

Grafenwoehr ES Open House September 2012

Parents and students of Grafenwoehr ES packed the halls for its annual open house. Activities were plentiful as teachers were able to showcase their classrooms while providing parents with information that will be beneficial this school year. A popular theme in several classrooms was the scavenger hunt, where students had an opportunity to lead their parents to various points in the classroom as well as other areas of campus in an effort to provide greater familiarity with the school.
