Mr. Robert Walker, Radiation Control Director
Department of Public Health
Center for Environmental Health
Radiation Control Program
Schrafft Center, Suite 1M2A
529 Main Street,
Charlestown, MA 02129

Dear Mr. Walker:

We have reviewed the final revision to the Massachusetts regulations, "*Massachusetts Regulation for the Control of Radiation*", received by our office on October 24, 2006. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules in 10 CFR Parts 19, 20, 30, 31, 32, 34, 35, 36, 39, 40, 61,70, and 150 and the requirements of the 18 amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Mr. Salifu Dakubu on November 29, 2006.

As a result of our review, we have two comments that have been identified in the enclosure. Both comments, were previously identified in the letter dated January 21, 2005. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that if these regulations are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure [SA-200](#).

We request that when you revise your regulations to address our comments, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, "Review of State Regulatory Requirements," please highlight the location of any changes made by Massachusetts, in response to our comments and provide a copy to Division of Materials Safety and State Agreements, Office of Federal and State Materials and Environmental Management Programs (FSME) (see letter [FSME 06-094](#) dated October 6, 2006 for further information).

The SRS Data Sheet summarizes our knowledge of the status of other Massachusetts regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the FSME website: <http://www.hsrp.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact Kathleen Schneider, State Regulation Review Coordinator at 301-415-2320 (e-mail: kxs@nrc.gov), or Andrea Jones at 301-415-2309 (e-mail: arj@nrc.gov).

Sincerely,

RA BY SWMoore
