Dear Mr. Peterson:

We have reviewed the final South Carolina regulations South Carolina Radiological Health Rules 61-63, "Title A", which became effective on December 27, 2002, and were provided to us for review in a letter dated on February 19, 2003. The final regulations are in response to the four amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Part 20, 30, 31, 32, 34, 36, and 39. In addition, we reviewed our November 20, 2002 letter to you that addressed the proposed regulations. We discussed our review of the regulations with Melinda Bradshaw on March 12, 2003.

As a result of the NRC review, we have determined that the South Carolina regulations, as adopted, meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure [SA-200](#).

The SRS Data Sheet summarizes our knowledge of the status of other South Carolina regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the STP website: <http://www.hrsd.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me, or John Zabko of my staff at (301)415-2308 or JGZ@NRC.GOV.

Sincerely,
