Resident Guidelines
The Falcon Group

Dear Resident,

We are pleased you chose this community as your new home. We have established these Resident Guidelines with your comfort, convenience and safety in mind. Included among these general resident guidelines, which are for the Falcon Group project, including The Landings at Patrick, The Landings at Moody, The Landings at Hanscom and the Landings at Little Rock, are references to guidelines for amenities that may or may not be available at your community.

HP Communities, LLC (HPC) is the Ownership entity for your housing; on-site professional property management services are provided to you through your local leasing/management center. For the purpose of these guidelines, we will refer to you, the "Resident," as being any person who is listed as a resident on a valid and current lease agreement, and entitled to occupy the home and a "suitable and responsible representative" as a person 18 years of age or older who is authorized by a parent, guardian, or legal custodian. It will be the responsibility of you, the Resident, to ensure all your occupants, guests, invitees and others present at the Community comply with all the provisions of your Lease and the Resident Guidelines.

From time to time, we may make reasonable guideline changes, which will be coordinated in advance with the local Air Force Housing Management Office and distributed on your property's website. In case of any inconsistency between your Lease Agreement and these Guidelines, the Lease Agreement will prevail.

Thank you,

Your Management Staff

Revised July, 2011 and supersedes all prior versions

1. LEASE PROVISIONS

1.1. Number of Occupants

To assure quality service and amenities, the number of occupants per home will be limited to two individuals per bedroom. A newborn under the age of 6 months is not included in occupancy limits. The occupancy limit will be waived for active duty military personnel who are heads of household and whose immediate family (spouse and declared family members) exceeds the two-persons-per-bedroom standard. The waiver of occupancy limit does not include extended families (i.e. grandparents, aunts, uncles, nieces, nephews, cousins, etc.) It is the responsibility of the Resident to inform management, if or when, the number of people residing in their home exceeds occupancy limits. Failure to do so will constitute a violation of the Lease Agreement.

1.2. Inter-community Transfers

The Community Director may approve transfers requested by a Resident from one home to another and in such instances a new Lease Agreement will be signed. The vacated home will be inspected and must be left in the condition described in your Move-Out Instructions. We will assess charges for damages beyond normal wear and tear as applicable and will require they be paid upon request, unless such damages would otherwise be repaired or replaced through a scheduled renovation or replacement prior to occupancy by another Resident.

2. POLICIES FOR RECREATIONAL AREAS

2.1 Supervision of Minors

The policies regarding the supervision of minors will be the same as the policy adopted by the AF Base. The current policy can be obtained from your local Landings community website. Residents are advised to exercise their own prudent judgment as a reasonable parent with respect to the unsupervised use of the facilities by minors. Neither HPC or owner, by establishing the minimum requirements contained in these policies, are in any manner representing, guaranteeing or ensuring the safety of any persons when participating in the activities or utilizing the facilities of the community with or without supervision.

2.2. Pools (if provided)

Swimming Pools: We ask that all Residents and their guests observe the posted pool regulations as established by the City/County. For health and safety reasons, we require all persons under the age of fourteen (14) years old be accompanied and supervised by a parent, guardian or legal custodian, or a suitable and responsible representative, at all times.

A Resident must accompany their guests at all times. For the comfort and pleasure of all Residents, radio and CD players may only be used with earphones. All Residents and their guests are asked to refrain from loud or profane language and to conduct themselves in a manner which is not offensive to those around them.

Wading Pools: Wading pools, owned by the resident, are authorized. A wading pool is defined as less than 14 inches in depth, 8 feet in diameter, or 8 feet in its longest dimension. Pools cannot be left out overnight or unattended at any time while there is water in the pool.

Personal whirlpools/spas are not allowed. Yards will be restored to original condition when a wading pool is removed. Remember a child can drown in one inch of water. Children depend on adults for their safety and well being. It is suggested you contact your AFB legal office regarding liability.

2.3 HPC Provided Sport and Recreational Areas/Fitness Center

While all Residents and occupants may use the sports and recreational areas, persons under the age of 12 must be accompanied and supervised by a parent, guardian, or legal custodian, or a suitable and responsible authorized representative, at all times. Residents may check out equipment from the HPC Management Office during office hours; proof of residency is required. We require a valid driver's license or other identification be left at the HPC Management Office and all equipment be returned before closing. Use of sport and recreational areas are at your own risk and all Residents must expressly understand Management is to be held harmless for any and all injuries, accidents, or losses suffered while using facilities. The HPC Management Office will make no warranties concerning the equipment or facilities and Residents agree no representations are being made as to the safety, desirability or quality of equipment or facilities. Residents and their guests or occupants will be responsible for the cost of any repair or service on equipment or facilities due to misuse. Sport and recreational areas and the Fitness Centers are provided for the use and enjoyment of all Residents. Any Resident, occupant and/or guest(s) behaving in an unreasonable, illegal and/or offensive manner will be required to leave those common areas and such conduct shall constitute a breach of the Lease Agreement. Management reserves the right to limit the use of facilities. To ensure space for all Residents, we ask you do not invite more than two guests to accompany you while using these facilities.

2.4 Policies for Common Areas

All common areas, including but not limited to parking lots, stairwells, jogging trails, the grounds surrounding your home, clubrooms, sport courts, creeks, lakes and pools must be kept clear at all times of trash, refuse and other obstructions. Please be aware all items left unattended in common areas may be removed and disposed of at the discretion of management personnel without notification. Common areas are for the use and enjoyment of all Residents. Any Resident, occupant and/or guest(s) behaving in an unreasonable, illegal and/or offensive manner will be required to leave the common areas and such conduct shall constitute a breach of the Lease Agreement. Management reserves the right to limit the use of the Common Areas.

2.4.1 Motor Vehicles and Parking

When entering or leaving the community, we ask you to operate your vehicle at the posted speed limit and observe all posted parking policies. All parking is unassigned, unless otherwise specified in your Lease.

The parking lots, streets and driveways are for the parking of personal automobiles, motorcycles, vans or pickup trucks belonging to or used by the Residents and occupants of the community. Cars without valid license plates will be subject to towing. The use of parking lots, streets and driveways for any other purpose, such as parking or storage of commercial vehicles, taxi cabs, limousines, buses, friends' vehicles or repair of motor vehicles (including oil changes), is expressly prohibited

anywhere in the community (including private garages). If there is a designated parking area on site, boats, trailers, large trucks and large motor homes may be parked there when registered with the HPC Management Office.

Local fire codes prohibit the parking of motorcycles on sidewalks, patios or inside your home. Please do not park in designated fire lanes, handicapped spaces (unless authorized to do so) or block trash receptacles. Such action is a violation of local ordinances and vehicle will be towed at the owner's expense. Any vehicle towed may be subject to additional fines. All abandoned, inoperable vehicles and/or vehicles with expired registration are subject to being towed. In addition, any vehicle with an alarm system which malfunctions and/or sounds continuously for one hour, or intermittently for a period of three hours, is subject to being towed.

2.4.2 Recreational Vehicle Parking

Residents should contact the Recreational parking facility to get a reserved parking space in the RV parking lot on the main base for an administration fee. Recreational vehicles are allowed in the HPC housing area only up to twenty-four (24) hours before and after use of the vehicle for prep and clean up time unless registered with the HPC Management Office and parked in a designated area.

3. ACCESS TO DWELLING

The Management Office must approve any change of or additions to home locks. It is imperative we have access to your home in order to handle emergency situations; therefore, it is necessary for your manager to have a copy of any and all keys to your home. The landlord is required to give the Resident twenty-four (24) hours notice of intent to enter the residence for non-work order requested work. Resident is not entitled to such notice in the case of an emergency. Whenever management personnel or exterminators enter your home to perform work, a copy of the service request will be left in your home to let you know what work was performed.

We require written permission be supplied to management by Resident listed on the Lease in order to give access to a home. Management cannot give access to delivery companies, moving van representatives, out-of-town guests and relatives without such written permission.

To keep your disposal in good working order, please turn on cold water before starting your disposal and do not grind bones, rinds, pasta, potato peelings, grease or stringy foods. In addition, we ask you to please use a cutting board rather than chopping and cutting on the kitchen countertops. Residents are allowed to use waterbeds on the ground level, but only with proof of private insurance to cover any possible damages from waterbeds.

Structures such as dog runs, satellite dishes and storage sheds are not allowed without prior written approval from management. Personal whirlpools/spas are not allowed. While private wading/swimming pools are allowed, they cannot be left out over night or unattended at any time while there is water in the pool. not cured by date stated, Management will charge the resident a fee depending on work performed by the Landlord to return the yard to the standards listed above. The fee will be due immediately upon request or will be included in the rent due to the Landlord on the first of the month following the violation.

The Resident agrees that the detectors are acceptable, subject to HPC's duty to make needed repairs of same upon written request of Resident (see section 8.2). Residents are encouraged to use the basketball courts and playing fields that are provided throughout the housing areas and in the community recreation centers. Basketball goals are not allowed to be stored in the common areas.

7.10 Storage Sheds

Requests for storage sheds should be addressed to the management office. Only sheds approved by HPC are allowed, and all sheds must be purchased or rented by the Resident. Sheds may only be placed in an approved location and must not be visible from the front of the home. A written request to erect a trampoline must be submitted to HPC and written approval must be granted prior to installation. Approved installation prior to June, 2011 will be grandfathered. Residents are

encouraged to secure additional liability insurance to cover any injuries that may occur as a result of trampoline usage.

The displaying of the flag of The United States of America is encouraged. Other than the flag located at the Installation Commander's home, installation of all flags will be restricted in location to either the exterior wall near the front entrance door of the home or attached to the exterior wall near the garage entrance door. Flags are restricted in size to no larger than 36" x 48." Flag holders are to be purchased by the resident, but installation is to be done only by property maintenance staff via a work order request. This "lights out" policy occurs annually from May 1 –October 31. During these dates, from dusk to dawn daily, residents must extinguish all exterior non-turtle approved lighting. Residents are not allowed to have open fires of any kind and must keep all blinds closed to reduce light emissions from their home that may cause turtle hatchling disorientation, thus endangering the species.

Any statutes, directives, regulations, or instructions referenced above shall be deemed to refer to such authorities as in effect on the Commencement Date, as the same may be amended, supplemented or superseded from time to time.

Anything contained in this Lease to the contrary notwithstanding, the Commander has the right at all times to order the permanent removal and barment of anyone from the Base, including but not limited to Residents, if he or she believes, in his or her sole discretion, that the continued presence on the Base of that person represents a threat to the security or mission of the Base, poses a threat to the health, welfare, safety, or security of persons occupying the Base or compromises good order and/or discipline on the Base.

11. RESIDENT BACKGROUND CHECKS

Prior to entering into a Resident lease with any Resident applicant who does not have unrestricted and unsupervised AFB access, the (Project Owner) PO must request and receive

confirmation from the Installation Security Forces that the applicant and any other individuals over the prescribed age as set forth by the Installation Security Forces who shall occupy the Premises (the privatized house) meet the Installation's security eligibility requirements. The Installation's security eligibility requirements for Resident applicants and the process for screening Resident applicants and notifying the PO of Resident applicant eligibility shall mirror the security eligibility requirements, screening process, and notification process that the AFB uses for employees of Government contractors or other members of the general public with unrestricted and unsupervised AFB access. The Installation Commander has the authority to implement additional security requirements as needed. If the AFB does not conduct criminal background checks for individuals with unrestricted and unsupervised AFB access, the PO shall conduct commercially reasonable criminal background checks on Resident applicants and other prospective occupants.
