Project Description

The Teton Canyon Road is located approximately five miles north of Choteau, MT off of Highway 89. The road heads west to access Eureka Reservoir, Lewis and Clark National Forest, and Teton Pass Ski Resort. Work under this project consists of repaving the first 18 miles to a consistent width, flattening side slopes to increase safety, replacing culverts, and replacing and updating road signs and pavement striping. The scheduled completion date for the project is November 15, 2011.

Road Surface conditions

The road has been paved to a consistent 10 ft lane width with 2 ft shoulders. All striping and permanent traffic control signs have been installed. Pavement ends after 18 miles.

Current and Upcoming Work

All road work has been completed as of November 15th. All maintenance and plowing duties have been handed back to Teton County.

Traffic Delays

There are no traffic delays. The speed limit has been restored to 55mph, as posted.

The Storm Water Pollution Prevention Plan (SWPPP) for this project is available for viewing at the Office of the Project Engineer, located at 820 N. Main in Choteau.
