

Grafenwoehr ES STAR Assembly #1 – September 2012

Students at GES were honored at the first STAR Assembly of the school year. As described below, students are recognized from members of the GES faculty and staff for demonstrating STAR behavior. The assembly was filled with joyous students and staff members as we all celebrated the benefits of positive behavior.

Students were encouraged to shoot for the moon. Even if they missed, they would land among the STARS.

_____ was
caught being a STAR in the FALL of
2012.

Safety

Try my best

Act Responsibly

Respect myself, others,
and the environment
