate its restoration estimates, and all customers capable of receiving service will now have power restored no later than midnight Friday 10/1. On this schedule, crews will have restored power more quickly during Jeanne than for both Charley and Frances.
- OEA continues to staff the ESF-12 desk in Orlando and at the FLEOC in Tallahassee.

ELECTRIC INFORMATION [Report based on company websites and Florida EOC information 9/30/04 7:30 AM EDT]

- Florida Power and Light reports that the total number of customers restored now stands at 1,451,100. Currently, 286,300 (7%) remain without power.
- Progress Energy reports 64,129 (4%) customers are without power, down from a peak of 722,000.
- Tampa Electric reports 63,700 (10%) customer outages down from a peak of 285,000. Tampa Electric expects to restore 95 percent of the remaining customers by Sunday.
- Outages for Florida municipals are at 92,700, while cooperatives report outages of 42,761 customers.
