

TRANSIT SYSTEM SECURITY (FT00432)

The Florida Department of Transportation's Florida Statewide Transit Training and Technical Assistance Program, administered by the Center for Urban Transportation Research, will be presenting the USDOT Transportation Safety Institute's *Transit System Security (FT00432)*.

DATE:

March 11-15, 2013

HOST AGENCY:

Center for Urban Transportation Research
4202 E. Fowler Avenue – Room 102
Tampa, FL 33620
(813) 974-3120
www.cutr.usf.edu

COURSE DESCRIPTION:

Participants will receive the necessary information to develop a System Security Plan and implement the program. They will be shown how to use resources to reduce crime and improve customer and employee security. This course provides a uniform format for developing and implementing security policies and procedures through a System Security Plan with crime prevention as the major component.

Included are basic security terms, the eight steps in threat and vulnerability identification, and resolution process. It also addresses security in all stages of the system lifecycle, agency policies and procedures, managing special security issues, and various types of transit security staffing. This training offers 3.4 CEUs.

CLASS TIMES:

Monday from 8:00am - 4:30pm; Tuesday-Thursday from 7:30am-4:30pm; Friday from 8:30am-noon.

WHO SHOULD ATTEND:

Security plan developers, SSO personnel, Human Resource personnel, Procurement personnel, Security Plan personnel, Safety directors, Risk Management personnel, Operations personnel, Transit Security personnel, General Managers, Maintenance personnel, Security technology personnel

FEES:

There are no fees to attend this course for current employees of a Florida public transit agency and who meet criteria identified in the Transit Training Policies and Procedures.

HOW YOU WILL BENEFIT:

- Introduction to system security
- Why transit security
- Terrorist acts against transit
- Transit security countermeasures
- Development of a System Security Plan and security policies and procedures
- Threat and vulnerability assessment (TVA)
- Procurement and security activities
- Incident command system and coordination of response efforts and resources (NIMS/NRP)
- Group exercises: security issues and TVA/Security Assessment
- Pretest, quiz, final exam

Registration Deadline is Friday, February 8, 2013. USF is an Equal Opportunity/Equal Access Institution. For disability accommodations, please contact Molly Buffington at buffington@cutr.usf.edu a minimum of ten (10) working days in advance to the training session. To review policies and procedures of the training programs visit [Transit Training Policies & Procedures](#).

HOW TO REGISTER:

We are pleased to announce the launch of the Florida Department of Transportation's Office of Freight, Logistics and Passengers Operations new Learning Management System (LMS)

Transportation Learning.

This new, online registration and training management system will provide Florida's public transportation professional a portal to manage their professional development. Florida's public transportation professionals may set up a unique User ID and password to register online for upcoming transit training courses, including e-learning courses.

Transportation Learning manages training for you by keeping an educational transcript of all new courses that you complete, and a retrievable record is maintained so you may access (with a User ID and password) Certificates of Completion, Certificates of Participation, retrieve course materials, etc. **Transportation Learning** will serve as the new method to register for new, online and classroom training courses.

Please follow the instructions below to setup your unique User ID and password. Once you have a User ID and password, you can register for training courses.

Go to the Transportation Learning website: <http://www.transportationlearning.org/>

New Users

- If you are a new user, select the "Sign Up" button and use the Key ID and Password below to create an account.
 - **In the Key ID field please enter: fltat**
 - **In the password field please enter: tat01**
- You will then be prompted to create your own unique User ID and password. Begin by entering the requested information.
- When you complete this enrollment page you will see a message that confirms your new User ID and password. This message will also be emailed to you so that you have a copy of it in case you forget.
- The last step is to log in with your new User ID and password.
- When the dashboard appears, select "Add New Course" to enroll in desired course. Once enrolled, the course will appear under new "My Courses"

Returning Users

- If you are a returning user, simply type your User ID and password.
- If you have forgotten your User ID and/or password, select "Lost your Password" to request a copy of your password.

If you return later to start training or to continue a partially completed course, you must log in with your unique User ID and password. If you use a different or the same enrollment key again you will be creating a duplicate account and will have to start your training from the beginning.
