Mr. John A. Volpe, Ph.D., Manager
Radiation Health and Toxic Agents Branch
Cabinet for Health Services
275 East Main Street
Frankfort, KY 40621-0001

Dear Dr. Volpe:

As requested, we have reviewed the proposed Kentucky Administrative Regulations (902 KAR 100) amendment, received electronically on November 19, 2001. The proposed regulations are in response to the two amendments identified in the enclosed State Regulations Status (SRS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Part 20. We also discussed our review of the regulations with you on November 26, 2001.

As a result of our review, we have no comments regarding compatibility but we have included six suggested editorial changes. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted without other significant change, they would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure [SA-200](#).

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure [SA-201](#), *Review of State Regulatory Requirements*, please highlight the final changes and send one hard copy to STP.

The SRS Data Sheet summarizes our knowledge of other Kentucky regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter including the SRS Data Sheet is posted on the STP Web Site: <http://www.hsrp.ornl.gov/nrc/rulemaking.htm>

If you have any questions regarding the comments, the compatibility and health categories, or any of the NRC regulations used in the review, please contact me or Richard Woodruff, Region II, at (404) 562-4707 or RLW@NRC.GOV.

Sincerely,

/RA/

Josephine M. Piccone, Deputy Director
Office of State and Tribal Programs

Editorial Comments

1. (Page 15) Section 10.4(a) uses term: "for example." NRC uses in Appendix G, Part 20, l.a: "i.e." which means "that is" not "for example."
2. (Page 23) Section 10.13(l) refers to subsection (16); it should be (17).
3. (Page 24) Section 10.14(g) refers to subsection (16); it should be (17).
4. (Page 25) Section 10.15(b)(2) refers to subsection (16); it should be (11).
5. (Page 24) Section 10.15(j) refers to subsection (16); it should be (17).
6. 902 KAR 100:010 contains definitions for this section, but does not include the definitions required by amendment 64 FR 55525. However, the required State implementation date is 2/2/03. These are not required at this time but will be after that date.
