

Emergency Management Institute Advanced Professional Series

Applying Professional Emergency
Operations and Management Skills

Prevention • Protection • Mitigation • Response • Recovery

FEMA

The Advanced Professional Series

The Advanced Professional Series was established to motivate and challenge students to continue emergency management training.

These classroom courses build practical disaster management and coordination skills.

Contact your State Training Officer for a schedule of offerings.

Students who complete the 5 required courses and any 5 of 16 elective courses are eligible to receive the EMI Advanced Professional Series Certificate of Completion.

<http://training.fema.gov/emiweb/APS>

How to Receive Your Certificate of Completion

When you have completed the series, requests for the Certificate of Completion must be sent first to the State emergency management agency for verification.

Include date and place, as well as name of the course manager, for each course completed.

The State agency will then send the request to the Emergency Management Institute (EMI) for a Certificate of Completion. This is signed by the EMI Superintendent and sent to the State Director for signature and award to the Student.
