Welcome to MHV, you have taken the first step of becoming an active team player for your VA health care.

MHV is a web-based program designed specifically for Veterans, their families and VA employees. Upon activation of your MHV account and In-Person Authentication (IPA) registration, you will enjoy the following:

- refilling your prescriptions online
- viewing calendar of events
- researching health using the website's medical databases
- receiving wellness reminders targeted to your specific health issues, and much more.

There are two tiers to becoming an active health care participant.

Tier 1: Create a MHV account. Please read our brochure with step-by-step instructions for creating a MHV account. The brochure is available on our website at:

<http://www.phoenix.va.gov/docs/mhv.pdf>

Tier 2: Now that you have created a MHV account, you are ready to complete the final step in order to be able to enjoy all the services MHV provides. Please read the step-by-step instructions for completing the IPA registration. Instructions are available on our website at:

Congratulations, you have completed the MHV process; you are now an active team player for your VA medical care!
