

Bedrock and Surficial Geology

- CWSA Boundary
- Primary road
- Secondary road
- Water
- Mine Shaft
- Eolian deposits
- Alluvium/Colluvium
- Older Alluvial Deposits
- Duchesne River/Uinta Fm.
- Green River Formation
- Gilsonite Veins
- Axis of Anticline (inferred)
- Transect of geologic cross-section

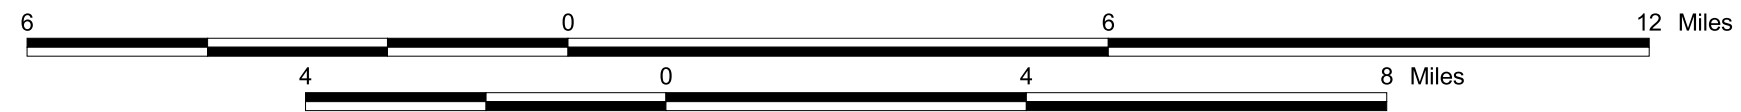

Figure 3.1-2. Geology within and near the CWSA (from Hintze, 1980).
