

The Department of Historic Resources concurs with Archaeological and Architectural Areas of Potential Effect depicted in the maps contained in this correspondence and described below:

The Area of Potential Effect (APE) is the geographic area, or areas, within which an undertaking may cause changes in the character or use of historic properties, if any such properties exist. For this project, the FHWA has established separate APEs for archaeological and architectural resources.

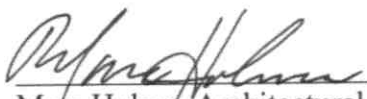

#### Archaeological APE

The APE for archaeological resources is considered the area with potential direct effects. The archaeological APE generally includes those areas extending 50 feet from the proposed roadway construction limits, as well as extended areas for:

- The existing section of Route 1 that would be abandoned after construction of the Southern Bypass.
- The entire National Trust for Historic Preservation property which could be impacted by the relocation of Woodlawn Stables and the implementation of other mitigation measures.
- Proposed stormwater management facilities, noise abatement walls, and staging areas, to the extent that such areas have currently been identified.

#### Architectural APE

The APE for architectural resources is considered the area with the potential for direct impacts (as described above) or indirect effects, including visual and auditory effects. The architectural APE encompasses all above-ground resources (dwellings, buildings, bridges, culverts, etc.) in those areas extending 500 feet on either side of the proposed construction limits or extending to the boundaries of adjacent NRHP-listed or eligible properties and districts, if such boundaries exceed 500 feet from the proposed construction limits.

- Table 5.1-1 of the *Architectural Survey of Proposed Area of Potential Effects, Route 1 Improvements at Fort Belvoir (Telegraph Road to Mount Vernon Memorial Highway), Fairfax County, Virginia* (CCR, 2012) contains an accurate National Register of Historic Places eligibility status determination for architectural properties within or adjacent to the APE; however, a determination of eligibility for two properties, Odd Fellows Hall (029-05691) and Accotink Methodist Church and Cemetery (029-0597), should not be made until additional studies are completed. Additionally, the Village of Accotink is considered *not eligible* for inclusion in the NRHP as an historic district
- Contributing resources to the Woodlawn Historic District (029-5181) include Woodlawn Plantation (029-0056), Grand View (029-0062), Woodlawn Baptist Church and Cemetery (029-0070), Sharpe Stable Complex Dairy, Corncrib, Stable and Bank Barn (029-5181-0005), Otis Tufton Mason House (029-5181-0006), Pope-Leighey House (029-0058), Woodlawn Baptist Church Cemetery (44FX1212), Woodlawn Quaker Meeting House (029-0172) and Cemetery (44FX1211), and George Washington's Distillery and Gristmill (029-0330).
